

e Smart Class

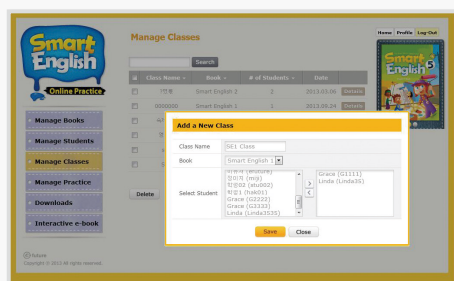

eSmart Class (www.eSmartClass.net) is the online home for many of our English language programs. Here teachers and students are able to access a variety of resources for many of the textbooks that they use including online practice material, classroom resources, an interactive e-book as well as a simple and easy-to-use learning content management system.

eSmart Class has information for both registered and non-registered users.

Unregistered Users	Registered Teachers (with access code from teacher's manual)	Registered Students

e-future Applications

e-future offers a range of great applications in two categories. There are free supporting applications and paid or in-app purchase applications. They are available on both Android and iOS devices.

Free Applications (Product Support)

EFL Phonics is an easy-to-teach five-level series for elementary school students who are learning English as a foreign language (EFL). The EFL Phonics app provides students with an interactive way to review the phonics skills they have learned in the series. The app includes flashcards, audio, a review activity, and a fun game.

Speed Phonics is a three-level phonics program for young learners of English. Designed by EFL specialists, Speed Phonics uses a quick and concise approach to introduce the basic phonics skills. The Speed Phonics app provides students with an interactive way to review the phonics skills they have learned in the series. The app includes flashcards, audio, a review activity, and a fun game.

Vera the Alien Hunter is an award-winning, three-level, 18-volume series of comic readers offering action-packed stories about Vera and her mysterious cat, Luca. The app gives students a chance to review vocabulary and play fun games that reinforce their understanding. Students are also able to listen to the stories' audio tracks through the app.

Magic Adventures is an exciting, three-level, 18-volume series of comic readers that follows Jack, his sister Bella, and their dog Ace, along with their witch-neighbor, Olivia. Together they work to save the world against dangers and villains. The app provides opportunities to practice key vocabulary as well as audio tracks to read along with the story.

School Adventures is a fun-to-read series of comic readers offering engaging stories that help with developing English language skills. The School Adventures app was developed to give students additional vocabulary practice. The app gives students a chance to review vocabulary and play fun games that reinforce their understanding. Students are also able to listen to the story's audio tracks through the app.

Paid Applications

Little Phonics is an easy-to-use phonics application for young preschool and kindergarten students. This fun and interactive application introduces the alphabet to students. It provides students with a variety of presentation and practice activities to help students master the material.

Smart Phonics is a five-level phonics series specifically designed for young EFL/ESL learners. This fun and interactive application presents the alphabet, vowel combinations and consonant blends. A vast assortment of activities and engaging stories and games will help students develop basic literacy skills in a fun and exciting way.

Phonics Fun Readers application contains twenty-five fun and easy-to-read phonics stories for young learners. Each storybook contains a colorfully illustrated, engaging story, interactive activities for practicing target sounds and words and entertaining games. Each story is written to focus on a particular phonics target or targets. By reading these stories, children will be able to practice foundation reading in a fun way.

* Only available on iOS.

Art Classic Stories is a collection of classic tales told through rhyme and beautifully illustrated in the art style of a well-known artist. The engaging stories will entertain children and the colorful illustrations will help tell each story while providing a glimpse into the world of art. The use of rhyme also offers a new twist to these classic stories.

Smart Phonics Tree House is a collection of applications for children. The series offers English as a foreign language (EFL) learners a systematic and enjoyable way to master English phonics through listening, reading, writing, and speaking. * Only available on iOS.
