MEDIBEE Intensive Cream

What are the ingredients of MEDIBEE Intensive Cream?

Purified Bee Venom

- Inhibits the activity of harmful substances on the skin
- Helps to calm the skin
- Helps to alleviate skin traces caused by external stimuli

Acer Palmatum Leaf Extract

- Helps improve skin elasticity and wrinkles
- Protect skin from inflammation
- Helps brighten dull skin

shea butter

- Contains a lot of nutrients such as Allantoin, Vitamin E and Carotene
- Helps to brighten and moisturize the skin

Ceramide NP

- Inhibition of moisture evaporation, excellent moisturizing function
- Strengthening the skin's lipid barrier, forming a skin barrier against the external environment

What is Bee Venom?

1. Clear and transparent mixture stored in the poison sac of worker bees
2. Evaporates quickly at room temperature to dryness
3. After evaporation, 5-10% of bee venom remains as crystals
4. Anti-inflammatory, antibacterial, antiviral, hemolytic and neurotoxic effects, etc.

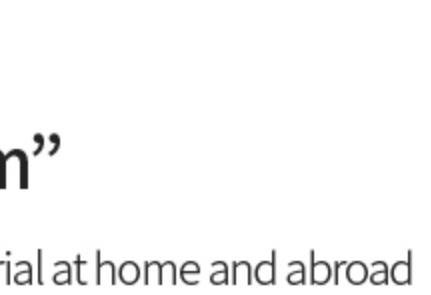

The excellence of bee venom produced by CHUNGJIN BIOTECH

Purified Bee Venom

Isolated Purified Bee Venom

Melittin Purified Bee Venom

“Purified Bee Venom”

of CHUNGJIN BIOTECH certified as a stable raw material at home and abroad

Bee For Life

Value creation of Next-generation Technology

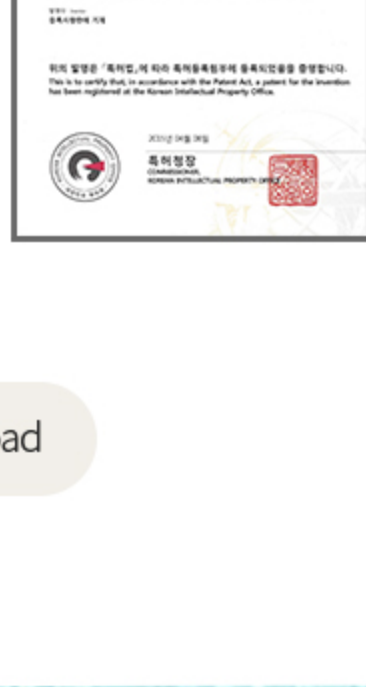

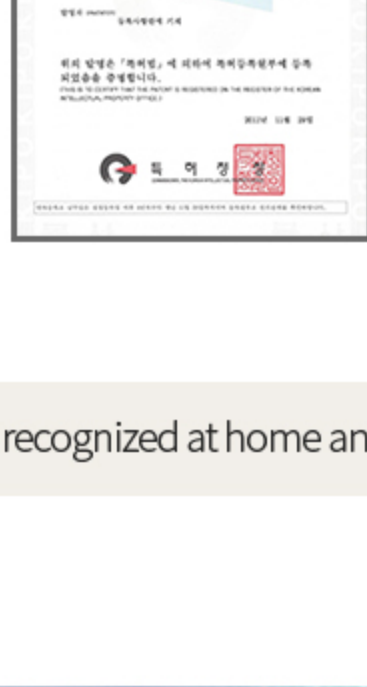

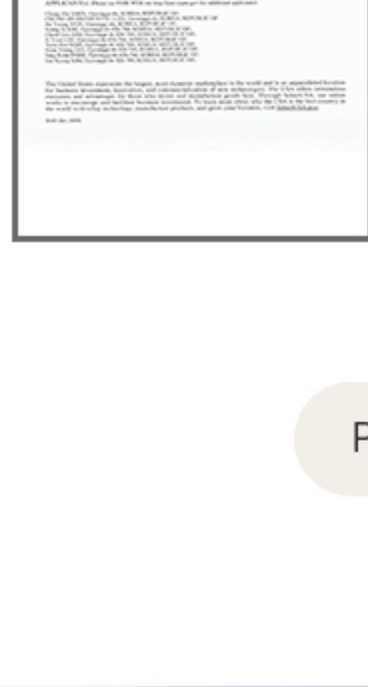

CHUNGJIN BIOTECH?

CHUNGJIN BIOTECH does not kill bees by obtaining bee venom using a bee venom collecting device by the electric shock method, and is practicing animal welfare that coexists with nature.

Since its establishment in 2006, it has specialized in researching only one bee venom, and holds 25 domestic and foreign patents and 11 certificates, and is carrying out various national tasks.

In particular, the bee venom collected by the electroshock method has superior quality than other companies and is registered in the FDA DMF (FDA DMF 27321 Purified Bee Venom).

Based on the excellent ingredients of our bee venom and the already applied patent 10-1089779, we have launched ‘MEDIBEE Intensive Cream’, a derma cosmetic product.

Patents recognized at home and abroad

from nature “MEDIBEE Intensive Cream”

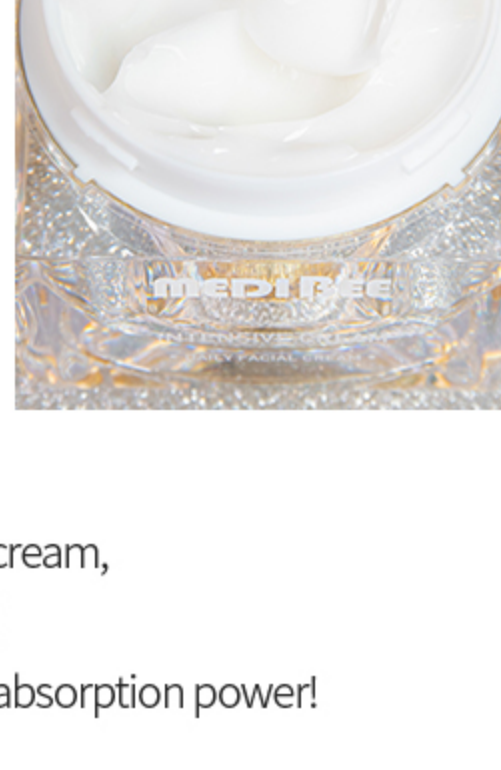

A healthier and more excellent nutritional supplement

Helps moisturizing and soothing
