PURIPIA

PURIPIA ERASER LINE

Difference between general cosmetic ingredients

Even if you use high-quality ingredients, it cannot be absorbed properly when they are round-shaped.

General cosmetic : round-shaped ingredient

However, the fine needle shape spicule ingredient of PURIPIA Reborn Cream penetrates the skin, and delivers effective components to the skin contributing to make your skin look healthier and cleaner.

Spicule : thin and long needle shaped ingredient

Features of Sponge Spicule Ingredient

It is a natural ingredient of fine-needle shaped crystal collected from freshwater needle sponge body. It is mainly composed of calcium carbonate or silica and collagen

- Penetrates deeply within the skin vitalizing skin circulation and removing aged dead skin cells
- Treats various skin trouble, particularly effective on thin skin, and relieves pimple inflammation and atopy

- Vitamin C
Brighter skin tone
- Elastin
Greater skin elasticity
- Collagen
Simultaneous moisturizing and wrinkle care

**Major components
are filled within the
spicule with the
unique technology
of PURIPIA**

Clinical trial on human application complete

HOW TO USE

Wipe the application area cleanly, pour out sufficient amount of the product and spread it gently across the skin surface with a massaging motion. In order to activate the spicule components, avoid using other products for approximately 24 hours, and apply the product approximately 48 hours later, when dead skin cells are removed and skin is vitalized, and then apply additional amount of the product around areas of concern.

PURIPIA ERASER LINE - Reborn Cream

50ml

- Dual effects of wrinkle improvement and whitening
- Removes old dead skin cells effectively making it effective in reducing skin disease but also in skin tone improvement and anti-aging. It is a natural ingredient of a fine-needle shaped crystal collected from natural sponges. Effective components on the spicule penetrates deeply within the skin, helping its absorption.
- Through clinical trials, it has been confirmed that dead skin cell and skin pore improved noticeably.

- Clinical trials confirm skin brightness improvement and moisture retention effectiveness.

PURIPIA ERASER LINE - BB Cream

30ml

- UV block SPF 50+ PA+++
- Protects skin with old dead skin cells removed against external environment and prevent skin damage by UV light.
- Soothes sensitive skin and helps natural skin expression, and the close cover maintains bright and transparent skin for an extended time without collapsing.

PURIPIA ERASER LINE - Lockup Pore Pack

30ml

- It is the ample type wash-off pack that improves wrinkles through the 3 peptides which fill fatigued skin which lost vitality.

PURIPIA

PURIPIA SNOWFLAKE LINE

Natural brightening through application at any area
from face, hand, foot or armpit

Use of various natural ingredient for brighter tone improvement

Reduces inflammation by detoxifying harmful substances absorbed
by the skin such as particulate matter

Snowy Lotion is different from general tone up creams that only whiten

PURIPIA SNOWFLAKE LINE – Snowy Tone Up Cream
50ml

- Dual effects of wrinkle improvement and whitening
- Natural ingredients brighten your skin tone evenly, and it protects the skin against harmful substances such as particulate matter.
- It allows natural tone up effects on any area from the face, hand and foot, to armpits.

The secret of rich moisture filling from inside, **MICRO AQUA CAPSULE**

Micro aqua capsule existing as single particle state features a thin ice-like sherbet texture which offers a unique, zero-sticking sensation unlike traditional creams.

Continuously fills the skin with moisture

PURIPIA SNOWFLAKE LINE - Snow Blossom Cream
50ml

- Dual effects of wrinkle improvement and whitening
- Immediately cools down skin temperature heated by sunlight, and supplies rich amounts of moisture to soothe the sensitive skin.

Component Effect

Aqua oil	• Reduces skin temperature
Micro aqua capsule	• Supplies moisture
Purslane extract	• Whitening, anti-aging

PURIPIA

PURIPIA BUHWALCHO LINE

Collaboration of high moisture serum and high concentration capsule!

Awakening power energy within the skin for water shine skincare

Rose of Jericho extract from Buhwalcho

Only plants with special features can survive moisture deficiency in extreme environment conditions such as deserts. Applying proteins that resist stress such as dehydrins extracted from Buhwalcho helps resist stress caused by external environments, particularly cells becoming hydrated due to low or high temperature conditions. Skin protected through such maintains great balance and elasticity, and effectively prevents aging.

Ceramide

Once the skin barrier collapses, moisture loss causes the skin to become dry and sensitive or trouble-prone atopy begins. Skin barrier consisting of ceramide and fatty acid acts as skin protection blocking off external harmful substances and preventing moisture vaporization.

PURIPIA BUHWALCHO LINE - Moisture Capsule Serum
30ml

- Dual effects of wrinkle improvement and whitening
- Extracts from Buhwalcho which survives extreme environments such as deserts due to its moisture retention ability and ceramide in capsule form helps create a healthy skin barrier which contribute in maintaining soft, smooth skin by supplying rich amounts of moisture.
- Recommended for oily and complex skin types.

PURIPIA BUHWALCHO LINE - Prism Oil Drop Capsule Serum
30ml

- Dual effects of wrinkle improvement and whitening
- Extracts from Buhwalcho which survives extreme environments such as deserts due to its moisture retention ability and prism oil in capsule form helps create a healthy skin barrier which contribute in maintaining soft, smooth skin by supplying rich amounts of moisture.
- Recommended for dry and complex skin types.
