EPU V + WATER TEMPERATURE SENSITIVE LED TRANSFER FILM WRAPPING FILTER SHOWER HEAD / TRANSFER FILM WRAPPING FILTER SHOWER HEAD

Elegant design and company logo highlighted with transfer film wrapping 

Sleek design

Easy to check internal filter through large front window
Design that highlights the company's logo, simple and stable

You can visually check the temperature with a **built-in LED** that changes to **3 colors** depending on the water temperature.

Metallic wrapping

Matte white wrapping

EPU KITCHEN FAUCET FILTER KIT - COBRA TYPE

Elegant design and company logo highlighted with transfer film wrapping 

Improved the injection selection method of the switch-type, which is prone to failure, which is a disadvantage of existing products, to a rotation-type method.

Adjust the direct spray
control lever clockwise.

Adjust the normal spray
control lever counterclockwise.

EPU K+ KITCHEN FAUCET FILTER KIT - HANDY TYPE

Elegant design and company logo highlighted with transfer film wrapping 

Sediment Filter

- Filters out fine particles ranging from 1um to 5um
- Completely removes foreign substances and rust coming through old pipes
- Sediment filters are also used in water purifiers
- People who live in an old house, people who are worried about washing their face or brushing their teeth

Adjust the direct spray
control lever clockwise.

Adjust the normal spray
control lever counterclockwise.

Double sediment filter

Two sediment filters work to filter out foreign substances more powerfully
