## BEAUTY WORLD, the skin massage machine utilizing Galvanic Ion and Vibration

BEAUTY WORLD helps maintaining clean and clear skin using ultramodern technology. The artificial intelligent controller not only removes effect matters in outer and inner skin, but also it helps cosmetics to permeate better into skin.

### Galvanic Ion

Galvanic ion helps reduce redness and pigmentation. It works to ionize a water-soluble skin care product, tightening pores by using anions and cations.

### Infrared rays

Five far infrared lamps are responsible for repairing the damaged skin.

### Vibration

The vibration works to keep the skin elastic by relaxing the muscles.

# ***JUNITH, the skin massage machine utilizing Galvanic Ion, Red color therapy and Vibration***

JUNITH works to maintain the skin clearer. It helps absorb and deliver beneficial ingredients of a functional skin care product and works to remove skin impurities. Also it is easy to charge by using USB.

## ***Galvanic Ion***

This ion is produced by a massage machine using galvanic direct current, a low-frequency direct current.

It helps reduce redness and pigmentation caused by acne. This ion works to ionize a water-soluble skincare product, tightening pores by using anions and cations.

## ***4 Steps function of Galvanic***

# CHAT-BLANC, the skin massage machine utilizing Galvanic Ion, Vibration and Ultrasound waves

CHAT-BLANC helps you keep your skin clearer. it works to remove skin impurities and help water-soluble materials penetrate deep into the skin.

## Galvanic Ion

Basically, it makes water-soluble skin care products to be ionized using cations, anions and after absorbing the water-soluble skin care products. Our skin pores will be contracted. Also it helps acne skin to be relieved.

## Ultrasonic waves

It provides skin regeneration and elasticity effects by penetrating into the epidermis, dermis and subcutaneous tissue with 1 million times per second ultrasonic vibration.

## Vibration

The vibration works to keep the skin elastic by relaxing the muscles.

## function of Galvanic

### Cleansing Brush

Completely cleansing in the pores with soft micro-fine brush.

### Ultrasonic massage

Ultrasonic massage that vibrates 1 million times per second helps to keep your skin healthy and resilient.

### Nourishing

Galvanic ion makes water-soluble skin care products absorb into the skin, keep the skin looking radiant

### Lifting

Anions and cations helps repair damaged and wrinkled skin, keeping it supple.
