

Company Introduction

G1 BIO Co., Ltd.

1. Company Information

Name	G1 BIO Co., Ltd.
CEO	WOOSIK KIM
Establishment	Sep. 10, 2013
Address	441-2 Sinmae-ri, Seo-myeon, Chuncheon-si, Gangwon-do, Republic of Korea
Tel	+82-70-4964-3737
E-mail	kurt1025@daum.net
Website	www.soqu.co.kr
No. of Employees	Management (4) Sales (5) Production (30) R&D (5)

Major Career of CEO
<p>Graduated from the Department of Food Science and Biotechnology, Sungkyunkwan University (1994)</p> <p>Researcher at KIST Genetic Engineering Research Institute</p> <p>Senior researcher at LAMI Cosmetics</p> <p>Domestic sales for MEDISON</p> <p>Completed MA in food science and biotechnology at Gangwon National University</p> <p>A certified technology valuation specialist</p> <p>Establishment of G1 BIO Co., Ltd.</p>

Holding Technologies	<ol style="list-style-type: none"> 1. Patented technology 2. 1. Black ginseng manufacturing device and method: ginseng manufacturing method to increase the content of low molecular saponin. 3. 4. 2. Optimization of extraction conditions for mixture of camellia sinensis using response surface analysis methodology: establishment of ultrasound extraction condition 5. 6. R&D 7. 1. Research on the phylogenetic classification of Kimchi fermentation probiotics (chemotaxonomy method) 8. 2. Research on the increase in Rg3, Compound K content depending on ginseng extract fermentation condition 9. 3. Commercialization of cosmetics ingredients with improved anti-oxidant effect of sprout barley extracts 10. 4. Research on skin whitening effect of privet fruit extracts 11. 5. Research on skin whitening effect of cynomorium herb extracts 12. 6. Technology of hair removal cream whose main ingredient is sugar

1. Company Information

	2015	2016	2017
Overseas Certification	4 items registration in Thai FDA	6 items registrations in Thai FDA	1 item Halal certification 2 items registrations in Vietnam FDA 6 items registrations in Thai FDA 7 items China FDA
Technology Transfer	- Extracts that contain sprout barley origin polyphenol compound and its manufacturing method (From National Institute of Crop Science)		
Record of Performing National Tasks	<ul style="list-style-type: none"> - Foundation of Agriculture Technology Commercialization and Transfer (support for the commercialization of R&D outcome-Development of high functional mask pack utilizing sprout barley extracts (2015-2016)) - Kangwon National University (support for the commercialization of transferred technology) (2017) - Gangwon Technopark Fast Track: support for obtaining Chinese FDA (2017) 		
Awards	<ul style="list-style-type: none"> - Won Gangwon Governor citation for the contribution to export at the 52th Trade Day (Nov. 2015) - Won Korea International Trade Association citation for contribution to export at the 44th Commerce Day (Mar. 2017) - Million Dollar Export Record Award (2017) by President of Korea 		<ul style="list-style-type: none"> - Designated as a venture company (Korea Technology Finance Corporation) - Designated as Promising Rising Company (Gangwon Mayor) - 4 patent, 4 design, 4 trade marks

2. Products

Main Products			
SOQU V-LINE DUAL MASK KIT	SOQU DEEP SEA WATER ALOE VERA 99% SOOTHING GEL	SOQU DEEP SEA WATER ALOE VERA SOOTHING MASK	LALIO JEJU NATURAL ALOE VERA DEEP CLEAN FOAM CLEANSER
			
SOQU MOISTURE ALOE VERA COLLAGEN TONER & EMULSION	SOQU MOISTURE ALOE VERA COLLAGEN HYDROGEL MIST & SLEEPING MASK	MIRACLE-S	LALIO NATURAL TOMATO 99% SOOTHING GEL
			

3. NETWORK

6. Business Goals (2017)

2017 Major Objectives

1. Technology Development

- ✓ Develop privet fruit and cynomorium herb extraction condition and method (low temperature ultrasound extraction and raw material standardization)
- ✓ Develop texture for functional cosmetics (applying nano liposome technology)
- ✓ Establish product efficacy analysis process and standardize products
- ✓ Patent application Privet fruit and cynomorium herb extraction process optimization (temporary name)

2. Product Development

- ✓ Develop double effect functional mask, rose foam cleansing, double effect functional body lotion
- ✓ Develop 4 kinds of all in one skin care products
- ✓ Establish the foundation for individual and standard type functional cosmetics utilizing privet fruit and cynomorium herb extracts
- ✓ Develop and commercialize anti-acne, brown spot improvement and ultraviolet protection materials (2018)
- ✓ Expand product portfolio gradually

3. Marketing

- ✓ Participate in major overseas exhibitions and identify overseas buyers
- ✓ Establish major overseas online distribution channels: Taobao, JD.com, Rakuten, Q10, Amazon, eBay
- ✓ Enter market through joint trade mark application with major overseas buyers
- ✓ Expand strategic alliance with major overseas distributors and manufactures
- ✓ Overseas certification: Chinese SFDA, HALAL, FDA

7. Products under Development (2017)

3STEP Mask

- ✓ Bio cellulose, honey texture mask
- ✓ Face whitening sheet type mask
- ✓ Transderma delivery hydrogel technology application → improvement in elasticity and absorption
- ✓ Nano liposome technology application → increase in absorption rate of active ingredients into skin (intensive care for wrinkles and spots)

Body Moisturizer

- ✓ Double effect functional body lotion
- ✓ Excellent whole body moisturizing effect
- ✓ Fat burning and elasticity improvement effects

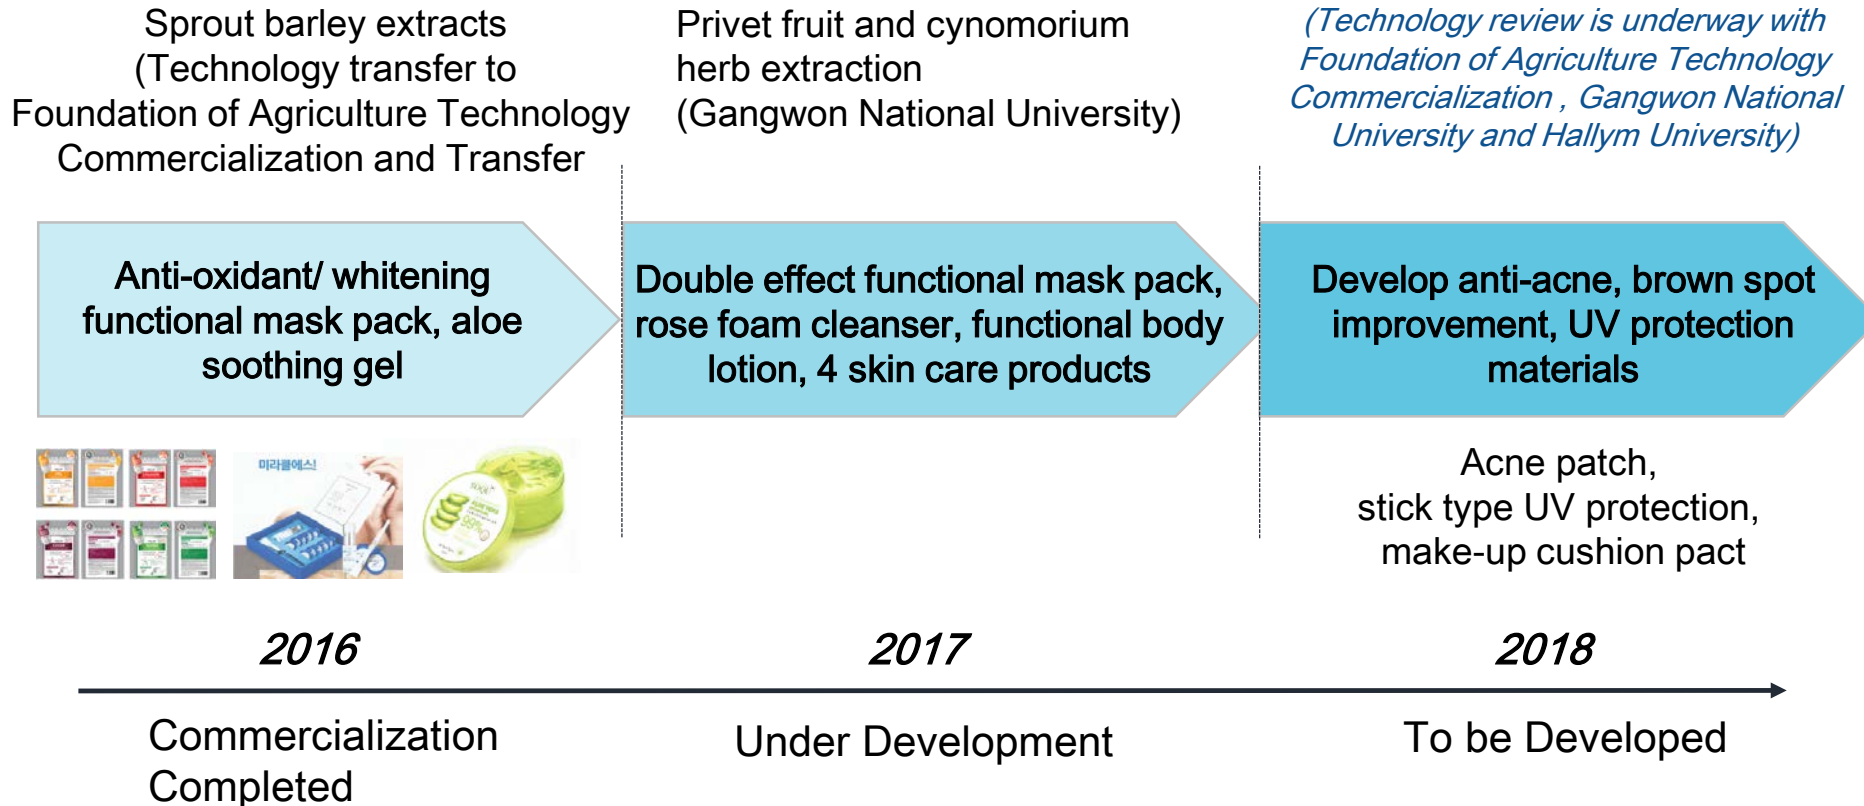

Rose Foam Cleanser

- ✓ Facial foam cleansing. Excellent cleansing and moisture capture effect after use
- ✓ Nozzle design to make the rose shape foam
- ✓ Application of low irritant Surfactant

4 Kinds of All in one Skin Care Products

- ✓ Integration of wrinkle improvement, whitening and UV protection functions
- ✓ Application of nano liposome technology → increase in skin absorption rate of active ingredients (intensive care for wrinkles and spots)

8. Roadmap for Product Development

9. MAIN BUYERS

COUNTRY		ITEMS	DISTRIBUTION CHANEL
1	THAILAND	ALOE SOOTHING GEL, MASK	DRUG STORE (WATSONS, BOOTS)
2	SINGAPORE	ALOE SOOTHING GEL, MASK	MULTIBRAND SHOP, ONLINE
3	TURKEY	ALOE SOOTHING GEL, MASK	COMETIC SHOPS, WATSONS
4	AUSTRALIA	V-LINE DUAL MASK	COMETIC SHOPS (300)
5	POLAND	V-LINE DUAL MASK	BEAUTY SALONS (1,000)
6	CHINA	ALOE SOOTHING GEL, MASK	COSMETIC SHOPS, ONLINE
7	JAPAN	MIRACLE-S	DRUGSTORES
Others			

10. PRODUCTION LINE

New cGMP Pharma Factory in Addition to Pyeongtaek & Anseong Factory

HQ and R&D Center (Seoul)

New cGMP Factory in Land Area of 19,582 m²

Cosmetic Factory (Pyeongtaek)

Product	Transdermal System(Patches), Plaster, and Cataplasma
Factory Area	1,665 m ²
Qualification	- ISO 9001, ISO 14001, ISO 22716

Pharma Factory (Anseong)

Product	Cosmetic Facial Mask, Variety Cosmetic Patches, and Full range of Skin Cares
Factory Area	1,244 m ²
Regulatory Approval	KFDA(Korea)
