What are the key features?

Search - Use the powerful & adaptable search engine to build search profiles using multiple search criteria and to focus your tender alerts on your target markets as well as their location.

Target - Flexible keyword searching will help you identify tenders relating to your target activity, as well as activating match notifications.

Customise - You can customise and manage your dashboard to receive update alerts in real time.

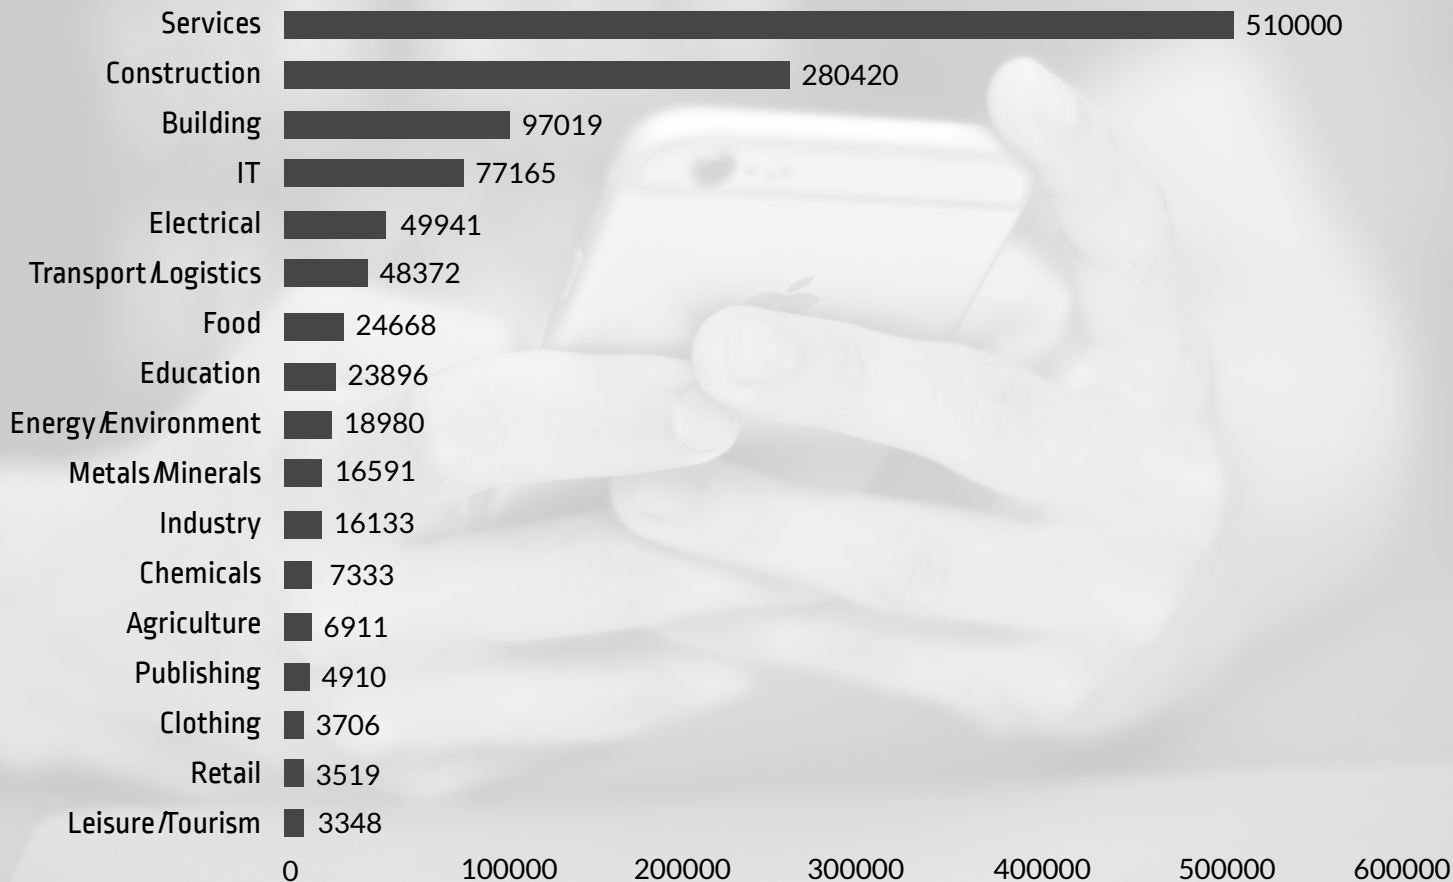

Awareness - Stay up to date and ahead of your competition by maintaining awareness of winning bids within your market sectors.

Collaborate - Propose your products & services to those companies that have been successful in winning tenders. Use the platform to communicate with those companies, to get information and to collaborate on specific tenders.

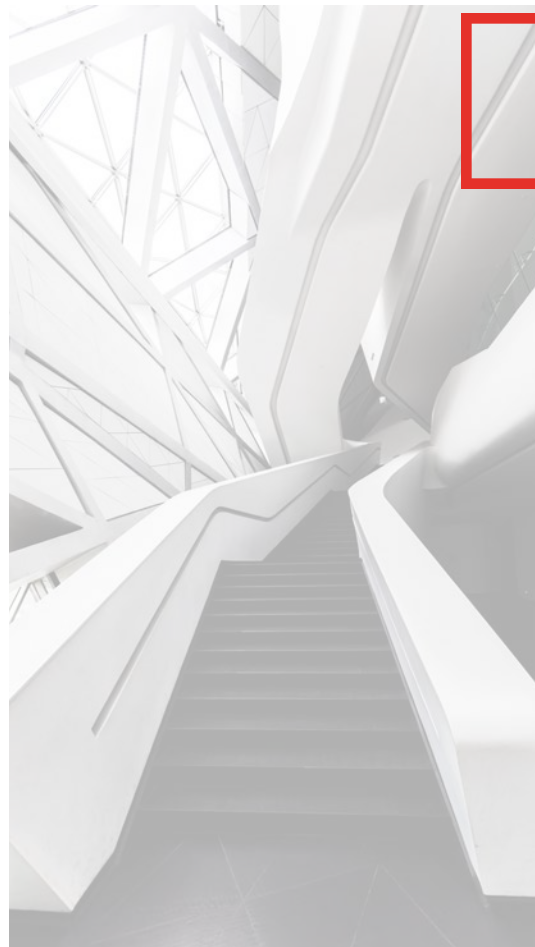

Support - Our locally based support teams are available to help with any advice or questions you may have on getting the best from Kompass Public Tenders.
