ALL IN ONE SKIN CARE

LARA CLARA EXO-AG HEMP MIST SERUM

#EXOSOME #HEMPSEED OIL #PEPTIDE COMPLEX

LARA CLARA EXO-AG HEMP MIST SERUM does not contain artificial fragrances or colorants. It features a subtle citrus scent derived from natural essential oils, ensuring gentle, non-irritating, and safe usage.

#RELIEF FOR DRY SKIN
#CONTROLLING THE OIL-WATER BALANCE OF OILY SKIN
#ACNE-PRONE SKIN #SENSITIVE SKIN #DRY SKIN #OILY SKIN
#ALL SKIN TYPES

HOW TO USE

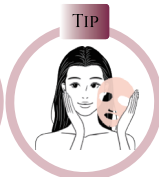

Please shake well to ensure thorough mixing of the hemp seed oil layer floating on the top.

After cleansing, spray evenly over the entire face from an appropriate distance.

Gently pat along the skin texture to help the active ingredients absorb effectively into the skin.

After saturating a pad or sheet with the product, briefly apply it and then remove to enhance effectiveness through a moisture-locking effect.

POINT 1

It can be used as a substitute for skin toner during basic makeup. (All-In-One Skin Care & It can also be used for touch-up makeup.)

POINT 2

Spray it just before applying makeup, and you can achieve moisturized makeup without any flaking throughout the day. (Recommended for use with LARA CLARA BIO COVER BALM)

POINT 3

Spray 2-3 times in repetition or spray several more times a few minutes later to maintain even more moisturized skin texture. (Can be used after makeup as well.)

POINT 4

Gently patting the skin after spraying instead of leaving it as is will enhance the moisturizing effect even further.

POINT 5

Depending on oily skin or skin condition, weather, etc., you can separate the oil layer without shaking and use it as a water mist (Exosome + Low Molecular Peptide Complex) forms.

LARA CLARA EXO-AG MTS AMPOULE

#EXOSOME #BIO MICRO NEEDLE
#PEPTIDE COMPLEX

The container is equipped with an auto dropper. When you open the cap by twisting it, the formula automatically fills the dropper.

* After opening the cap by twisting it, press the top of the cap to dispense the contents.

150,000 SHOT

LARA CLARA EXO-AG MTS PEPTIDE CREAM

#EXOSOME #BIO MICRO NEEDLE #PEPTIDE COMPLEX

* When you open the cap and press the top surface, the cream formula will be dispensed.

The cream formula is contained in an airless pumping container, ensuring that the formula is not exposed to air or direct contact with hands, thus preventing easy spoilage or contamination and allowing for hygienic usage.

125,000 SHOT

WHEN USING MTS NEEDLE PRODUCTS (EXO-AG MTS AMPOULE, EXO-AG MTS PEPTIDE CREAM), HERE ARE SOME PRECAUTIONS TO KEEP IN MIND:

1. For sensitive or troubled skin, it is recommended to perform a test on a small area before use. (Sensitive skin testing completed : 0.00)
2. Avoid using on wounded areas.
3. It is safe to use around the eyes; however, take care to avoid direct eye contact.
4. You may experience a tingling sensation after use, which is a natural reaction to the bio micro needles achieving the desired effect.
5. The intensity of the tingling sensation may vary depending on the skin area or condition.
6. After rolling and allowing the product to absorb like a massage, firmly press with your palms as the final step.
7. Adjust the amount and frequency of use. After use, ensure adequate moisturization and apply sunscreen when going out. (Recommended for use with LARA CLARA BIO COVER BALM)
8. It is advisable to use the product with clean hands on a thoroughly cleansed face.
9. With continuous use, you may notice reduced sensitivity compared to initial use. It is recommended to take a break after 2-3 weeks of use.
10. Daily use is possible based on personal preference, but using it every other day is recommended.
