Identity

We provide Amusement, Education, and Story for our Kids' Happiness.

CI

We, Scholas Co., Ltd. having company name of the latin word literally meaning "school", are steadily making the utmost efforts to make contribution to the advancement of human society by providing the culture and education of high-quality, reasonable price and good service.

We visualized our ideology and future vision to contribute to the advancement of human society in the field of culture and education as "S" of the initial of Scholas. The latin "BENE" in the symbol mark means "good or well" which represents that we put into our company's firm willingness to provide a good products and service. And also this can represent a bridge to connect warm sensitivity with creative imagination. The passage of "S" between orange and blue stands as a symbol of our vision to be the world best company in culture and education through the close communication with customers.

BI

Our brand "POP Out World" as an educational toy is 3D puzzle to help improve children's concentration and creativity. These are designed to make all the beautiful things in the world including cars, huge buildings and cultural heritage through a simple assembling without any tools.

Our logo "POP Out World" is being grown up popular enough to place as a symbol of the world best of 3D puzzle. We are supplying more than 500 types of large and small products with the best quality and design in accordance with the Scholas business philosophy that quality and safety must have much higher priority over price because these products are primarily used by children.

Effective promotion with ready-made products

Instead of creating new project, we can just modify the ready-made items as customer wants.
We recommend it to customers who desire easy and quick promotion.

1. Put your company logo on the package box and instruction sheet.

2. Place your company logo on the ready-made product.

3. We can make small changes in illustration from the ready-made product.

Deliver the Best Marketing Impact

Scholas is verified by over 200 major partners.
Based on our experience with them, we offer the most differentiated marketing promotion.

It is a great pleasure to introduce ourselves to you.

We established Scholas Co., Ltd.(Former InterPr Inc.) on March 6, 2000 to make contribution to the development of society in the field of culture and education.

Since the establishment of the company, we have independently developed and manufactured "3D Puzzle POP Out World" and have been growing every year in the field of toys and educational materials. Scholas, as a pioneer having opened up the area of three-dimensional puzzle, is given a favorable reception from the distribution companies as well as consumers in the domestic and overseas market.

We have world-class research and development forces and manufacturing facilities and quality management capability. Our development & design team with creative ideas and excellent development technology is doing the almost efforts to develop the new products by figuring out customer needs and taste. Our well-trained and educated production team is producing the highest quality products positively responding to requirements from domestic and overseas companies. And also our marketing team armed with the clear spirit of sincerity and service is keeping good business relationship with about 600 retailers and about 100 companies and with overseas companies in about 20 countries.

we, as a company having pioneered only in the unique field of 3D puzzle, are expanding our business to the broader fields of culture and education such as distribution and exhibition of pictures, educational toys manufacturing, publishing, online store, online training courses and are aiming to be the world's best company in the area mentioned. Scholas wants to be a company that is committed to good value. Based on human-centric philosophy and value, we are aiming to be a growing enterprise to coexist with the world like water flowing. Firstly, we will be always committed to meeting the needs of our customers with the highest quality and services. Secondly, we will be a company to grow together with consumers, shareholders and employees and also to share the business results all together. Thirdly, we will be dedicated to producing all the products and services to make contribution to the advancement of human society.

Now with our whole heart you are asked to be a partner with Scholas aiming to be the world's best company. We will be your honest and faithful companion.

Thank you very much.

Our goal is to develop the world's best brands in the field of culture and education and to be grown up to the world's best global company for culture and education through our brand and eventually to make contribution to the advancement of human society.
