Belgium latex | Lamb wool | Pocket Spring | Highly elastic Sponge | Dual Plush | Mini Pocket Spring
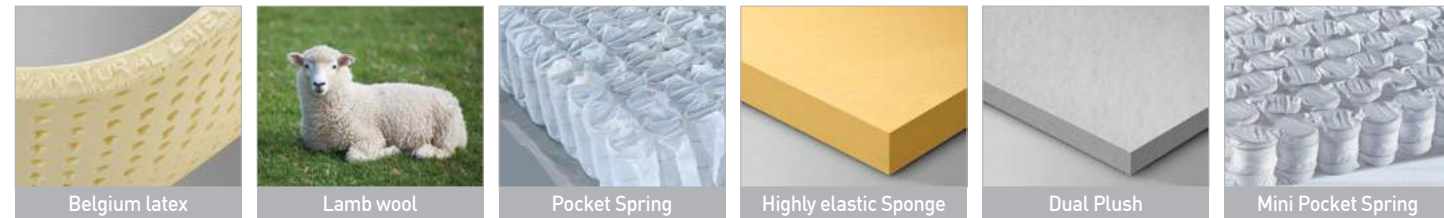

Separated form
Double Pocket Spring
Belgium latex

Separated form, Base mattress not included

Lamb wool	This textile has excellent temperature and humidity control properties.
Belgium latex	It is eco-friendly and inhibits bacterial growth. Its air cells evenly distribute body weight, reducing pressure on the waist.
Pocket Spring	Each spring is independent to minimize the movement other than the load surface movement.
Dual Plush	It is made by compressing hygiene cotton into two layers, providing more gentle elasticity and resilience.
Organic fabric	It is made with yarn from organic cotton flowers. It is a new material great for people with atopic skin conditions.
Sponge	It has good repellency and resilience, providing highest comfort.
Mini Pocket Spring	It minimizes and evenly distributes body pressure.

Springs	Dual plush	Antibacterial Felt	Corner support	Spine supporter	Felt

Component	Description
6 rotations Bonnel spring	It uses globally widely used spring type, 2.4mm hard steel wire. It has excellent tensile and compressive strength.
Dual plush	It is made by compressing hygiene cotton into two layers, providing more gentle elasticity and resilience.
Cashmere padding	Padding Its soft quilted surface induces sound sleep.
Corner support	It prevents sagging of the edge to keep flatness
Spine support	It increases the compressive strength under the waist to give support for the back during sleep.
Quilted systems (three layers)	It prevents cover distortion.
Antibacterial Felt
