TENDO°

Premium type P-1200 III Released! Entry type SJ-50M / SJ-25M Released!

TENDO Tape dispenser details (P-1200 III)

Magic of 10° Degree!

- Available label attached.
- Include 2EA name tag.

Magic of 10° Degree!

- Easily cut at an angle of the blade.
- Strong durability of the knife blade.
- Center line replaceable blade.

Ergonomic rubber handle!

- The stopper function can control rolling.
(Use for both right- and left-handed!)

Replacement Blade!

- If you replace the blade only with a new product!
(Reduced maintenance costs)

Urethane Cover!

- Urethane coating (only P-1200) and Ergonomic curve design makes it comfortable to use for long periods of time.
Installation of rubber handle makes it possible to hold in the most comfortable angle to reduce wrist fatigue.
