Major SPEC

Model	DAP-834	
Spec	Coverage (m ²)	44.2 m ²
	Energy Efficiency Rating	Grade 3
	Deodorization Efficiency (%)	89%
	Dust Collection Efficiency(%)	80 %
	Noise (dB)	50 dB ↓
Size (W*D*H)	460mm * 300mm * 570mm	
Weight	9 (kg)	
Filter Set	Pre-Filter, Integrated Filter	
Operation	Operated by	Touch Panel
	Fan Speed	5 Stage (Sleep / 1~4Stage)
	Mode	Auto / Quiet / Class
	Timer	On / Off
	Indicator (Display)	4 Colors (Red / Yellow / Green / Blue)
	Additional Function	Ion Plasma / Lock / Filter Replacement Indicator
Certification	KC, CA	

Filter

Pre Filter	<ul style="list-style-type: none">I . First line of defense against large dust or particle, hair, hair of pet.II. Protect & Increase "Integrated Filter"III. Washable fine mesh filterIV. Need to be cleaned every 2~4 weeks
Integrated Filter	<ul style="list-style-type: none">I . HEPA Filter + Deodorization FilterII. Eliminate the odors against VOCs and household odors from cooking pets, and smoking.III. Captures airborne allergens pollen, mold spores, dust, pet dander, microbes, and smoke.IV. Filter replacement cycle is Every year (Base on 6hr / Day)V. The cycle may depending on the operating environment.
