doz brief introduction

Doz is a professional taps manufacturer in China and famous for its OEM, ODM and OBM business.

Cooperating with some world-wide brands, we keep on improving our operating management, quality controlling and capability of designation and creation. Nowadays, we enjoy high reputation and recognition among our customers.

Bought 400,000 sqm new land for further development, our target is to be one of top 5 biggest tap manufacturers in China within 5 years.

Our strategy is focusing on middle-end market and keeping higher quality with lower cost.

Not to compete with our customers is our principle.

Our version is to become your reliable supplier with higher quality, faster reaction and more competitive cost.

LEADING TECHNOLOGY

Extremely Quiet. Low noise operation for quieter function than most other mixer taps.

Consumes up to 30% less water and energy* thanks to Teima water-saving functions.

More flexibility thanks to changeable or detachable spout.

Quick and Easy to Clean. TEIMA Clean technology means that cleaning limescale build up in your retractable spray mixer is simpler and faster.

Precise operability thanks to limited swivel radius of the spout.

More range and functional plus thanks to a single- or multi-spray pull-out hand shower.

WATER SAFE. Hi-tech functional core. Preserves the water quality.

The five-layer electroplating creates extremely deep and uniform coatings, dustproof and antifouling, able to resist scratches and never fade.
