GLOBAL PARTNERS

CORE VALUE

"We live in the name of 'Happiness' Your health and wellness is to our importance."

Younglim’s ethical management emphasizes the ethical practices that are based on trustworthy principle and professionalism, further, beyond customer satisfaction, a social responsibility of sharing profits with society, are the core values which has led Younglim to present position. We strongly believe that this is the path to firmly maintain creditworthiness from community and our customers. Becoming a company, in which people can trust, is what Younglim is set out to accomplish. Contribution to society and customer satisfaction have been and will continue to be the central ideology to the corporate culture of Younglim.

Expertise PROFESSIONALISM-oriented market leader

Younglim continuously seeks further growth by maximizing its competitiveness through a series of ceaseless self-reform and self-modification, which resulted in taking the lead in this market. In addition, we believe that this such result is from Younglim’s constant efforts to be self-innovative with more than 30 years of accumulated know-hows. Exchange of technology with internal or external companies surely has enhanced quality control, and most of profit we generate goes into production facilities investment. As well, through an appointment of advisory committee who has broad knowledge and experiences in this field and a various training program we provide to our staff members have contributed Younglim to be a market leader in Korea.

Honesty PRINCIPLE-oriented trustworthy company

Building trust with customers and employees is foundation of Younglim’s development. From the raw material to the manufacture, assembly, delivery process and to a service, we Younglim keep our promise with customers around the world through the ‘ONE-STOP’ process. To reassure users its superior product quality, we’ve been putting our efforts into obtaining certificates such as KS Certificate, ISO International Standardization Certificate, Energy Efficiency Certificate and etc. This has led Younglim to pursuit more strict quality control, further, to insist premium quality of product starting from the packing materials to the raw materials.

Satisfaction CUSTOMER SATISFACTION-oriented company

We are doing utmost to satisfy customers who have played a key role in making Younglim what it is. Younglim tries best to listen every word from customers, and to cope with contemporary customers, we offer a total solution through an outstanding interior consultation and customization catering to lifestyles. Moreover, such a variety of events and programs are provided to customers with a greater opportunity to enjoy events and encourage their participation in activities like foreign-culture travel program, overseas trip support, company field trip, education and so on. Furthermore, as a responsible corporate, Younglim is committed to serving the public by sharing the values with communities and society, creating customer value and satisfaction, through various activities such as financial donation, house remodeling service and profit sharing with community in the purpose to spread the happiness.

"Younglim and our values will be even worthier over time."

Younglim has made continuous effort in contributing to development of our community through a various CSR activities as a pacesetter. Moreover, Younglim has been gearing up to maximize and share happiness to our community, further, to our society as a whole.
