

Your Tailor Made Solutions

Your Tailor Made Solutions

EVA JO!!! S.A. was established more than twenty years ago in Thessaloniki, Greece, in order to design, produce and sale apparel.

Having acquired the know-how of apparel industry for many years, we manufacture high-end clothing for forward-thinking fashion brands and designers that trust our experience, solvency, professionalism and unique quality.

We love what we do and we provide innovative and creative ideas, competitive prices and above all ethically made fashion in all aspects.

EVAJO
FASHION EXPORT
COMPANY

Exporting in 15 countries

We work for international brands in UK, GERMANY, AUSTRIA, USA and other countries.

Exporting and supplying them with a wide range of jersey products; dresses, tops, bottoms, skirts, leggings, playsuits, bodies and more.

We provide our customers with the best combination of price and quality, fast delivery times and quality shipment.

Trusted Certifications

EVA JO is certified with
GOTS CERTIFICATION
(Global Organic Textile Standard) and
SMETA CERTIFICATION
(Sedex Members Ethical Trade Audit)

EVAJO is also a proud member of **HIGG INDEX**.

Sustainable Fabrics

Moreover, we use high quality sustainable and conventional fabrics in single jersey and rib;

- **Conventional, BCI and organic cotton**
(we highly propound Greek organic cotton, Green Cotton),
- **Slub,**
- **Single jersey Sustainable Viscose**
(Eco Vero and Liva Eco viscose),
- **Conventional and Recycled Polyester,**
- **Sportswear Fabrics**
(antibacterial, dry fit, moisturizing management)
- **Scuba and Velour.**

We also use fabrics with special techniques like foil, lurex, glidder, sequins, lace and devore.

We do piece dyeing on clothes batik, laser cut, embroidery and all kind of print.

Commitment

Purpose and commitment of our company is to continuously improve the effectiveness of quality assurance, resulting in complete satisfaction of our customers, both in quality of products and in overall cooperation to delivery and end-use products.

Therefore, one of our main concerns is to respond to our customer's needs as soon as possible. This ensures quick production and on time delivery of the products.

We do believe that reliability, quality, flexibility and transparency are the most important elements of our competitive edge.

We are able to ship goods within 4-6 weeks from the day of final confirmation and to produce about 200.000 pieces per month.

Top Quality Quick Turnaround

We produce top quality garments that our clients indicate, quick turnaround with cost effective prices and sustainable solutions.

We create almost anything designed by the customer developed in any new fabrics, yarns, chemical and mechanical finishes and trims.

Design Department

EVAJO has a Design Department equipped with the latest technology, creating true-to-life virtual samples to our clients.

OPTITEX

Quality Control

The quality control we use meets all the necessary methods and techniques ensuring that the product is produced and delivered according to specifications.

Active participation of employees and faithful implementation of all procedures related to quality assurance is a primary concern of the company.

In conclusion, the production process of our products fully complies with customer quality requirements, both in terms of the technical specifications of the customer, as well as national, European and international specification and relevant Directives.

**Your
Tailor Made
Solutions**
