

About us

Dermameal is a combination of the words derm(a) and meal. It means to offer benefits to skin. As a cosmetic contract manufacturer(OEM/ODM), Dermameal is developing high-end functional and emotional cosmetics, creating new values to customers. Thanks to its own bio-conversion & formulation technologies, Dermameal could have establishing a partnership with top-tier Korean cosmetic companies in the field of R&D and manufacturing within a short period of time.

2015~2017

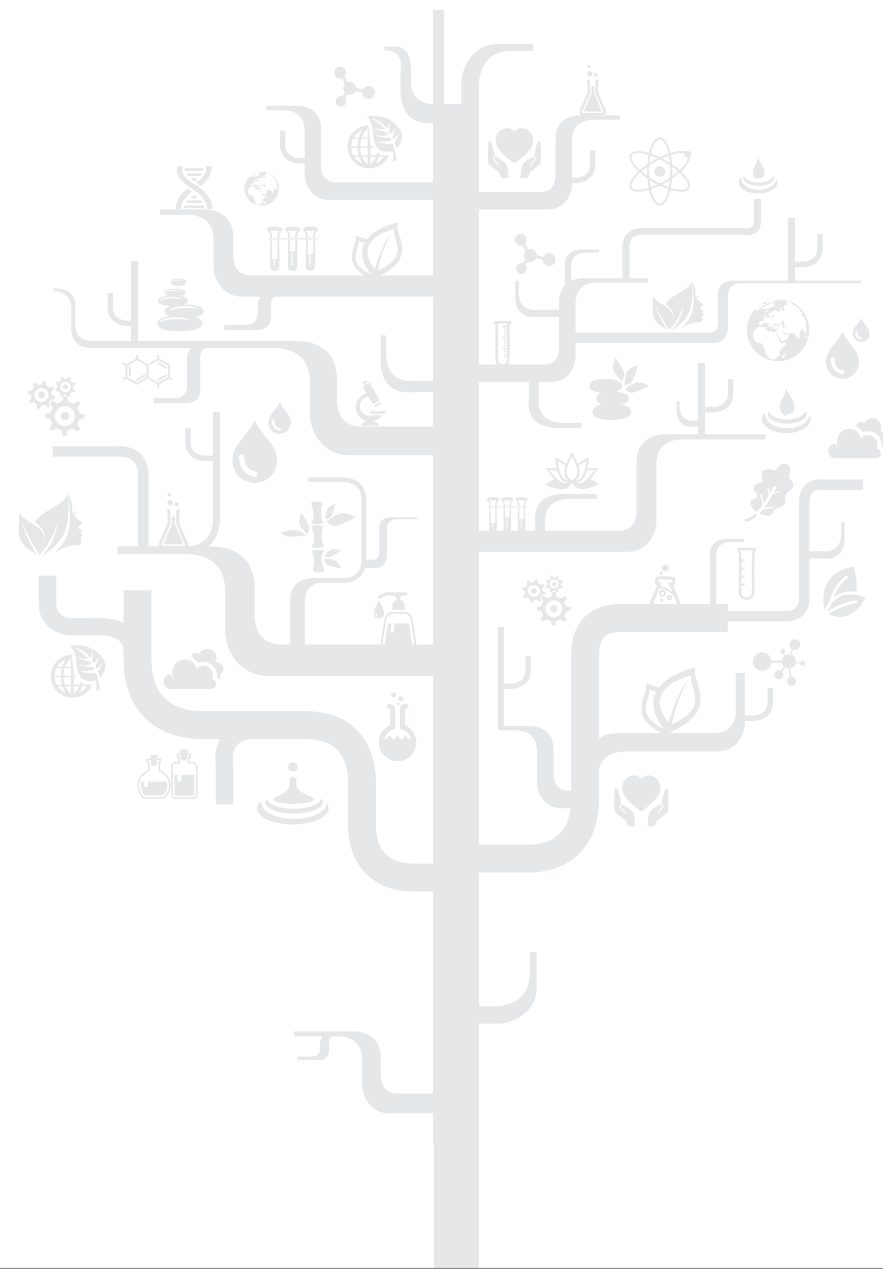

2015.03.	Founded DermaMeal Co.,Ltd.	2016.09.	Established partnership with Tony Mory
2015.03.	Established in-house research center	2016.11.	Obtained an approval for Sun cream from MFDS
2015.03.	Obtained three patent rights	2017.03.	Obtained an approval CGMP from MFDS
2015.12.	Acquired ISO 9001 certification		
2016.04.	Established partnership with Cosmecca Korea		
2016.04.	Established partnership with Able C&C		
2016.08.	Acquired ISO 22716 certification		

Code of Conduct

Create “New Values”
for customers through
the implementation of
"SPEED"

Establishment of customer-oriented **SPEED system**

- S** Satisfactory quality & service
- P** Punctual delivery
- E** Economical price
- E** Efficient production
- D** Designing & Developing

AGELESS BEAUTY

It pursues the beauty and youth of mankind with the
products of nature and science.

Product Development Process

Comprehensive assist for from making the concept to developing formulation

Market Research

Formula D/B

Formulation

Standard conformity test

Evaluation of product efficacy

Calculation of the data for standard products and validity

P,T and Production

Product Launch

Formulation technologies

Stabilization

▪ Stability expression system technology
▪ Unstable efficacy component stabilization technology
▪ Resistant material formulation technology

Efficacy

▪ Continuous visual effects formulation technology
▪ Percutaneous absorption promotion formulation technology
▪ Selective absorption formulation technology
▪ Maximizing the effectiveness of functional materials formulation technology

Emotional differentiation

▪ Feeling differentiation formulation technology
▪ Appearance differentiation technology
▪ Emotion control formulation technology
▪ Interfacial property control technology

Safety

▪ Causes irritation substance free formulation technology
▪ Causes irritation substance absorption inhibition formulation technology
▪ Non-irritation, non-allergic formulation technology

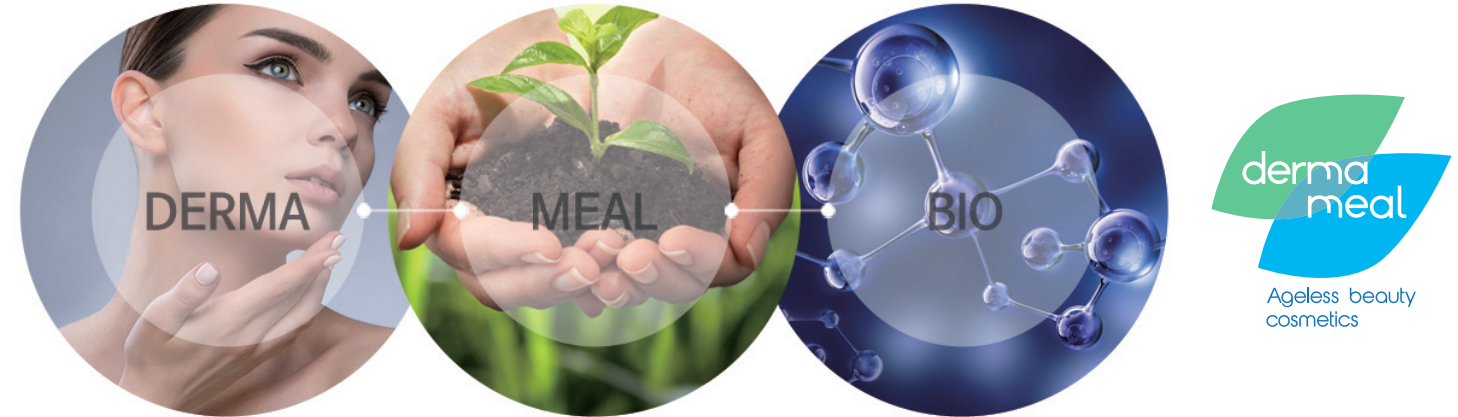

Evaluation

▪ **Stability** : Physical and chemical evaluation
▪ **Usability(Feeling)** : Rheology evaluation, emotional function evaluation

Product Framework

Classification	Type	Products
Skin care	Transparent liquid	Skin lotion(toner), Essence, Shampoo, sSet-lotion, Bath oil, Perfume, Hair tonic
	Dispersion liquid	Face-power fluid
	Multiphase separation liquid	Cleansing oil, Essence, Hair grooming aids, Permanent wave(1)
	Lotion	Milk Lotion, Hair Rinse(Hair conditioner), Liquid foundation, Eye liner, Hair grooming aids, Hair styling
	Cream	Nourishing cream, Massage cream, Cleansing cream, Cream foundation, Mascara, Hair rinse(Hair conditioner), Hair grooming aids
	Gel	Pack, Cleansing gel, Hair grooming aids, Hair styling
	Semisolid	Perfume, Skin cover, Foundation, Hair styling
	Solid	Foundation, Compact
	Powders, granule	Face-powder pack, Cleansing powder, Bath powder, Shampoo
	Aerosols	Hair spray, Shower cologn, Skin lotion, Hair tonic
Hair care	Foam	Cleansing foam, Shaving foam, Hair mouss, Hair dyeing
	Felt	Pack, Cleansing products, Essence

QC/QA [We have a strict quality control system to meet the standard of CGMP]

Quality Control Equipment

Rheometer(CR-100)	Brookfield viscometer
pH meter	Infrared Moisture Analyzers
Multipurpose Centrifuge	Automatic Digital Refractometer(RX-007a)
Polarization Microscope NSP-60T	Homo mixer
Agi mixer	BOD incubator
Cycling chamber	Clean bench(880*850*1945)

Analytical Equipment

HPLC (High-performance liquid chromatography)	GC(Gas chromatography)-MS
UV(ultraviolet) spectrophotometer	ICP(Inductively Coupled Plasma)-OES

Production [We have integrated production system]

Manufacturing Facility

Product Name
ULTRA HOMO MIXER 1,000L
ULTRA HOMO MIXER 500L
ULTRA HOMO MIXER 200L
AGITATOR(Disper&Paddle) 800L
Dispersion Mixer 5HP
AGITATOR (Disper Type) 150L / 400L / 800L

Filling and Sealing Facility

Product Name
Tube Filling & Sealing M/C (Φ50)
Mask Pack Filling & Sealing M/C (3Head)
4 NOZZLE vacuum skin filling machine
2 NOZZLE vacuum lotion filling machine
Servo motor type deformation type cream filling machine
Metal cap clamping M / C
