ADDING VALUE FOR MORE THAN **50 YEARS** 

For more than fifty years, TECNOTELAI has been supporting companies that need to fit out work spaces. Founded in 1967 as a furniture manufacturing company for the industrial sector, Tecnotelai was immediately set apart by its:

- VALUE FOR MONEY,
- IN-STOCK PRODUCTS.
- efficient customer services, ■ attention to detail characterising its exclusively Italian products.

In order to respond to the increasing demand for custom solutions, the range of industrial products was quickly expanded to include the office line, affording Tecnotelai increasing recognition as a UNIQUE POINT OF REFERENCE for companies in our territory.

## PRE-SALE DESIGN & CONSULTANCY

Tecnotelai technicians visit the site to analyse the available space in detail. They take measurements, collect information and discuss the customer's needs in order to develop a number of "photo-realistic" design options, providing customers with a virtual simulation of the space completely fitted out.

#### TRANSPORT

All solutions proposed by **Tecnotelai** are delivered to the customer's facilities by qualified personnel thanks to an efficient and rapid transport system with a capillary network throughout Italy and beyond. Deliveries are made using the company vehicle fleet with guaranteed punctuality and reliability.

#### SHOWROOM

Two **Spacious Showrooms**, dedicated to the "industrial" and "office" sectors, where clientele can touch the quality of industrial products first-hand and view simulations of office environments fitted out with style and sophistication.
