SKIN LASERBLING

A new concept cosmetics that combines aesthetic-based technology and techniques.

A combintion of Lazer + Ableing, as if receiving a laser, Cosmetics with the purpose of skin improvement.

Cosmetics solving skin issues only with home care,

Skin return spicule

A new concept raw material for skin recycling.

Pure mineral deep ocean water

clean natural minerals of the seabed

High-dose Vitamin C

1,000 ppm whitening & antioxidant

Waterful **Urea**

Moisturizing skin from nature

HOW TO USE

- 1 Wet your hands and face and squeeze the right amount of cleanser on your palm.
- 2 Apply to the entire face and rub evenly over the entire face as if massaging.
- 3 When the foam settles and becomes dry, wet your hands a little more and rub again.
- The more you rub, the faster the skin improves, so repeat the above (3.) several times.
- 5 Rub more intensively on the area where required improvements.
- **6** When you have rubbed enough to your satisfaction, rinse thoroughly with water.
- After removing water from your face, apply enough serum to dry skin
