

MODULCAR is the one and only GRP sheets-in-rolls manufacturer in Spain and Portugal. We supply a wide range of laminated products for the *Industrial Bodybuilders*.

MODULCAR FLASHY is the highest quality laminate with an outstanding glossy face. This product, using the "INPRE" White color gel coat, is the perfect laminate for an excellent work with no fiber glass marks.

MODULCAR UNDERGROUND is the under-floors face laminate, for a good wooden sandwich panel protection with an only 1mm thick laminate.

MODULCAR UNDERGROUND GEL is the gel coated laminate.

MODULCAR ROOFY is the roof laminate, though you can use it inside the box and other applications for an affordable cost. 1.5 and 2mm thick laminate available.

MODULCAR GLOSHY is the medium quality laminate with a great balance price Vs gloss.

MODULCAR SUNNY is the white traslucent laminate for dry-load roofs.. **MODULCAR SUNNY STREET** includes a glass-effect Street in the middle of the laminate.

MODULCAR MATE non-gloss gel coated laminate. **MODULCAR MATE+** is the highest mate laminate quality.

MODULCAR POWER woven roving reinforced laminate for the strogest panels.

MODULCAR PATHOGEN is the new 99,99% antimicrobial, virus and fungi laminate for the most hygienic demanding works.

MODULCAR FLOORY is the anti-slip laminate for floors.

MODULCAR FLOORY RICE+ `rice grain´ anti-slip laminate to be used in floors where cleaning is critical. 1.5mm thick laminate for vans and 2mm thick laminate for some boxes and the biggest vans. **MODULCAR FLOORY RICE** is a cheaper `rice grain´ laminate..

MODULCAR FLOORY SAND fine silica anti-slip laminate to be used in demanding floors that require a long-lasting surface and/or a high anti-slip cover. 2mm thick laminate for stronger panels.
