## RUMY, First Step For Safer Sports.

Hello, I'm Lee Ui-jong, CEO of RUMY, a goggle mask developer.

Have you ever been in danger because of the wind, bugs and sunlight that comes into your eyes while enjoying sports outside? We guarantee that RUMY Goggle Mask is the first step for safe outdoor sports. Wear the world's first all-in-one goggle mask and Experience a level upgraded sports.

RUMY Goggle Mask was made after 'a fly accident'. I was cycling wearing sunglasses. But a fly flew through a gap in my sunglasses and got stuck in my eye. At that moment, I lost my balance and had a big accident.

We started with the idea of making a product so that other people wouldn't have the same accident, at least. We spent 3 years on constant research and improvement. And we were able to produce the RUMY Goggle Mask.
