Company Profile

Overview

Founded in 2003, Maco Pens is a leading manufacturer of writing instruments such as ball pens, gel pens, and sketch pens.

Thriving on the virtues of excellence in quality and agile innovation, the company has carved out a strong presence in the domestic market.

Owing to the high quality standards and professional approach, the company has been recently expanding internationally with some leading global names in their distributor portfolio.

Market Presence

Domestic Presence

Marking our way across boundaries

International Presence & Export

Our boundaries have recently spread beyond domestic frontiers. We've been working on expanding globally and now cater to varying sourcing requirements of international clients as well.

We are manufacturing as per custom requirements of our clients as well that they can resell under our their own brand name.
