AB HAR GHAR MEIN FIREFIGHTER

INDIA'S FIRST IMPACT-ACTIVATED
FIRE EXTINGUISHER

www.thro.co.in

DeccaLeap Technologies is a Pune-based start-up, incorporated in 2017. It is an SPV of DECCAN WATER TREATMENT PVT. LTD., established in 1998 by the first generation entrepreneur Mr. Anirban Sarkar.

DeccaLeap Technologies is driven by the passion to reform the Fire Safety Industry. Since its inception, the young start-up has simplified fire extinguishers by synergising modern technology with design function, bringing forth effective, easy-to-operate, and life-improving products in fire safety.

Fire safety is often neglected in daily life but is the leading cause of accidents and deaths across the world. Deccaleap Technologies aims to use modern technology and innovations to make lives safer and happier.

BE FIRE READY!

THRO®

BE FIRE READY

Most fire disasters can be avoided if the fire is thwarted before it spreads. But traditional fire fighting methods are cumbersome, difficult to use and require training. Due to which they aren't in widespread usage. Presenting Thro, an innovative and easy-to-use impact-activated fire extinguisher that is developed to **make fire fighting rather easy.**

Pick

Aim

**Douse
Fire**

WHAT IS THRO?

Thro is an impact-activated fire extinguisher ideal to douse small fires. With Thro, anyone can douse fires in three easy steps.

- Pick
- Aim at the fire
- Throw to douse

HOW DOES IT WORK?

Thro houses a proprietary water-based solution in a casing. In the event of a fire, simply pick, aim and throw at the fire. The casing breaks upon impact, releases the fire-dousing solution which cuts the supply of oxygen to the fire and douses the fire. This solution is completely non-toxic, effective and **leaves no residue.**

WHY THRO?

Thro has been ergonomically designed to fit the curve of human grip and fits easily in the palm of anyone, from a child to an elderly person. It is sleek and light-weight and adds to the aesthetic value of the room it adorns. Most importantly, Thro can become your first line of fire defence in homes, offices, schools, hotels, restaurants, pubs, shops and many such daily places. **Thro makes you fire ready.**

AB HAR GHAR MEIN FIRE FIGHTER.
