TALTAL Mat

- Premium DIY assembly-type outdoor mat
- Made from safe and eco-friendly material
- Strong and long-lasting

"TALTAL" refers to the onomatopoeic Korean word "taltal", which denotes the sound made when gently patting something to rid it of dust, etc.

TALTAL Mat is a highly specialized product that separates foreign matter - a basic function all outdoor mats should have.

It is made of special materials that are durable and long lasting. The materials are very safe and have passed the tests for the 4 main heavy metals and endocrine-disrupting chemicals (EDC).

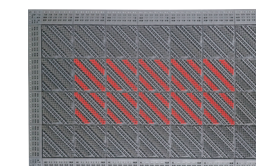

The mats remove various foreign substances coming into the building from the outside, providing you with a more pleasant and clean environment.

TALTAL Mat Package A

47 × 29.5 inch
3.9' × 2.5'

DIY

The required assembly tools are included in the box.

The 3.2.2 Features of TALTAL Mat

3 Features

1. DIY assembly

The mats can be assembled in various forms and it is easy to change the structure. If parts become worn over time, they can be easily replaced.

2. Ease of maintenance

The mats are washable and durable and robust against strong water washing. Periodic cleaning ensures product quality is maintained.

3. Durability

TALTAL Mats are made of EVA material, which is strong, durable, and long-lasting. The mats are designed to remove impurities easily through diverse brush structures with different deviations, and the structure keeps its shape for a very long time.

2 Benefits

1. Unique double structure

The mats are specially made with a balanced assortment of hard and soft structures. Each part has a connective structure that allows them to be assembled in various shapes, and the connective joints are embedded, making them esthetically pleasing too.

2. Stability certification

The main material used to make the mats is very safe with proven stability. The mats have been certified as being safe as they have undergone testing for the four main heavy metals and endocrine-disrupting chemicals by the accredited quality certification body in Korea, Korea Testing Certification (KTC).

2 Differentiators

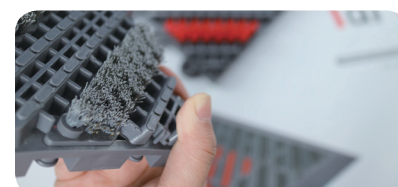

1. Easy to buy

TALTAL Mats can be purchased anywhere in the world, and it's especially easy to buy the mats online through Amazon.

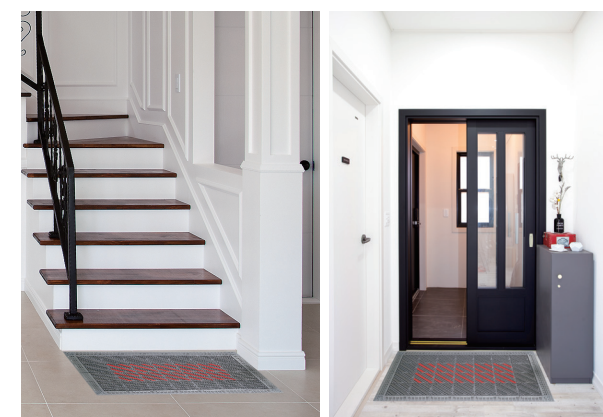

2. Currently finding buyers

We are looking for big buyers in each country to supply the world with TALTAL Mats.

We plan to provide buyers in each country that see the vision and opportunity surrounding TALTAL Mat with a great opportunity.

Mat Installation Examples

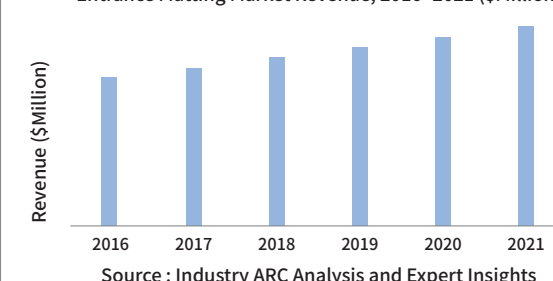

From small shops to large government offices, there is no place where the mats can't be installed, regardless of site and location.

As interest in cleanliness/hygiene continues to rise, so will the demand for our mats.

The mats used on the floors of entrances to hospitals, schools, and various other locations will be safe and sturdy TALTAL Mats.
