The Safest Promise in The World

프랑킨센스 水

Frankincense

Frankincense Essential Oil / 5ml

Frankincense is one of the oldest scent in history. It is distilled from a resin that comes out from the tree naturally or from the crack by cutting the bark. The energy of frankincense is very strong and helps to restore the diseased gene to normal.

Application Symptoms

Anti-inflammatory, Asthma, Skin disease, Inflammation of the digestive system, Cancer such as breast cancer, prostate cancer etc.

시나몬 水

Cinnamon

Cinnamon Essential Oil / 5ml

Cinnamon is one of the oldest spices, widely used in the West as a folk remedy for internal diseases from ancient times. In particular, a sweet and clean scent of cinnamon improves stomach exercise and promotes gastric fluid secretion, helping digestion. In India, it has been called as 'tejpat', which has been used to treat abdominal pain and diarrhea. In Chinese medicine, it is known to help relieve central nervous system, regulate moisturizing metabolism, and improve blood circulation to advance the function of organs.

Application Symptoms

Lethargy, Blood sugar control, Improvement of blood circulation, Promotion of digestion, Internal functions control, Disinfection, Antioxidant effect.

레몬 水

Lemon

Lemon Essential Oil / 5ml

Lemon, the most commonly used essential oil, can be applied a lot in everyday life. It is extracted using a cold-press extraction method and purified for use as a food additive. It helps to dissolve heavy metals and environmental toxins that can enter the body through food.

Application Symptoms

Improvement of circulatory system, Capillary health, Depression, Removing cellulite, Elimination of heavy metals.

페퍼민트 水

Peppermint

Peppermint Essential Oil / 5ml

Peppermint is a refined essential oil extracted from herb leaves that have been used for food. It is useful for improving vomiting, gastrointestinal disease, flatulence and helps to promote the bile secretion with anti-convulsive properties. Recommended for gallbladder inflammation and severe liver damage, it is effective for colds and influenza with fever and headache and for inflammation.

Application Symptoms

Nausea, Vomiting, Rhinitis, Anesthesia, Muscle pain, Bruising, Joint pain, Bile secretion promotion, Liver function promotion.

로즈마리 水

Rosemary

Rosemary Essential Oil / 5ml

Rosemary helps improve memory and concentration by activating the function of brain cells, and is especially effective for students who need a lot of memory and concentration in a short period of time. From the Greek and Roman times, nurses bathed mothers and toddlers with rosemary to prevent infection and also used rosemary for sterilization and disinfection of medical equipment. In the event of an epidemic, rosemary was burned in the hospital to sterilize and prevent diseases in France.

Application Symptoms

Prevention of Alzheimer's symptoms, Stimulation of brain cells, Promotion of blood circulation, Improvement of memory and concentration, Prevention of dementia, anti-bacteria, indigestion, Arthritis etc.

터메릭 水

Turmeric

Turmeric Essential Oil / 5ml

Turmeric is a light orange color essential oil extracted from root stems. It is mostly used for cooking, but also used as a medicine in India. One of the main constituent is 'curcumin'. Curcumin has antioxidant, anti-amyloid and anti-inflammatory actions and increases immunity by inhibiting the damage of DNA, lipid through oxidation and removing free radicals.

Application Symptoms

Prevention of Alzheimer's symptoms, Promotion of liver function, anti-cancer effect, antioxidant effect, diabetes, anti-inflammation, Enhancement of immune system etc.

라벤더 水

Lavender

Lavender Essential Oil / 5ml

Lavender, which represents all herbs and is most widely used, has been used as a trauma treatment, insect repellent etc for a long time. The ancient Romans used lavender as disinfectant by putting it in bath water and washing away wounds. It also helps depression with strong sedation, and can be used for children with ease because it is non-toxic, and non-sensitive.
