

Korea's no. 1 premium spa

Elegant, premium makeup products made with "SPAEIR" technology and our know-how.

EIR Moisture Cream 30ml

A multi-function cream that provides moisture deep into the skin

This is a multi-functional cream that provides whitening and inner moisturizing at the same time. It offers spreadability which allows it to adhere gently to the skin. As a product for aesthetic specialists, it goes beyond instant moisturizing to help restore and maintain the balance of sebum in the skin, helping skin regain its vitality.

₩ 58,000

EIR Capsule Serum 50ml

A triple-function highly enriched serum, for moisturizing, whitening, and even elasticity

A unique new concept in highly enriched multi serums, with triple moisturizing, triple whitening, and triple promotion of elasticity. Made in capsule form to penetrate even to the dermal layer and fully replenish sebum. Using our patented geranium erianthum extract technology for whitening, it brightens skin from the

₩ 56,000

EIR MOISTURE LINE

EIR Moisture Toner 150ml

A toner which replenishes moisture and soothes skin

A soothing toner which replenishes sebum and normalizes sebum secretion. Uses three types of white flower complex to brighten skin from the inside. Uses seven types of natural plant extracts with no toxins to care for skin without irritation.

₩ 54,000

EIR DAILY LINE

Refreshing to use and containing only mild components, these products cause minimal irritation, making them good for daily use.

EIR Daily Sun Care 50ml Pure, moisturizing multi-function skincare

A moisturizing, refreshing sun care product which uses a serum base to stop glossiness while replenishing moisture. This product is multi-function and provides whitening, blocking of UV rays, and improvements to wrinkles while providing sun care. It uses glutathione, which is famous for its whitening components, to brighten the skin.

₩ 39,000

EIR Mild Cleansing Foam 150ml

A cleansing foam which is comfortable on the skin

A lightly acidic cleansing foam with a pH of 6.5 which is pure and comfortable to use. While it's made with pure ingredients that come from nature, it uses a surface active agent derived from coconut for powerful cleaning. It uses ultra-fine nano bubbles to remove unneeded sebum, allowing for deep cleaning while maintaining purity.

EIR AMPOULE

EIR Soothing & Calm Madeca Ampoule Ampoules which restore stressed skin

Healthy ampoules made with natural preservatives, without the use of chemical preservatives, artificial colors or fragrances, silicon, or mineral oils.

Contains madecassoside which soothes the skin, helping with heat and skin trouble. Uses a combination of eleven types of plant extracts, allantoin, and β -glucan to strengthen skin immunity.

1.7ml*15ea ₩ 148,000

EIR Whitening Gluta Ampoule

A triple whitening moisturizer which restores skin from the inside.

An ampoule which uses a combination of Melazero, a patented whitening product, glutathione, and niacinamide, allowing you to experience distinctive triple whitening.

It is a healthy product made with natural preservatives, without the use of chemical preservatives, artificial colors or fragrances, silicon, or mineral oils.

It uses a combination of collagen, adenosine, and two types of peptides to help with improvement of wrinkles and skin elasticity, improving skin vitality.

1.7ml*15ea ₩ 148,000

EIR Bifida Mask Pack

Uses extracts from fermented bifida live cultures to strengthen the skin barrier

An environmentally sheet mask product made from cotton and cotton seeds which adheres to the skin with moisture. Extracts from fermented bifida cultures increase absorption and strengthen the skin barrier. Adenosine, which is effective for improving wrinkles, helps promote smooth skin texture.

25ml X 3 ₩ 18,800

EIR PureSilver MASK

Made including 99.98% pure silver for zero skin trouble

Contains 99.98% pure silver, a powerful disinfectant, in a mask that leaves you with no worries of skin trouble. Niacinamide, a whitening component, brightens your skin. Adenosine, which is effective for improving wrinkles, promotes skin elasticity and durability.

17ml X 1 ₩ 11,000

EIR Red Solution Serum 50ml

A multi-function serum for whitening and improvement of wrinkles at the same time

A multi-function product which is effective for both whitening and improvement of wrinkles. Seven types of hyaluronic acid create a moisturizing layer, improving the skin's ability to replenish sebum. Five types of extract, including scutellaria extract, help to soothe inflammation.

₩ 48,000

EIR Capsule mist Serum 100ml

A triple function function highly enriched serum for moisturizing, whitening, and skin elasticity

A unique new concept in highly enriched multi serums, with triple moisturizing, triple whitening, and triple promotion of elasticity. It uses a mist form to quickly replenish sebum over a wide area. Using our patented geranium erianthum extract technology for whitening, it brightens skin from the inside.

₩ 48,000

GRINEE REFRESHING LINE

Gentle, pure products which use cica and niacinamide components to allow for both soothing and whitening.

GRINEE Refreshing Cleanser 150ml

A lightly acidic bubble cleanser which helps with moisturizing and cleansing

This lightly acidic cleansing product has a pH of 5.5, similar to the pH of healthy skin. The fine, gentle bubbles clean even inside pores without causing irritation. It uses a plant-based surface active agent derived from coconut to minimize skin irritation, reducing skin pulling after use.

₩ 17,900

GRINEE Refreshing Gel Toner 100ml

A gel type toner which leaves you with clear, fresh skin

This gel type toner uses the soothing power of cica complex and squalane to leave you with clear, fresh skin. When the gel comes in contact with the skin, it spreads like water and is absorbed gently, without stickiness. It uses purslane extract, which is effective for whitening, to not only provide nutrients to the skin but also provide you with whitening.

₩ 17,900

GRINEE Refreshing Moisturizer 100ml

A moisturizer which maintains skin moisture

A light cream formulation which is filled with moisture and easily absorbed. It used aquasil and squaline, naturally derived moisturizing components, to maintain skin moisture. Because it's made from extracts derived from plants, you don't need to worry about using it on sensitive skin.
