

VIETNAM HITARP

COMPANY PROFILE

Greetings

Thank you for your interest in P.E. TARPULIN and HITARP groups.

TARPULIN is being used in all industries including building materials, hoses, tents, covers for auto, and leisure sheets, . Demand for TARPULIN is gradually getting more & more. We are trying to meet customers demands with excellent quality and attractive products.

Since Korea's liberalization of trade, our company has been recognized for its product quality & usability in Japan, the United States, Europe, Oceania, the Middle East, and Southeast Asia. Also Tarpaulin is being proved essential in all industries around the world.

Even in Vietnam, we will always do our best for customer satisfaction with the know-how that we have developed for 4 decades.

President of VIETNAM HITARP SU HO, BAE
