Supplier
Bionutrigen Co., Ltd

Raw material for Liver Health

JBB20™ Plus

Product Description

Feature

- The proprietary formula for liver health
- Use JBB20PLUS upgraded food ingredient for liver health developed by patent technology by adding fruit extracts such as lemon, blueberry, cherry and apple into JBB20 health food ingredient and by increasing natural polyphenol amounts and ultimately reinforcing anti-oxidant effects.

Advantage

- No side-effects with natural food type of substance.
- Promote metabolism and contribute to fatigue recovery and physical reinvigoration.
- Contain abundant polyphenol, bioflavonoid, antioxidant, vitamin, minerals and phytochemical useful for boosting metabolism.

Market

- Export to E.U, Russia and Thailand etc.

Ingredient

JBB20™Plus

Health food ingredient that reinforced antioxidant effect by increasing fruit amounts based on JBB20.

End product

Wehayeah Plus (Powder)

Powder tea for anti-hangover excellent not only in antioxidant effects, but in anti-hangover and fatigue recovery by increasing more fruit amounts than previous products based on JBB20 Plus.

Wehayeah Plus (Drink)

Anti-hangover drink that adjusted taste and flavor fit to anti-hangover drink based on JBB20 Plus.

JBB20 Red Ginseng

Red ginseng drink that reinforced functions by adding red ginseng based on JBB20 Plus.

JBB20™ Gold

Food ingredient for Energy Drink

All men and women who want to benefit for increasing
energy, fatigue recovery and liver health

Health Benefits

- Fatigue recovery
- Energy up
- Liver health

RAW MATERIALS

- Antioxidation
- Skin health
