# Quality Control

# Certificates & Associations

OVIO's POU and Bottled water coolers are certified CE, RoHS, ISO-14001, ISO-9001, ETL and PSE by the EU, Japan and Korea. As well as all internal water contact parts are made of no toxic material. OVIO performs internal audits about manufacturing facilities to verify all materials used in process of manufacturing are according to strict company's Total Quality Controls (TQC).

We (OVIO Corporation) are fully accredited and hold memberships with the Water Association in EU, Asia and America. This requires us to ensure that every aspect of our operations meets the highest standards required while we continue to delivery only the best bottled water coolers and POU dispensers to customer.
