**UART-K**  
**CEO Bae Mi-kyoung**

“

Hello, I am Bae Mi-kyung, the Chief  
Executive Officer of UART-K.

”

**I have accrued over 25 years of experience working with human skin, experimenting with a wide array of ingredients and evaluating multiple cosmetic products.**

For those facing challenges in selecting suitable cosmetics as their skin undergoes gradual deterioration from prolonged exposure to harsh conditions, I commit to leveraging my extensive experience to assist you in discovering the ideal complementary products for enhancing your skincare routine, guaranteeing enduring outcomes.

## 01

### Brand overview

The term RHEA signifies cosmetics crafted from natural earth-derived ingredients. The skincare brand takes its name from Rhea, the Greek goddess of earth and fertility. Our products are divided into two categories: Resvera Line and the Moisterr Line, distinguished by their special main ingredients.

## 03

### Resvera Line

Two high-performing cosmetic items (serum, cream), comprising a serum and a cream, serve the dual purpose of whitening and reducing wrinkles. Their key ingredient is a patented peanut oil called 'K-OL', which contains a high amount of the potent antioxidant 'resveratrol'.

### Special ingredients

1.The premium patented peanut oil, known as "K-OL Oil", was developed by Dr. Bae Seok-bok of the Korea Rural Development Administration. Our product is comprised of a high-value raw material, such as 83.1% oleic acid and significant levels of the powerful antioxidant 'resveratrol'.  
2.Vegetal PCY220, a new ingredient developed and manufactured by RHEA: An exceptional blend of Chionanthus Retusus Flower Extract, known for its moisturizing, whitening, and firming properties, and Prunus Mume Flower Extract, appreciated for its moisturizing and antibacterial benefits.

### Moisterr Line

This product line showcases four appealing moisturizing cosmetics that utilize plums, a specialty of Yangsan City, Gyeongnam, the company location, along with flowers from Chionanthus retusus, a symbolic tree, as the primary components.

# Brand 'Forestworks'

## 01

### Brand Overview

Forestworks offers products specifically designed for body care. The brand is committed to providing natural grooming products formulated to create a rejuvenating and invigorating environment for youthful and radiant skin.

Forestworks: the brand that caters to your skin's needs and delivers results!

Nurture your skin with the optimal environment provided by Forestworks.

### Experience the difference with our double-layered ampoule body wash

The body wash is formulated with a unique combination of seven patented botanical compositions, patented peanut 'K-OL Oil', and a range of additional components designed to effectively cleanse and hydrate the skin, featuring distinct oil and water layers.

The liquid formulation contained within this dense ampoule body wash effectively moisturizes the skin, preventing dryness, while also soothing debris/impurities, making it unnecessary to apply additional creams or lotions post-shower.

## Resvera line products from brand RHea

Resvera line products from brand RHEA are manufactured using patented peanut 'K-OL' as the main ingredient, and consist of high-performance products with dual functions such as **whitening and anti-wrinkle benefits**.

The products are carefully formulated without the use of purified water. Instead, they contain **Rosa Centifolia Flower Water** for deep moisturizing and nourishing skincare. Additionally, **natural essential oils** are incorporated to create a luxurious fragrance and provide aromatherapy benefits.

The product has undergone rigorous skin irritation testing, confirming its safety by demonstrating non-irritating properties.

**RESVERA PURE ACTIVE SERUM 50ML**

### Features

A dual-functional cosmetics with **whitening** and **anti-wrinkle** properties, providing deep moisturization and rich texture.

This special cosmetics contains peptides that help improve the skin's barrier and provide a **strong layer of moisture**.

**RESVERA PERFECT ENERGIZING CREAM 50G**

### Key Ingredients

100% Provence Rose Flower Water

- K-OL: a significantly higher oleic acid content than Olive oil. Antioxidant, anti-aging, whitening
- Niacinamide : Whitening functional ingredients recognized by the Food and Drug Administration
- Adenosine : Elasticity-reinforcing ingredients recognized by the Food and Drug Administration
- Peptide : wrinkle improvement, skin elasticity
- Madecassoside : skin regeneration and skin moisturization
- Green tea extract : skin convergence and soothing, antioxidant, whitening, and acne improvement
- Paeonia lactiflora root extract : Skin tone improvement

## Moisterr line products from brand RHea

The line consists of energized and eco-friendly products made of 'Vegetal PCY220', a new ingredient developed and manufactured from 'plum', a specialty product of Yangsan City, Gyeongnam, the company location, and 'flowers of Chionanthus retusus', a symbolic tree.

The beautiful white **flowers of Chionanthus retusus** help to **strengthen and brighten the skin** barrier. **Plums**, rich in vitamin C and polyphenols, aid in **clarifying** the skin tone and boast **moisturizing** and antibacterial attributes, fostering the maintenance of radiant, healthy skin..

**MOISTERR CLEAN

- Arbutin : Whitening, melanin production inhibition
- Glacier water : Soothing and moisturizing skin
- Laminaria Japonica Extract : Moisture, skin elasticity, exfoliation, and prevention of fine wrinkles

# Brand Forestworks products

This unique body wash features two layers: an oil layer and a water layer. It serves as an all-in-one ampoule body wash, providing convenient cleansing, moisturizing, and nourishing benefits in a single product.

Gently agitate the product to activate the formula and enjoy a shower with a gentle, dense lather and a refreshing forest scent.

Skin remains moisturized, flake-free, and soft without any dryness following a shower!

DUAL INTENSIVE RELAXING  
SPA BODY WASH 500ML

## Oil layer

- POINT 01** **Soy lecithin (saponin) + coconut**  
Gentle and delicate cleansing
- POINT 02** **Patented peanut K-OL Oil**  
Nourish, moisturize, and soften the skin with the necessary nutrients.
- POINT 03** **Moroccan Golden Argan Oil**  
For glowing, firm skin

## Water layer

- POINT 01** **Seven patented compositions (fermented soybean, willow, Portulaca oleracea Linné, gold, Cinnamomum Cassia, Chamaecyparis Obtusa, and oregano)**  
Beneficial for its ability to fight bacteria, soothe skin, control sebum, and moisturize.
- POINT 02** **Glacial water/Niacinamide**  
Leaves the skin looking smooth and radiant.
