

Naturally Lohas Products

Germanium, NanoPlatinum, AnionInfaredradiation, Antimicrobial
No addition of preservative, No Irritating skin

Company Profile

Our company has researched and developed a range of functional cosmetics targeting a world-wide market and possesses a special patent(No.10-1026304). Our main products, Germanium Energy Shampoo, Conditioner and Body Cleanser, which have monovalence, no skin irritation, adding no preservatives, obtained 12 article certifications met by officially authenticated governmental exam tests, adding no preservatives and no carcinogens harmful to humans. They are made from eco-friendly materials such as germanium, platinum-nano, energy-water, magnetizing functional water with minerals and natural preservatives. They also contain American FDA safety approval material(No.03280401B). So the Germanium Energy Shampoo and? Conditioner have wonderful effects on hair-loss prevention, dandruff, itchinness and the Germanium Energy Body Cleanser has a great effect on other varied skin problems. Our Products are also currently been exporting to the USA and we have completed an export contract with 20 countries including Canada.

History

- 2004. 07 Green Product shopping mall Open.
- 2008. 11 Cosmetic patent for 3 year research.
- 2009. 01 11 kinds of functional cosmetics official certification test report.
- 2009. 08 Export contracts for Middle East Countries and Canada.
- 2010. 09 U.S. functional cosmetics exports.
- 2011. 03 Cosmetics patent(No.10-1025304)
- 2011. 05 HIT500 items selected by Small and medium.
Industry promotion corporation.
Ready for exporting to Russia, China, Europe.
Ready for launching domestic homeshopping malls.

Anion Shampoo, Conditioner, body Cleanser

Features

The most important feature is an eco-friendly product that doesn't use chemical preservatives to cause carcinogens, and it helps recovery from fatigue by removing active oxygen, fatigue substance in blood through anions called vitamin in the air. In particular, Shampoo Conditioner has an excellent effect in anti-hair loss, anti-dandruff and anti-itching, etc., and Body Cleanser has an excellent effect in moisturizing and anti-trouble of the skin. Germanium composition transmits rich mineral and oxygen deep into the scalp, hair and skin to soften and refresh damaged scalp, hair and skin. In addition, platinum nano-ingredients have an excellent antimicrobial effect in sterilizing bacteria such as pneumonia E. coli, food poisoning bacteria, etc. which are parasitic on the scalp and hair and skin to protect scalp and damaged hair and skin from bacteria.

Effects and How to Use

Apply shampoo to wet hair, make foam, gently massage and then rinse it. For Conditioner, massage it into hair and then rinse it sufficiently with lukewarm water.

For Body Cleanser, take moderate amount at the shower or sponge, make foam and rub it in the whole body like a massage and then rinse it with clean water.

Skin + Lotion + Cream + Essence + Eye Cream

The Efficacy of RHAEL's Ingredients

Skin and Dehydration

The moderners' skin is exposed to radical changes in the environment, such as UV rays, air conditioning, sweat, dryness, and other adverse conditions. Therefore, the skin always suffers dehydration, with the stratum corneum unable to easily discharge wastes from the body. This causes diminished rejuvenation capabilities of skin, resulting in skin-ageing, and the formation of wrinkles. RHAEL, a skin care line of SKYLOHAS, offers a line of professional moisturizing products especially designed for the suppression of the formation of wrinkles, reduction of wrinkles, and the prevention of ageing. Along with natural moisturizing agents, RHAEL's skin care line contains wrinkle-reducing functional peptides and ingredients such as Pinexol that improve resilience, known to effectively increase the elasticity of the tissue supporters, to moisturize and replenish tired, dry, and rough skin.

PineXol

PineXol is a reddish brown substance extracted from the pine bark naturally grown in the clean regions of Gangwon-do, through a patented extraction technology (Patent 10-065945), containing an abundance of polyphenol extracted through the antioxidant extraction method. In 2006, a research was performed, funded by the Health and Medical Technology Promotion Project of the Ministry of Health and Welfare, with the cooperation of Seoul National University College of Pharmacy with the topic of "Skin absorption evaluation of materials containing Korean pine bark extracts." This research proved that PineXol aids in the deep penetration of necessary nutrients into skin and maintains the skin smooth and moist. When a product containing PineXol was used regularly for 2 to 3 weeks, it was shown that fatigued skin was replenished with nutrients, oxygen was supplied successfully, resulting in healthy and beautiful skin.

Acetyl Hexapeptide-3

Acetyl Hexapeptide-3 is a functional peptide, also known as a rub-in botox.

Major efficacy: Functional wrinkle, resilience - it is known to diminish wrinkles caused by facial expressions by blocking neurotransmitters.

Coppertripeptide

Developed by Dr. Loren Pickart of Skin Biology based in the US, copper peptides are a new matter patented in the skin and hair restoration field.

Major efficacy: Skin Remodeling

- Effective in treating scars, acne scars, liver spots, etc.
- Showed superior efficacy in rejuvenating skin after wrinkle elimination, restoration of drooping skin, and laser peeling procedures.

Palmitoyl Tripeptide-5

It is known to effectively improve resilience and reduce wrinkles through the increase in the synthesis of collagen, a corium composition factor.

Major efficacy: Reduction of wrinkles, improvement in resilience

Hydrated Reforming Skin

This moisturizing skin lotion contains moisturizing agents such as hyaluronic acid and honey extracts to replenish tight and dry skin in need of natural moisturizing film. The active peptides and Pinexol, with the ability of heightening the elasticity of tissue supporters, the lotion will leave skin soft and moist.

Major ingredients

Copper tripeptide-1, palmitoyl tripeptide-5, hyaluronic acid, honey extracts, hollyhock extracts, silk amino acid, Pinexol

Directions: After cleansing, pat gently onto face.

Contents: 120ml

Hydrated Reforming Lotion

Highly concentrated moisturizing emulsion that maintains skin hydrated for long periods of time, supplies the necessary amount of moisture and oil to skin in order to balance the water and oil content. Various resilience reinforcing ingredients such as active peptide, Pinexol, ceramide, etc., provide energy so fatigued skin, caused by environmental pollution, stress, and ageing, becomes smooth and resilient.

Major ingredients

Copper tripeptide-1, palmitoyl tripeptide-5, hyaluronic acid, jaeumdan, silk amino acid, meadowfoam oil, Pinexol

Directions: After applying skin lotion, apply evenly all over face and neck in a smooth motion.

Contents: 120ml

Hydrated Reforming Cream

(For reducing wrinkles)

Contains major factors for anti-ageing and effective ingredients for skin cell restoration, such as adenosine, active peptide, ceramide, phytosterol, and Pinexol, that will protect the skin from internal and external aggressors. Due to ingredients that induce the formation of anti-ageing substances, fine lines will be smoothed out to reveal sleek and resilient skin.

Major ingredients

Copper tripeptide-1, palmitoyl tripeptide-5, acetyl hexapeptide-8, adenosine, rose hip oil, vegetable squalene, hyaluronic acid, meadowfoam oil, DPHP, Pinexol

Efficacy: Aids in the reduction of wrinkles.

Directions: On the last step of basic skin care, pat gently onto face.

Contents: 50ml

Hydrated Reforming Essence

The essence will give energy and resilience to fatigued and rough skin caused by external aggressors such as environmental pollution, stress, and ageing. With additional ingredients for skin cell restoration and moisturization, the skin will be protected from trouble-causing factors, and ingredients that induce and activate the generation of collagen such as Pinexol and peptide will rejuvenate the skin to restore supple skin. This highly concentrated premium essence will increase the moisture retention rate of skin to provide moisture and resilience in skin.

Major ingredients

Copper tripeptide-1, palmitoyl tripeptide-5, acetyl hexapeptide-8, hyaluronic acid, trehalose, hollyhock extracts, silk amino acid, betaine, Pinexol

Directions: Apply evenly all over face and neck

Contents: 40ml

Hydrated Reforming Eye Cream

(For whitening and diminishing wrinkles)

The sensitive skin around the eyes can dry out most easily, causing fine wrinkles. To prevent crow's feet, it is important to provide ample amounts of nourishment and moisture around such special skin tissues. The double action eye cream with whitening and wrinkle reduction effects will suppress the formation of wrinkles, give luster and resilience to the skin around the eyes, and the eye area will become bright and clear due to the added vegetable ingredient REGU-AGE which will reduce the dryness and sordid coloration of the eye area. Adenosine, active peptide, and Pinexol will reinforce resilience around the eyes and reduce fine wrinkles.

Major ingredients

Copper tripeptide-1, palmitoyl tripeptide-5, acetyl hexapeptide-8, adenosine, arbutin, REGU-AGE, corn oil, ceramide-3, jaeumdan extracts, Pinexol

Efficacy: Reduction of wrinkles and whitening

Directions: After applying cream, apply evenly a small amount around sensitive eye and mouth areas.

Contents: 20ml

BB Cream

SPF 35+PA++ Shining Pearl BB Cream (For blocking UV rays)

Skin relief and reinforcement in resilience-Phyto-oligo, magnotics, and centella asiatica extracts comfortably calms sensitive skin caused by skin troubles or peelings, and Pinexol and peptides protects the skin from external aggressors and restores damaged skin in order to make skin soft and resilient.

Protection from UV rays-Provides double protection from UVA and UVB rays.

Clean and consistent skin tone- Light and non-sticky application provides quick absorption, naturally covering blemishes for a clean and luxurious skin.

Major ingredients

Copper tripeptide-1, titanium dioxide, ethylhexyl methoxycinnamate, bentonite, mother chrysanthemum extracts, magnesium sulfate, zinc oxide, magnolia bark extracts, thujopsis dotabrata branch, green tea extracts, shaddock extracts, centella asiatica extracts, hollyhock extracts, also vera leaf extracts, yellow oxidized steel, red oxidized steel, black oxidized steel, allantoin, ceramide 3, Pinexol

Contents: 50ml

Sun Block

SPF 50+ PA++ Sunblock (For blocking UV rays)

With superior UV protection, both UVA and UVB are simultaneously blocked to protect the skin from damaging UV rays that not only reach the surface, but also deep into the internal parts of skin. There is no need to reapply the sunblock often, for the it does not come off easily by sweat or water. It is neither oily nor sticky, and skin will not dry out since the sunblock contains hyaluronic acid, mulberry root extracts, green tea extracts, and beta glucan, factors that will make skin smooth and soft.

Major ingredients

Ethylhexyl methoxycinnamate, titanium dioxide, 4-methylbenzylidene camphor, zinc oxide, sodium hyaluronate, bentonite, aluminum hydroxide, bifida ferment lysate, beta glucan, tocopherol acetate, green tea extracts, mulberry root extracts, purslane extracts.

Contents: 50ml

Vibration Foundation

Features

After washing of the face, gently press acupressure points on the face, lymphatic vessels in the skin, jaw line, neckline using the cap for acupressure. Before make-up base, remove swelling of the face. When you are tired and stressed as grows older, the skin becomes loose and crumbly because cells under the skin lose power and the waste discharge is not smoothly done. Lymphatic vessels are associated with blood vessels to deliver oxygen and nutrients throughout the body and play a role in emitting carbon dioxide and wastes. Waste emissions eventually activate skin cells to increase the moisture and elasticity in the skin.

Effect and Usage

In the face, necklines leading up to behind and below the ear from neck to the collarbone are gathered and constant massage on lymphatic vessels and lymphatic glands is just enough to make the swelling of the face and can make the V line.

When you make acupressure vibration massage, it has the excellent effect to remove facial swelling by gently stimulating lymphatic vessels, lymphatic glands and acupressure points, etc.

Facial massage: if 10,000 times of micro vibration massage is over, please open the cap for acupressure, apply moderate amount of cream (eye cream / cream / serum, etc ...) and insert fingers into or hold a massage machine, face and then gently massage. Through 10,000 times of sonic vibrations per minute, it helps cream evenly be absorbed over the eye line and entire face. When eye line / facial massage is over, make-up can be started.

When BB cream / or foundation is applied, BB cream and foundation by the puff through 10,000 times of vibrations per minute, not by conventional hand or puff will cover makeup in the entire face and spots, freckles, blemishes, redness, etc. will be covered fully.

Washing Ball

Features

1. Magic laundry balls that consists of 4 main natural ceramic component with a round ball-shaped ball are designed to be laundered without detergent scientifically.
2. Magic laundry balls replace main functions of a typical chemical detergent.
3. As test results by an authorized agency in Korea, it has been recognized for excellence in washing capability, whitening capability and sterilization capability.
4. When compared with the general laundry, it has detergent-saving, water-saving, electricity saving, time-saving economic effects.
5. This product is a world-class patented invention with natural health function and it is an eco-friendly and scientific product. Environmental Protection / Skin Health Protection/ Fabric Protection / Tax Reduction / Water Saving / Electricity Saving / Time Saving

Effects and How to Use

Usage and Service Life

1. It can be used more than 3 years by general and drum-type washing machines based on once a day.
You can have 90% detergent saving!
2. Magic Laundry Ball contains special ceramic balls.
These ceramic balls help to wash very strongly by changing the properties of water.
3. If you use the Magic Laundry Ball, only 10% of the general detergents are needed.
Synthetic detergents are harmful and cause skin diseases, and may cause cancer if worsening. If you want to reduce atopic dermatitis from synthetic detergents, this Magic Laundry Ball is the perfect answer. It is a safe product to give no harm to customers.

How does it work?

- * The first ball contains infrared radiation ball which changes the properties of water. This ceramic ball emits infrared rays.
This powerful infrared ray breaks up water molecules into small pieces so helps launder effectively.
- * The second ball is antibacterial ball, and it eliminates molds, pathogens and other various kinds of germs.
- * The third ball has a bleaching effect.

ECO Washing Tablet

Going Green

For washing the laundry with ingrain dirt Eco Washing Tablet

High Functional Activated Protein Soluble Enzyme

No add of Petroleum-series Surfactant

No add of Decolorant

No add of Fluorescent Bleaching Agent

No add of Bubble-generating Ingredient

No add of Other Toxic Ingredient

Features of Product

- Tablet typed enzyme detergent seeking for the convenient usage, which is invented at first in Korea
 - High functional detergent to remove quickly the heavy or ingrain dirt which is adhered to the fabric
 - Eco-friendly detergent protecting the skin and water quality
 - Customer-satisfied detergent solving the deficits of the present detergent
1. Convenience of the usage and management created by the small size and high condensation
 2. Solving the inconvenience of the first laundering or pre-treated laundering through the capability of removing heavy or ingrain dirt
 3. Prevention of the discoloration and damage of the fabric through the disuse of the chemical ingredients
 4. Solving the skin troubles caused by the remained detergent, through the high resolvable capabilities and the usage of eco-friendly ingredients
 5. Reducing the rinsing numbers into 1-2

How to use

[When applying to washing machine]

- Place a tablet on the laundry, or place a tablet on the inlet of detergent instead of a present detergent
- One tablet will be enough when we put it in the middle water level of washing machine vesse

[When applying to hand washing or others]

- Fill up the water adequately according to the mass of laundry in the bathtub or basin, and put a tablet in it to be well melted down. It will be OK whether the laundry is settled in the bathtub or the water is filled in it at first
- Wait a while until the tablet is completely melted down, and then rub the dirty part of the laundry by hands, and shake or strike the other part

Sha-Sa Shower Head

A hotbed of germ is the very tap in a shower head

A team which was led by Prof. Ree Pizel of Colorado in USA, had found that there are anti-fast bacteria, which may cause pulmonary diseases, in the majority of shower heads after researching all 45 pcs of shower heads which was collected from 9 areas in USA. It contains a lot of germs which may cause pulmonary disease in 33% of shower heads. Mycobacterium in shower head is detected 100 times more than in normal tap water, in a typical house..

Shower head containing a lot of germs can spread particles which are filled with germs and can float in air. If we breathe in this, germs can permeate into the deep corner of lung.

Features

- * Water saving: 30%
- * Removal of heavy metals such as rust, etc.: ingenious sediment filter to remove the area exposed to the risk of rust and heavy metals through the piping of aging buildings. 5 micron filter removes fine impurities such as rust, etc to maximize the ability to purify water and change contaminated water into clean water.
- * 99.9% antimicrobial effect by reduction in residual chlorine: chlorine-removing ball reduces residual chlorine in tap water. Antibacterial shower ball removes 99% germs of the shower with bacteria more than twice the toilet and billions of bacteria to change into clean water.
- * Anion and far infrared emission: the best negative ions with more than 80,000 by Lenard effect of Face Plate of Shower are emitted. 92% far-infrared emission and healthy water supply by charcoal and ocher ball.

Effect and Usage

It would be OK to just replace the existing shower into the new one.

- * When replacing the filter, get it mounted with the side of hole facing up.

(Ceramic ball can be used semi-permanently, so it doesn't require to be replaced)

Filter replacement cycle: Filter replacement cycle may vary depending on the aging state of the water pipe, but typically the filter can be used for about four months. It is recommended to be replaced when rust filter takes on strong red color from white.

Effects: Moisturizing, moisture supply, waste removal, skin exfoliation, prevention of dry-skin, skin care of infants and growing children.

Patents and Certifications	<p>•Patent: Patent No. 10-0659945 (state-of-the-art patented technology from domestic wild pine bark)</p>		
Features	<p>As modern people's skins are exposed to harsh conditions of rapid changes in the environment such as ultraviolet light, air conditioning, sweating, dryness, etc., the skin becomes always a lack of water to cause dead skin cell which prevents facilitating the discharge of various wastes, so due to a lack of regeneration capability of the skin, it becomes a root cause of skin aging and causes wrinkling of the skin. Skin Care Rachel product line of SKY LOHAS INC. contains elasticity-strengthening ingredients such as functional peptide and PineXol known as a substance to help improve wrinkle with a natural moisturizer that forms strong membrane on the surface of the skin, which has an excellent effect to increase the elasticity of the supporting forms in the skin and to make the tired and dry and rough skin moist and resilient, so it is a wrinkle reduction and skin moisturizing professional product.</p> <p>PineXol refers to a reddish-brown material containing plenty of polyphenols extracted from pine bark which grows naturally in the clean area of the Kanwon province, Korea by antioxidant extraction methods that applies advanced patented technology (Patent No. 10-0659945), and through the joint research (Project name: Evaluation of Skin Absorption of Catechin from Topical Formulations Containing Korean Pine Bark Extract) with College of Pharmacy, Seoul National University as the promotion of health care technology of Health and Welfare Ministry, PineXol helps deliver necessary nutrients deep into the skin as well as keeps the skin smooth and moist, and if you use the products containing PineXol for two to three weeks on a regular basis, it provides nutrients to tired skin as well as helps facilitate the supply of oxygen to cultivate healthy and beautiful skin.</p> <p>Acetyl Hexapeptide - 8 It is the functional peptide known as Botox to apply.</p> <p>Copper Tripeptide -1 It is a new material developed by Dr. Loren Pickart of Skin Biology in the United States, which is a patented ingredient in the regeneration of the skin and hair.</p> <p>Main efficacy effects: good efficacy on skin remodeling, scars, acne scars, dark spots, etc. It is known to have an excellent effect for removing wrinkles, restoring elasticity of caruncle, restoring skin after resurfacing treatment by laser, etc.</p> <p>Palmitoyl Tripeptide-5 It is known to have an effect for wrinkle reduction and resilience increase through the increase of collagen synthesis, dermal aqueous factor. Main efficacy effects: removal of functional wrinkles, increase of elasticity</p>		
Effect and Usage	Whitening, anti-wrinkle and UV protection
