## 1. About Woosin Cosmetics

**Woosin Cosmetics Co.,Ltd.** was established on June 1983, and has been one of the leading developers and manufacturers on hair care & skin care products.

In 2003, we have obtained the approval for the animal non-pharmaceuticals manufacturing plant, and have obtained approvals of 108 different items. We have improved the technology in cosmetics development through the launching of Encara in 2005, with effective ingredients for whitening, wrinkle diminishing, and sunblock effects.

In order to provide cosmetics with guaranteed stability and quality that our customers want, we have obtained the certification of **CGMP(Cosmetics Good Manufacturing Practice)** and have established a production structure based on research and development by capable researchers and through clean production processes.

# 1. About us – Certificates
