SINCE 2015

## COMPANY PROFILE

Sen Viet Medical Supplies company established in 2015 specialize in Medical face mask and medical supplies. We always consider ourselves as a young enterprise which is always eager to learn, to innovate and to improve ourselves day by day. In 2020, Sen Viet established 2nd factories in Binh Duong and 1 face mask machine factory in Bien Hoa.

Sen Viet is being the first enterprise in Vietnam which can take advantages in mask making technology to produce high quality, high capacity and various types of mask for the customer's needs with Medical's international standard. With 50 fully automatic mask production lines operating at 2 factories, Sen Viet can be able to expand to hundreds lines to meet customers demand in short time .

Today, Senviet was recognized as one of the biggest Medical Mask manufacturers in Vietnam . We non stop, continuously improving our quality products and professional services to maintain international standard and best customer satisfaction.

## OUR STORY

Senviet is one of the biggest Medical Mask manufacturers in Vietnam. Established in 2015 as a young enterprise, within 5 years, Senviet has proudly become a pioneer in the medical supplies industry in Vietnam. We take great pride in our international standard and unceasing customer satisfaction. With clients' health and safety in mind, Senviet never stop improving the quality and professionalism of our products and services.

In 2020, recognizing the market's dire demand for good quality medical mask due to the world health crisis of COVID-19, Senviet has started producing 4-ply medical face mask that meet EU/US standard, reaching ASTM level 2 that qualified for hospital and frontline medical workforces.

### Certifications and Test Results:

- FDA: 3017366759 (Registration Number)
- CE: "Test Standard: EN 14683:2019"
- CFS: Certificates of Free Sales
- CR: Certificate of Conformity - Bureau Veritas
- Test reports from TUV and Intertek

..

# VISION

Senviet believes that preventative healthcare should not be a luxury, and all medical workers should receive the proper PPE. Nothing should come before the safety of our clients, employees, and community.

## MISSION

We strive for excellence in every single product we create through rigorous product testing, frequent technology maintainance, selective materials, ethical sourcing, and open innovations.

All products from Senviet must meet:

1. International medical standards
2. Affordable price
3. Optimal comfort
4. Esthetic design

Senviet understands that none of our achievements would come true if we did not have the honor to have a talented team of dedicated individuals. That is why Senviet committed to nurture and support each and every member of our team, across departments, without discrimination or exception. They are the heart of Senviet, and together, we're aiming for the highest standard in the medical supplies industry.
