Introduction

Since the establishment of Shengyu (Dalian) Trading Company, we have provided professional service to clients in many industries in adherence with our core principles of sincerity and trust. We provide our customers with a one-stop service, exporting basic chemicals and fertilizers, such as MDI for PU foam, PU catalyst and stabilizer, caustic soda flakes, soda ash, PAC, ammonium sulphate and urea to Asia, Europe, North America, Africa, etc. We provide goods and services to several thousand customers and are highly regarded industry specialists. Our sales engineers and service staff visit clients across the country and are always available to assist you in selecting the most suitable products and provide you with the very best technical support.

Located in Dalian's Free Trade Zone, the Company has remained good relations with many chemical manufacturers, which enables us to supply our customers with quick and convenient delivery at any time. We will continue to satisfy the high demands of our customers with excellent service, high quality products and technical expertise.

Our mission: to provide sincere and trustworthy customer service; to maintain product quality and environmental integrity; to build a brighter future together with you!
