PRODUCTS LINE-UP

Revision September 2022

The roads that haven't been taken,

The things that haven't been experienced,

The **future** that cannot be seen,

All this is possible with **YECHAN** products.

Y E C H A N

E c o & T e c h n o l o g y

ECO-FRIENDLY,
ECONOMICAL,
ENGINELESS PUMP.

An eco-friendly, innovative and cost-effective pump
dispenser capable of discharging high viscosity contents with
just 4 parts.

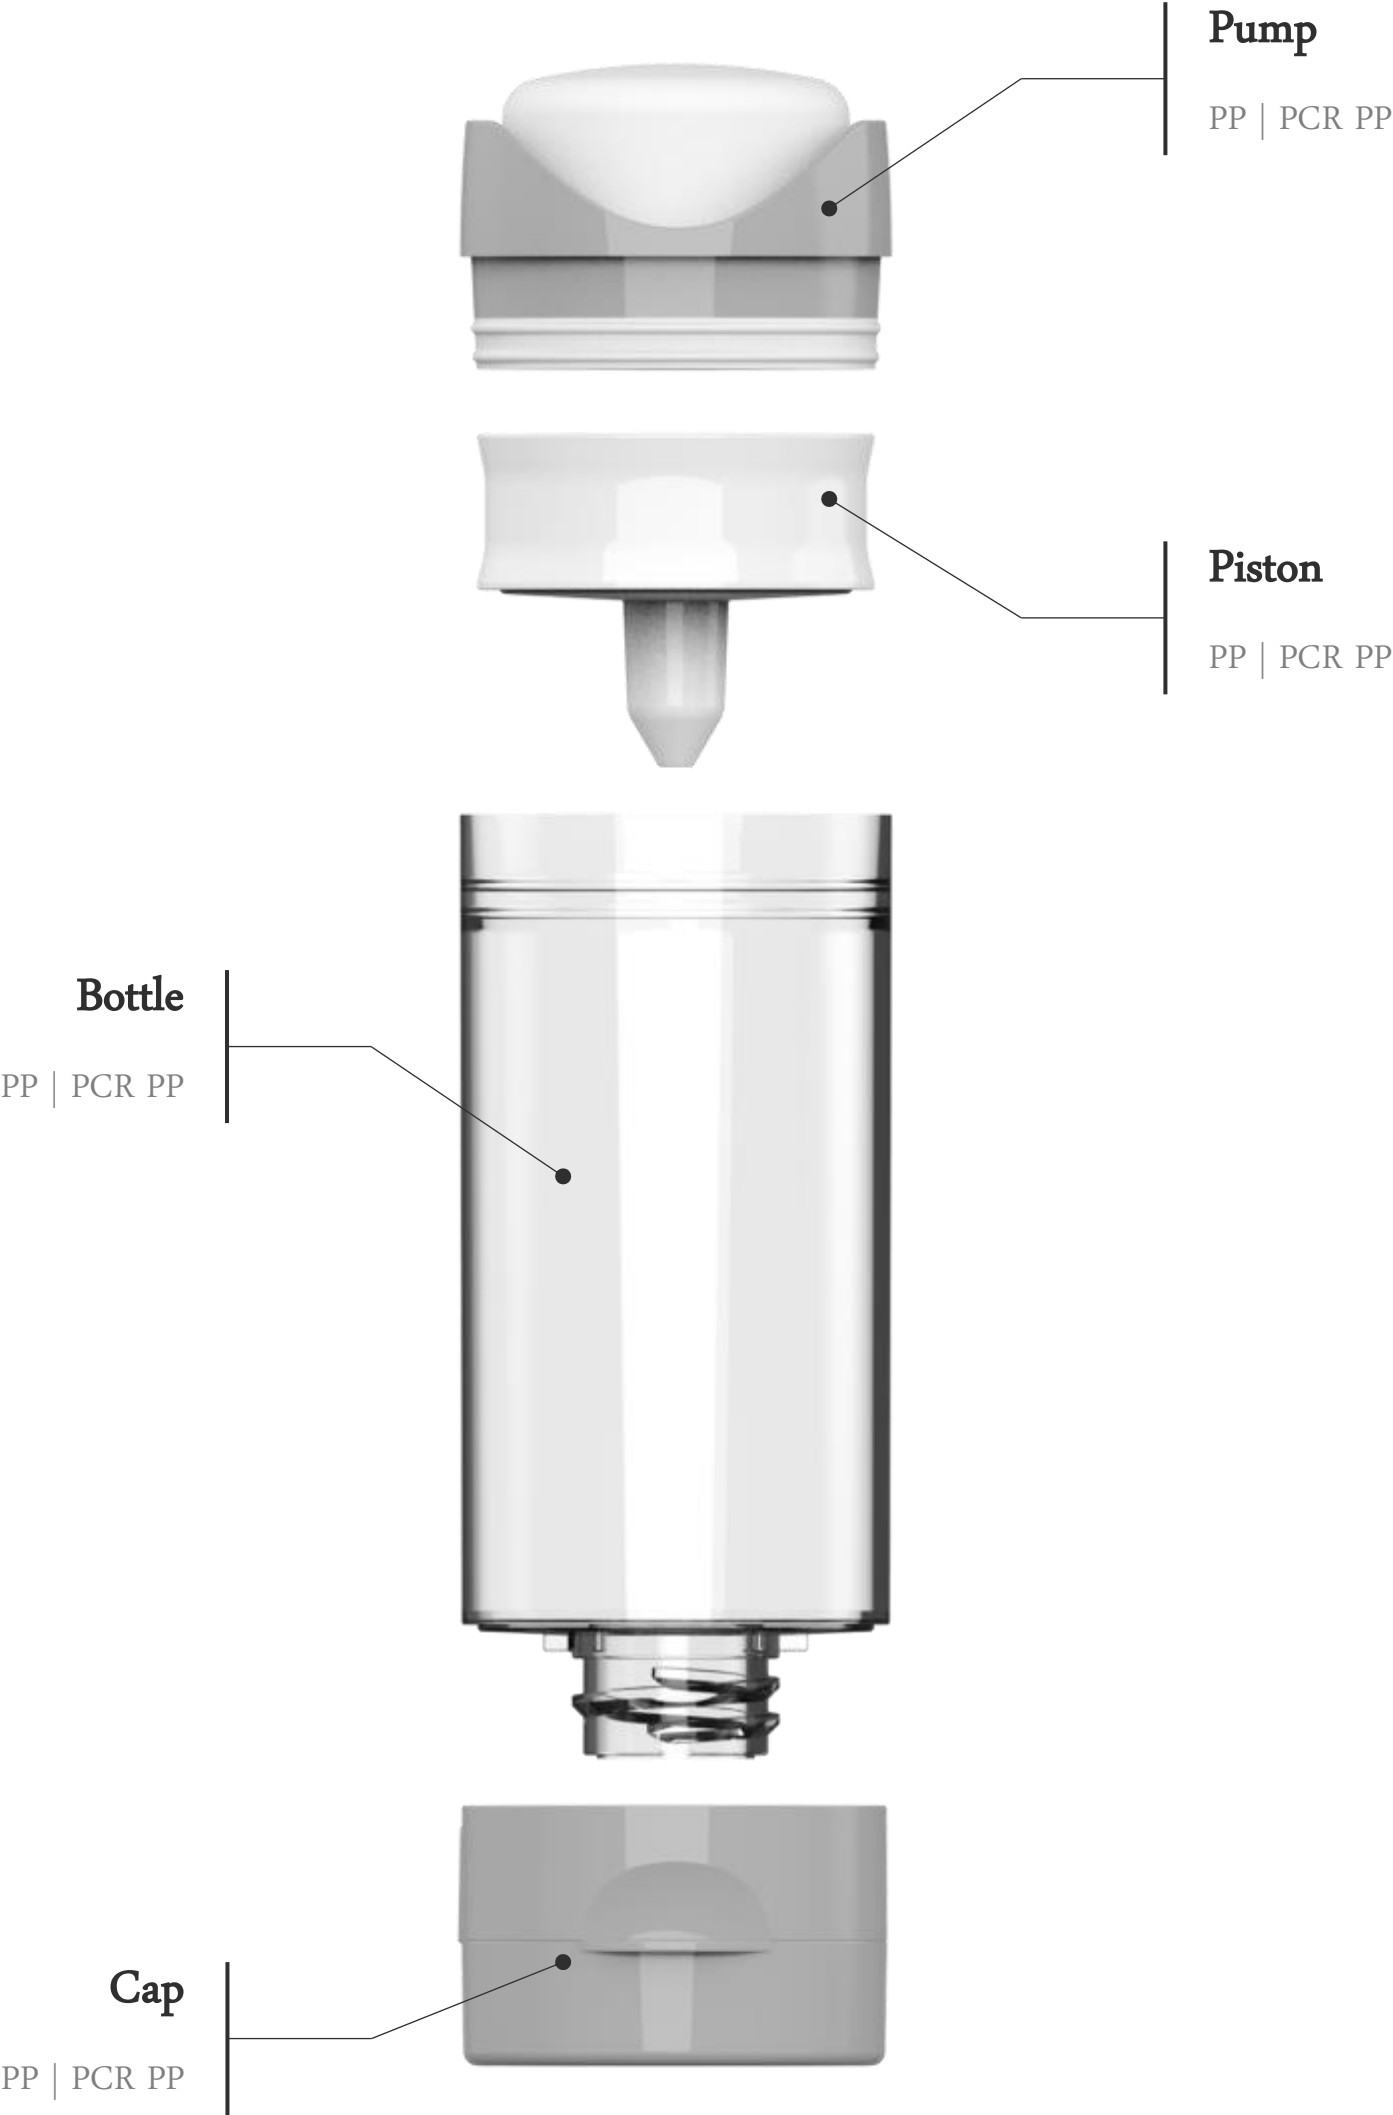

AIR PUSH PUMP

High Transparent PP

PP raw material with very high transparency like PETG for a more premium feel.

PCR PP

PCR (Post Consumer Recycled) PP resin is an environmentally sustainable solution for reusing single-use materials that would otherwise be disposed off in landfill sites.

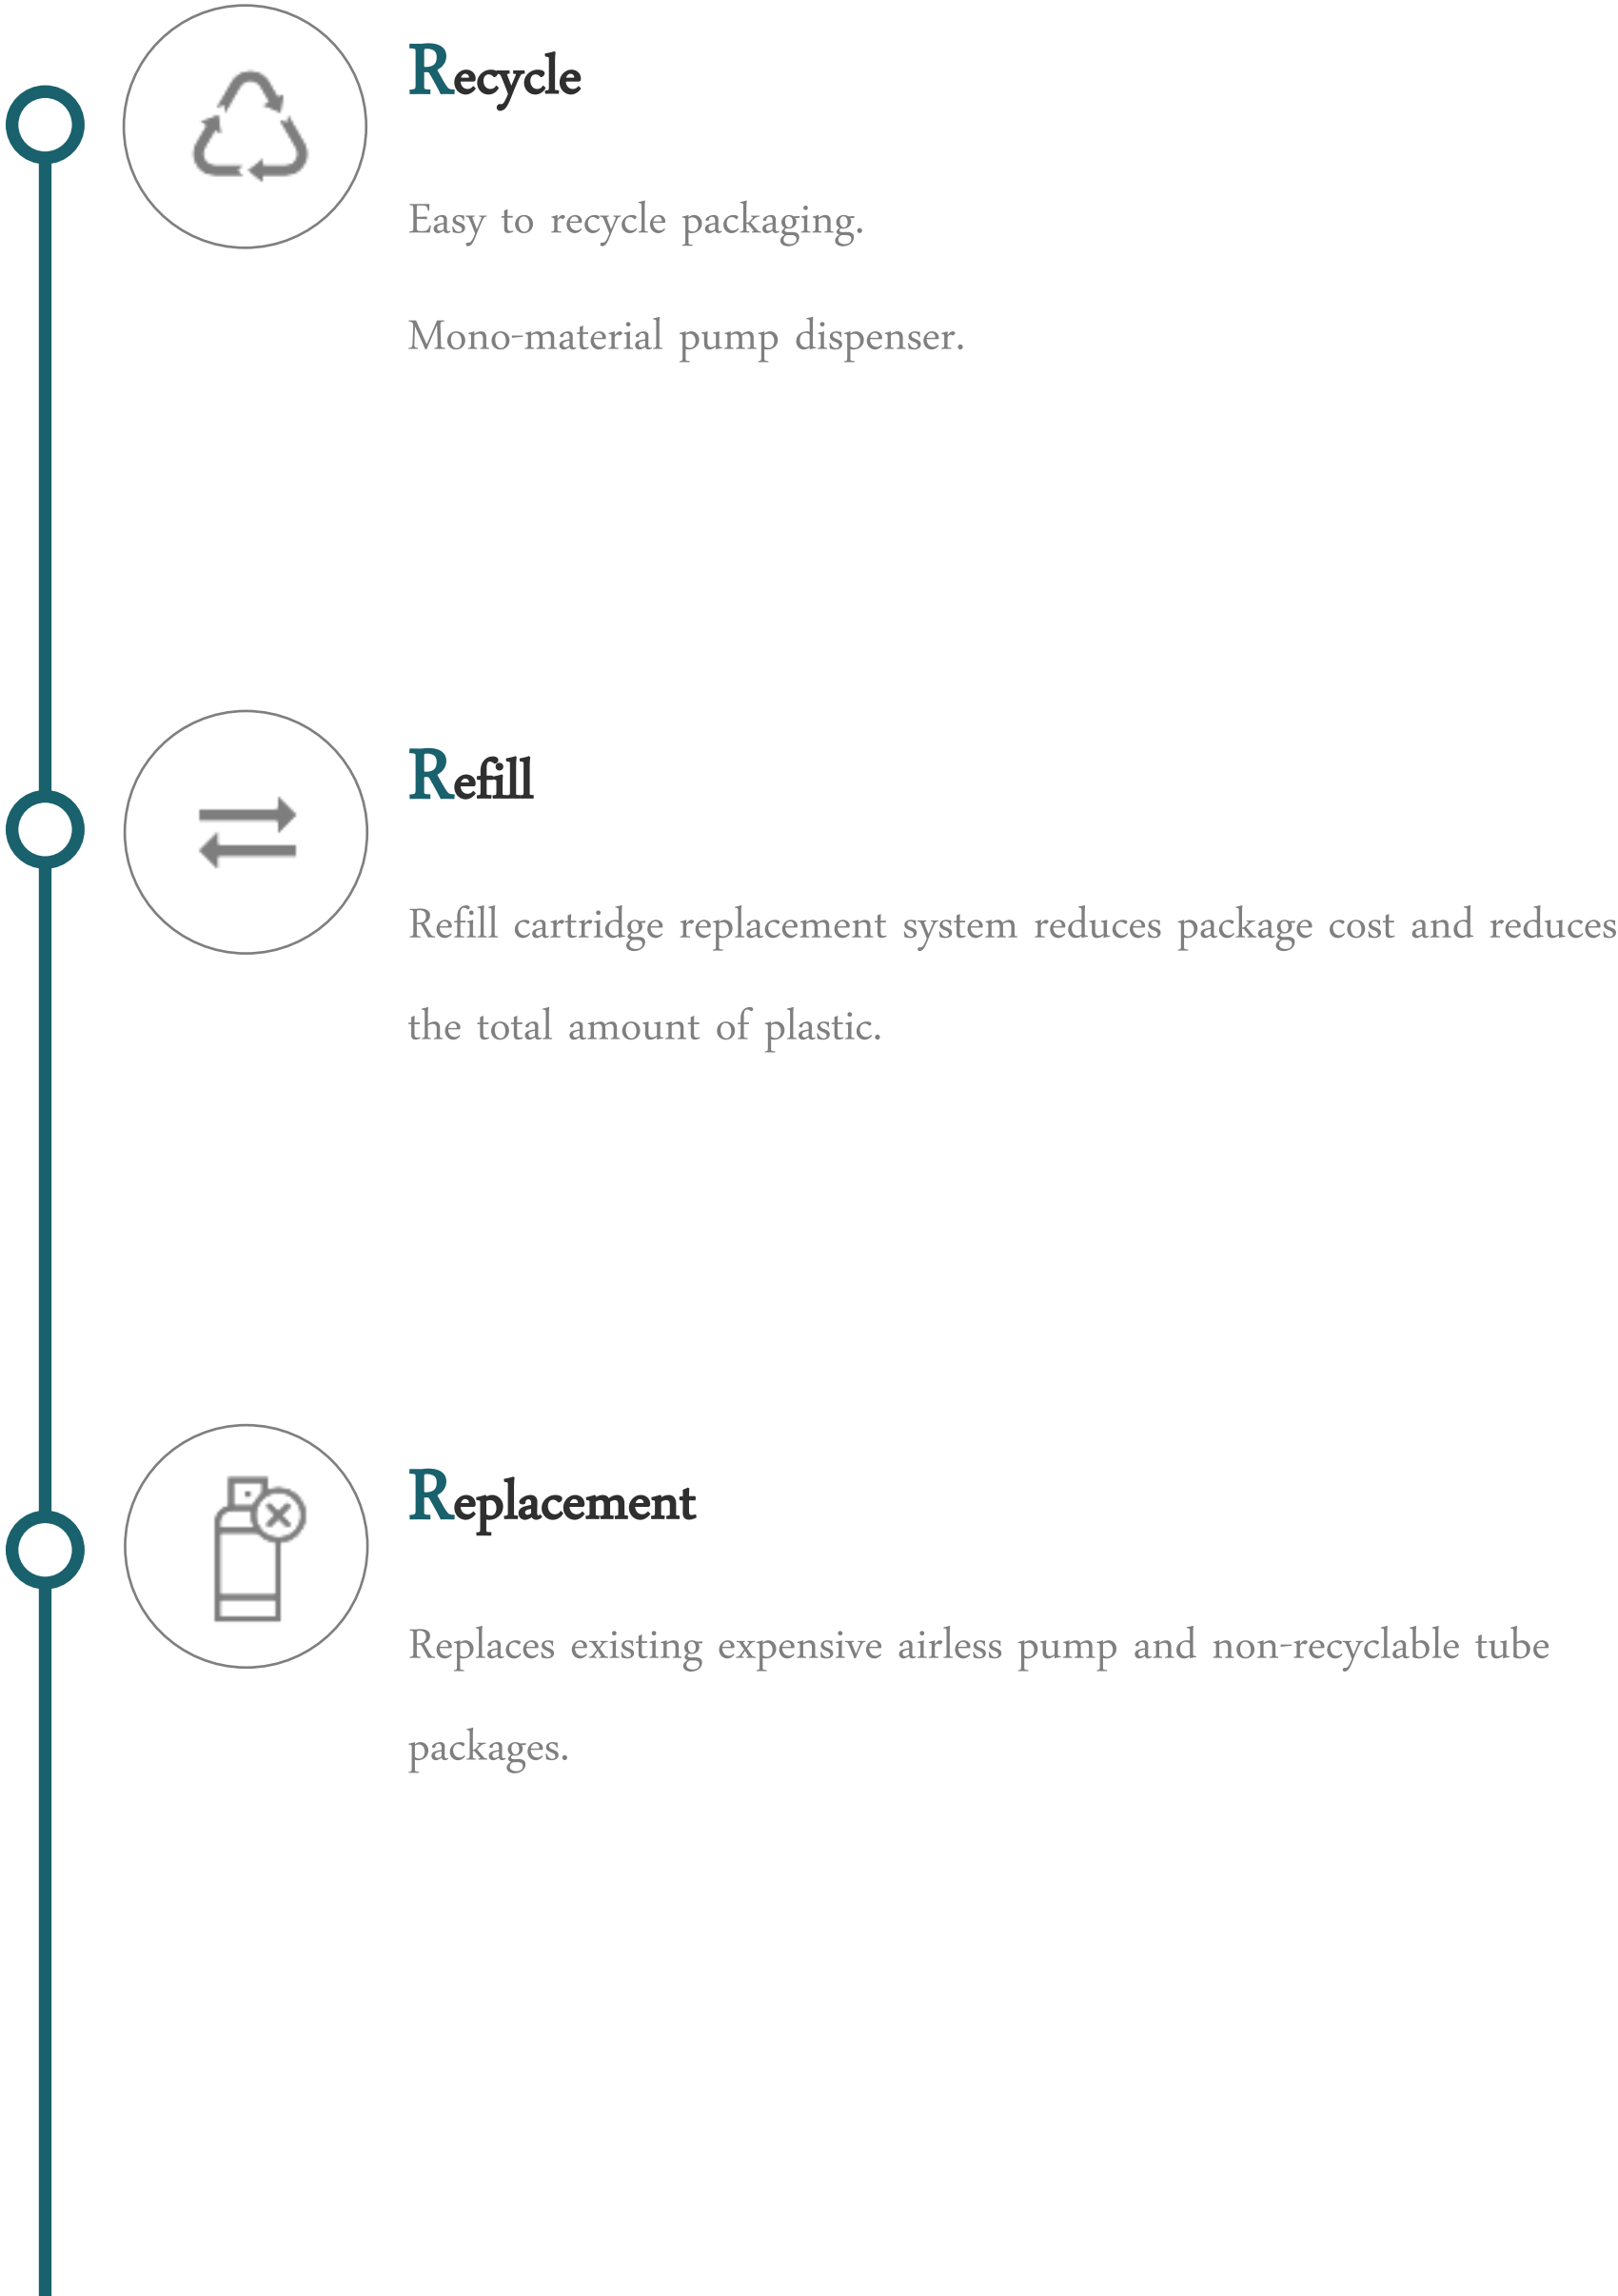

AIR
PUSH PUMP

- Mono-material pump dispenser
- Easy to recycle packaging
- High transparent PP
- PCR PP

ECO FRIENDLY

The Air Push pump dispenser with an engineless mechanism structure and made with mono-material is a highly evaluated packaging for easy recyclability.

Without compromising the eco responsibility and the freshness of the content, the Air Push pump is constantly innovating to optimize convenience and simplicity.

PATENTS

& CERTIFICATIONS

Patents

6 Domestic Patents, 10 Overseas Patents, 2 Utility Models, 2 Domestic Designs, 9 Overseas Designs, 2 Trademarks

Care for Environment

YECHAN is an international eco-friendly company, introducing an active guide and environmental management.

Best Quality

YECHAN has a quality control system throughout the whole production process, from products to services.
