

Not partially but entirely,  
100% Pure titanium

VERDI eyewear

# 01 New Pure Titanium Series

## Pure Titanium Series

New KARRA Pure Titanium Frame

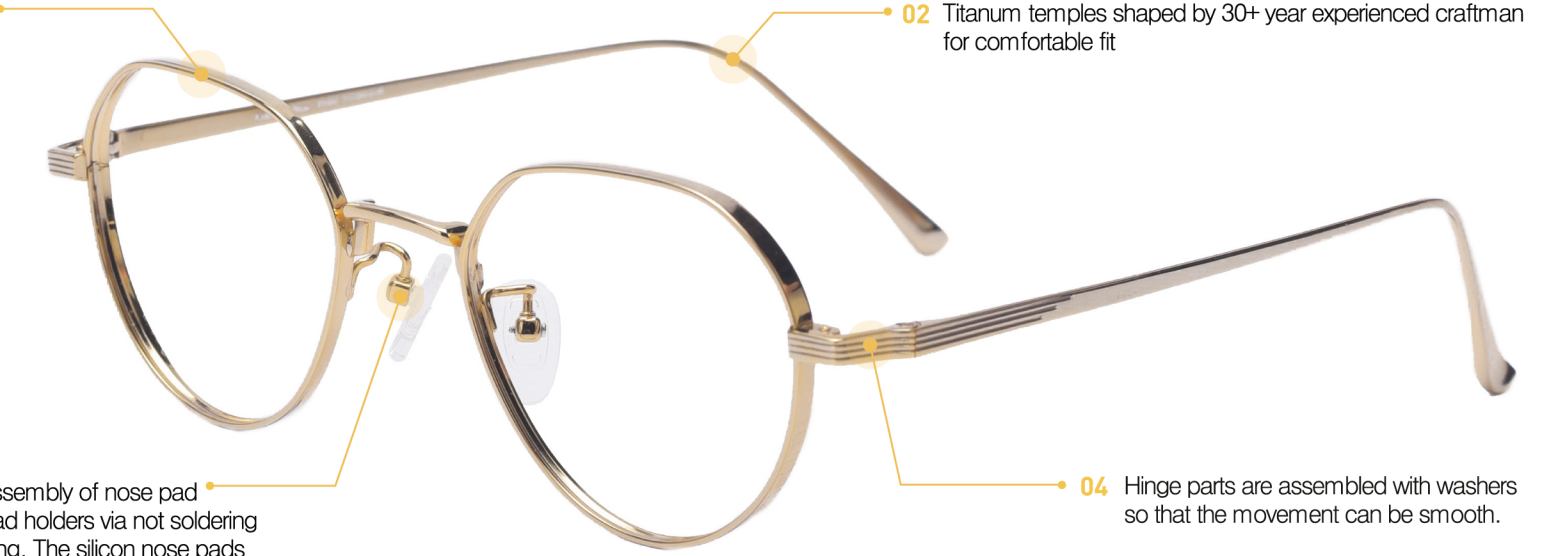

Not partially titanium or beta-titanium,  
Front and temples made with 100% pure titanium

01 Pure titanium front that does not react to magnets, and prevents metal allergy. Thick rims complete natural look even with strong eyeglass prescription lenses.

02 Titanium temples shaped by 30+ year experienced craftman for comfortable fit

03 Stable and firm assembly of nose pad arms and nose pad holders via not soldering but vacuum welding. The silicon nose pads prevents the frame from sliding down on your nose.

04 Hinge parts are assembled with washers so that the movement can be smooth.
