## company profile

SHERILEE Co. Ltd., is a new name of Wintech which has been a design furniture manufacturer for 20 years, also a frontier company which supplies nail art furniture for the first time in Korea. In the year of 2000, we stepped into the nail art market and began to export to U.S.A, the origin of the nail art business.

We produce a wide range of furniture of high quality such as customized furniture, ready-made furniture, chairs and spa, machines. We are the best specialized nail art company in Korea.

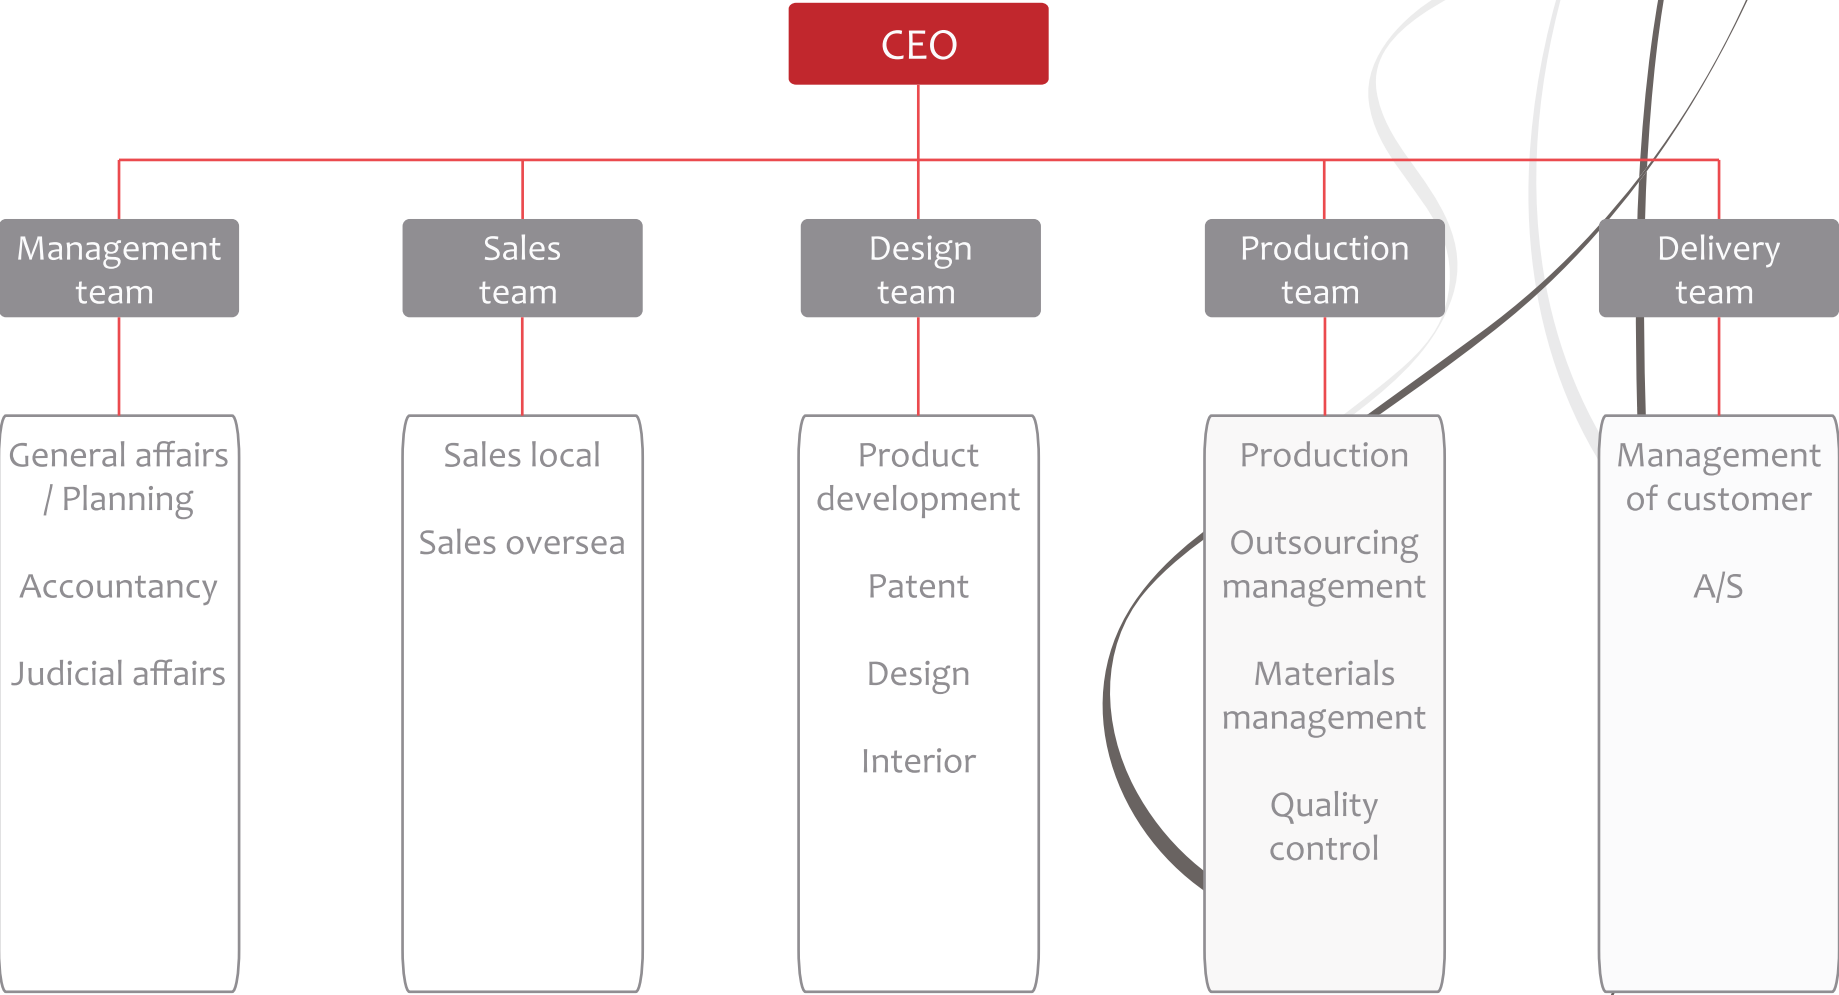

With having a Chinese factory managed by us, we can supply you with cheap and high quality products continually so that we can export the products to the U.S.A steadily. Also, with a local Korean coated furniture line, LPM•HPM furniture etc, we have "locally qualified Korean production" and "Chinese manufacture factory". These two advantages will ensure you that SHERILEE Co. Ltd., will do the best to give you incomparable quality products at the lowest price.

Thank you.

CEO kyu-il Lee
