Production and Trading Enterprise

The Ukrainian enterprise
“JNL” expresses interest
in export to your coun-
try grain and bean cere-
als, flours, crops and beans
from Ukraine.

Our enterprise was established in 1992 and nowadays has more than fifteen year traditions of trading and manufacturing. Traditionally Ukraine has been a grain processing and grain producing country. The climate and unique generous land provides considerable grain harvest.

Grain processing capacity of our plant is 60 tons/day. The main products are cereals in assortment (peas polished (whole, split), defatted corn grain, corn flour, millet polished, unground buckwheat. We also deliver soy, corn forage, millet, buckwheat husk. By request we can supply dried milk products, condensed whole milk with sugar, sunflower oil and other foodstuffs of Ukrainian manufacture.

According to the results of the National Business Rating the Private Production and Trading Enterprise “JNL” is the second in Ukraine in the basic activity and is the leader of the branch of industry.

The enterprise is the member of the Ukraine Chamber of Commerce and Industry, Chernihiv CCI and was included in the National nongovernment Register of Reliable Partners.
