 NINE ACCORD

## 1020 NEWTRO

We invite you to the analog sensibility that has not been experienced before,  
the freshness of finding the old.

## NINE ACCORD Goes on!

This is a eyewear brand with its simplicity and cleanness that has attracted fashionable people.

It is a metal design brand that features high-quality of glasses with  
the classic symbols such as water waves and flowers.

NINE ACCORD continuously challenges to produce brand-new eyewear.

This artisan skill has been descended from father to son for 30 years.

It has consistently produced retro style eyewear for the period.

It is a metal eyewear brand that still has embers that  
can revive the glasses boom of 1980s and 1990s in Korea.

The design motto of NINE ACCORD is:

"Let's make a modern design of retro glasses and light glasses that appeals to everyone!".

The harmony of retro designs with modern one is as difficult as the coexistence of purity and maturity.

But NINE ACCORD has made the impossible possible up to now.

The sense of youth, the strenuous challenge and the spirit of innovative change of NINE ACCORD  
that dream of advancing to world market are always fresh news to fashionable people.

# SUN GLASSES

## **K i s s i n g   W E N D Y**

The cat's-eye type sunglasses are an item that women should wear at least once.

It is a whole metal, and it is coated with colors such as black, pink, and brown on the upper part of the eyeball to tone down the metal's cold feeling. The main point is the shape of the cat's-eye with the upper tail of the eyeball raised. This is a design that really suits the brown two-tone color which is the No.3 color.

## **K i s s i n g   T E S S**

It has a polygonal eye shape.

The eye shape's upper part is flat and the bottom is rounded.

The temple is a combination of titanium metal.

It is a relatively usual form, so it is made of 54 size which can be worn for both men and women.

It has been designed as a modern type that goes well with anyone.

# EYEWEAR

## **Placo CARMUS**

It is an upgraded version of PLACO INTO3.

It has the same eye shape and frame shape of the PLACO INTO3,  
but is designed to be able to put acetate on the upper part.

The Acetate has a same shape like eyebrows, so it feels strong.

It is made in the form that attach the acetate to the upper part to use various color  
like leopard or pastel tone which is hard to be shown in the metal frames.

## **Ti RISA / Ti VERA**

The back part of the rim has a thicknesses of the wing type,  
so it is enhance the overall style of the frame.

The entire frame's weight was minimized by using titanium materials.

## **Union TIYRA**

It is a combination type.

The metal area is slightly visible and using a transparent series of acetates,  
the inside is slightly visible like a see-through.

It has a polygonal eye shape and the lower part is round, so you can wear it stylishly.

This model can be used for both men and women.
