ABOUT KCR TRADERS

Pure Coconut. Pure Trust.

KCR Traders is an **India-based** supplier and exporter of coconut and coconut-based products, focused on serving **domestic and international B2B markets**. We work closely with farmers, processors, and export partners across South India to ensure consistent quality and reliable supply.

Our business is built on long-term relationships, transparent trade practices, and a strong understanding of global buyer expectations. From sourcing to final dispatch, every step is managed with **quality and export compliance** in mind.

Our Business Focus

We specialize in supplying export-ready coconut products for importers, distributors, wholesalers, and food manufacturers. Our product portfolio supports retail, food service, and industrial applications, with **flexibility in packaging formats and private labelling options**.

- Retail & FMCG Supply
- Food Service & HoReCa
- Industrial & Bulk Supply
- Private Label & Custom Packaging

OUR CAPABILITIES & VALUES

With deep sourcing roots in South India's coconut-growing regions, KCR Traders ensures traceability, quality consistency, and scalable supply volumes. We align our operations with international trade requirements to support smooth imports and long-term partnerships.

Why Buyers Choose KCR Traders

- Product of India with traceable sourcing
- Export-focused quality standards
- Consistent supply capability across seasons
- Custom packaging and private label support
- HS code mapping and export documentation
- Responsive communication and trade transparency

Quality & Compliance

All products supplied by KCR Traders are supported by **laboratory testing** and comply with destination-country requirements. We assist buyers with **shelf-life data, packaging standards, and documentation** as per international food safety norms.

Markets We Serve

India • UAE • GCC Countries • USA • Europe • Southeast Asia

India-Based Sourcing | Reliable Supply | Global Trade Network

OUR PRODUCT RANGE

Export-Ready Coconut & Coconut-Based Products

KCR Traders offers a focused portfolio of coconut and coconut-based products developed for international B2B trade. Our products are supplied in **export-grade packaging** and are suitable for **importers, distributors, wholesalers, food manufacturers, and private label buyers**. Each product category is available in **multiple packaging formats**, with flexibility to meet retail, HoReCa, and industrial requirements.

Product Categories

- Coconut Sugar
- Desiccated Coconut
- Virgin & Cold-Pressed Coconut Oil
- Vegan Coconut Cheese
- Raw Coconuts
- Coco Peat

Packaging & Supply Formats

Our products are supplied in both retail and bulk formats to support different market needs.

Retail Packs: 250g | 500g | 1kg

Custom packaging and private labelling options are available on request.

Quality & Trade Support

All products are supported with laboratory testing, HS code mapping, and export documentation. We assist buyers with compliance requirements, shelf-life information, and logistics coordination to ensure smooth international trade.

Consistent Quality | Flexible Supply | Global Trade Focus

COCOCULT™ VIRGIN COCONUT OIL

Pure Cold Pressed | Export & Private Label Supply

COCOCULT™ Virgin Coconut Oil is produced using a **cold-pressed** process from carefully selected fresh coconuts, ensuring natural aroma, purity, and nutritional integrity. The oil is unrefined, **free from chemicals**, and suitable for both **food and personal care** applications. Our virgin coconut oil is supplied to international buyers in **retail, bulk, and industrial formats**, with strong focus on quality consistency and export compliance.

Key Highlights

- 100% pure and natural
- Cold pressed & unrefined
- No chemicals or additives
- Natural coconut aroma and clear appearance
- Suitable for cooking, cosmetics & hair care
- Vegan and clean-label compliant

Packaging Options

Retail Packs: Glass & PET bottles (customisable)

Bulk Packs: 25L Jerry Can | 50L Drum | 200L HDPE Drum

Private label and custom packaging available

Product Specifications

Origin: India

Processing Method: Cold Pressed

HS Code: 151319

Shelf Life: 18–24 months

Storage: Store in a cool, dry place away from direct sunlight

Quality & Laboratory Testing

Nutritional and laboratory test reports are available for COCOCULT™ Virgin Coconut Oil. Tests include moisture, FFA, peroxide value, and fatty acid profile. Complete reports are shared with buyers on request.

Private Label & OEM Supply

COCOCULT™ offers private label and OEM manufacturing services. Buyers can **customize** branding, label language, pack size, and carton design based on target market requirements.

Brand: COCOCULT™ | Exported by KCR Traders, India

COCOCULT™ COCONUT SUGAR

Natural Sweetener | Export & Private Label Supply

COCOCULT™ Coconut Sugar is a **natural sweetener** produced from the sap of coconut palm blossoms. It is minimally processed to retain its natural minerals, rich caramel-like flavour, and free-flowing granulated texture. Our coconut sugar is supplied to global buyers in **both retail and bulk formats**, meeting export quality standards and clean-label expectations.

Key Highlights

- 100% natural and plant-based
- No artificial additives or preservatives
- Low glycaemic index compared to refined sugar
- Free-flowing granules with consistent colour
- Suitable for vegan and clean-label products

Packaging Options

Retail Packs: 250g | 500g | 1kg (custom branding available)

Bulk Packs: 25kg | 30kg food-grade bags

Private label and custom packaging supported

Product Specifications

Origin: India

HS Code: 17029020

Shelf Life: 18–24 months

Storage: Store in a cool, dry place away from moisture

Quality & Laboratory Testing

Laboratory and nutritional test reports are available for COCOCULT™ Coconut Sugar. Test parameters include moisture content, sucrose level, microbial analysis, and heavy metals. **Complete lab reports are shared with buyers on request.**

Private Label & OEM Supply

COCOCULT™ offers private label and OEM supply for coconut sugar. Buyers can **customize** pack size, branding, labelling language, and carton design to suit their target market.

Brand: COCOCULT™ | Exported by KCR Traders, India

COCOCULT™ DESICCATED COCONUT POWDER

Fine Grade | Export & Private Label Supply

COCOCULT™ Desiccated Coconut Powder is produced from fresh, mature coconuts that are carefully cleaned, grated, and dried under controlled conditions to preserve natural flavour, colour, and texture. Our desiccated coconut powder meets **international food safety standards** and is suitable for **retail, bakery, confectionery, and industrial food applications.**

Key Highlights

- Made from fresh mature coconuts
- Clean white colour and natural aroma
- Free-flowing fine granulation
- No added preservatives or chemicals
- Suitable for vegan and clean-label products

Applications

- Bakery & confectionery
- Snacks & ready-to-eat foods
- FMCG and food manufacturing
- Retail and private label brands

Packaging Options

Retail Packs: 250g | 500g | 1kg

Bulk Packs: 25kg | 30kg food-grade bags

Product Specifications

Origin: India

HS Code: 08011100

Shelf Life: 12–18 months

Storage: Store in a cool, dry place away from moisture

Quality & Laboratory Testing

COCOCULT™ Desiccated Coconut Powder is supported by **laboratory and nutritional test reports**. Testing includes moisture content, fat content, microbial analysis, and foreign matter control. Reports are provided to buyers upon request.

Private Label & OEM Supply

We support private label and OEM supply for desiccated coconut powder. Buyers can **customize** pack size, branding, label language, and carton specifications based on market requirements.

Brand: COCOCULT™ | Exported by KCR Traders, India

COCOCULT™ COCO PEAT

Low EC | High Expansion | Export & Private Label Supply

COCOCULT™ Coco Peat is a premium natural growing medium derived from coconut husk, processed, washed, and compressed to achieve **low EC, balanced pH, and high water retention**. It is an eco-friendly and sustainable alternative to traditional peat moss. Our coco peat is widely used in horticulture, greenhouse farming, hydroponics, and soil conditioning by professional growers and agricultural importers worldwide.

Key Highlights

- 100% natural & biodegradable
- Low EC – suitable for sensitive crops
- Excellent water holding capacity
- High expansion ratio
- Weed-free & pathogen controlled
- Sustainable alternative to peat moss

Applications

- Horticulture & greenhouse cultivation
- Hydroponics & vertical farming

- Nursery & potting mixes
- Landscaping & soil conditioning

Technical Specifications

Block Weight: 4.5 – 5 kg

pH Range: 5.5 – 6.5

EC Level: 0.5 (1:1.5 wet method)

Fiber Content: Approx. 5%

Expansion Volume: 70 – 80 litres per block

Moisture Content: Below 15%

Packaging Options

Compressed Blocks / Briquettes

Palletized export packing

Private label and custom packaging supported

Quality & Export Compliance

COCOCULT™ Coco Peat is processed under controlled conditions. Quality parameters and lab test reports are available as per destination market requirements.

Private Label & OEM Supply

We offer **private label and OEM supply** for coco peat. Buyers can **customize** block size, branding, packaging format, and pallet configuration.

Brand: COCOCULT™ | Exported by KCR Traders, India

COCOCULT™ VEGAN MOZZARELLA CHEESE

Plant-Based | Melts Like Magic | Export & Private Label Supply

COCOCULT™ Vegan Mozzarella Cheese is a premium **plant-based cheese** alternative developed using **coconut-based ingredients** to deliver excellent melt, stretch, and mouthfeel. It is completely **dairy-free** and suitable for **vegan and lactose-intolerant** consumers. Our vegan mozzarella is designed for food service, HoReCa, and retail applications, meeting international quality and safety standards.

Key Highlights

- 100% plant-based and dairy-free
- Made from coconut-derived ingredients
- Excellent melting and stretch properties
- Neutral flavour suitable for multiple cuisines
- Free from cholesterol and animal products

Applications

- Pizza & baked dishes
- Pasta & ready meals

- HoReCa & food service kitchens
- Retail vegan cheese segments

Packaging Options

Product Specifications

Origin: India

Shelf Life: 6 months (refrigerated)

Storage: Store under recommended chilled conditions

Quality, Safety & Laboratory Testing

COCOCULT™ Vegan Mozzarella Cheese is supported by laboratory test reports and shelf-life studies. Microbiological analysis, nutritional parameters, and stability testing are conducted to ensure product safety and consistency. **Lab reports are available to buyers on request.**

Private Label & OEM Supply

We offer private label and OEM manufacturing for vegan mozzarella cheese. Buyers can **customize** branding, packaging format, label language, and carton design as per market requirements.

Brand: COCOCULT™ | Exported by KCR Traders, India

PRIVATE LABEL & EXPORT PARTNERSHIPS

Your Trusted Coconut-Based Manufacturing & Export Partner

Private Label & OEM Services

COCOCULT™, backed by KCR Traders, offers comprehensive **private label and OEM manufacturing services** for coconut and coconut-based products. We support international buyers in **building their own brands** with reliable sourcing, consistent quality, and export-ready documentation. From **product formulation to final packaging**, our team works closely with buyers to meet market-specific requirements.

What We Offer

- Custom branding and label design support
- Flexible pack sizes for retail, food service, and bulk
- Multilingual labeling as per destination market
- Export documentation and HS code support
- Scalable production capacity
- Long-term supply partnerships

Export & Compliance Support

We assist buyers with **laboratory reports, shelf-life data, certifications, and logistics coordination**. Our export experience across multiple markets ensures smooth trade execution and compliance with international standards.
