

# **SALTHERAPY** BRAND

# **DETOX YOUR SKIN EVERYDAY**

# SALTHERAPY IS, THERAPYCAL BRAND

,WHICH PROVIDES HEALTHY, CONVENIENT PRODUCTS WITH SAFE INGREDIENTS AND NOVEL IDEAS INCLUDING BAMBOO SALT.

# **SALTHERAPY** BRAND

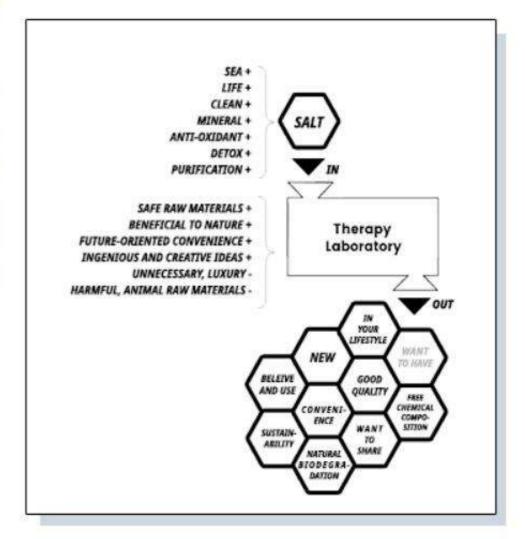

### WE USE HIGH-QUALITY BAMBOO SALT AS A MAIN INGREDIENT MADE BY YOUNGJIN GREEN FOODS WHICH HAVE PRODUCED SALT FOR 40 YEARS.

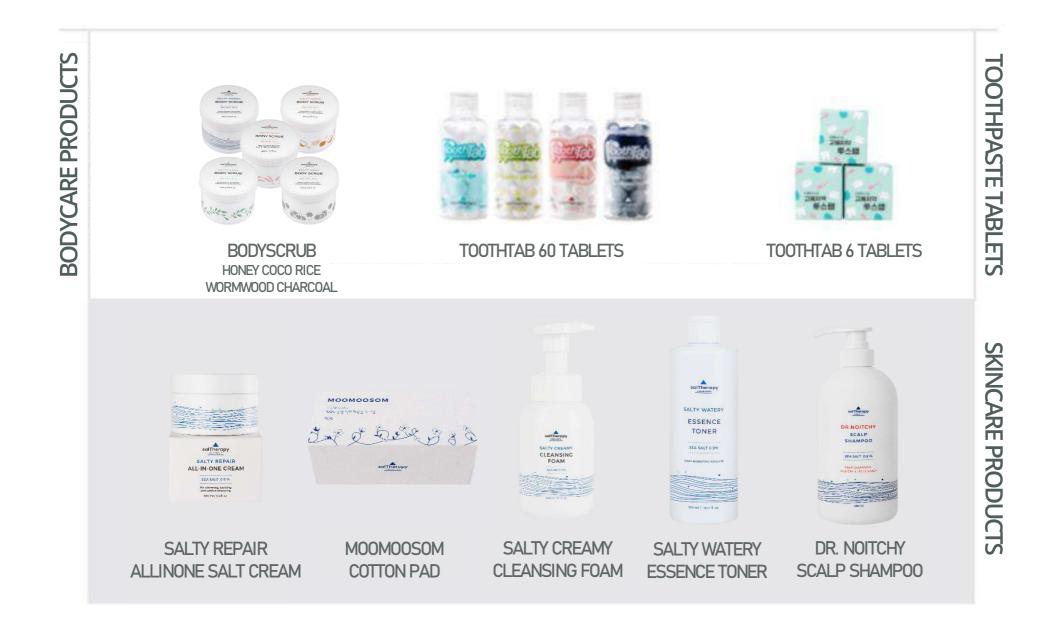

Bamboo salt baked into bamboo tree for several times is quite effective to skin care and oral health. However, it is rarely used as a main ingredient of healthy cosmetics products due to its expensiveness.

SALTHERAPY is willing to provide effective bamboo based healthy/cosmetics product for a reasonable price by taking advantage of Youngjin Green Foods, a parent company.

# TOOTHTAB 60 TABLETS

### **BETWEEN BAMBOO SALT AND TOOTHTAB**

Bamboo salt has been widely used in place of toothpaste for a long time. Bamboo salt is good for gum health with its anti-inlammatory effect.

It has excellent antibacterial activity and great efficacy for pain relief, cavities, and bad breath removal. ToothTAB penetrates into teeth and gum at the moment of chewing in a solid form, which directly and largely affects oral heatlh.

# **KEY INGREDIENTS**

Natural sweetener made from birch. Xylitol is prevents tooth decay by inhibiting the growth of streptococcus mutans, removes salliva by promoting saliva secretion, and removes plaque.

Salt baked several times with bay salt in bamboo. Bamboo salt strenghtens teeth through the disinfection and restrains gum infections with its excellent suifating function.

Sodium cocoy glutamate

Vegetable natural surfactant derived from coconut acid. Sodium cocoyl glutamate is a vegetable natural surfactant which is harmless to the skin. It cleanses the inside of a mouth, and causes bubble activity.

# SAFER AND HEALTHIER TOOTHPASTE, TOOTHTAB

### Humidifier disinfectant -MIT/CMIT Free

Sterilizing preservatives used to prevent deterioration of the product

# TOOTHTAB CHEWABLE TOOTHPASTE HOW TO USE

**STEP 1** 

Take out one piece of ToohtTab, and put it in your mouth. STEP 2

Chew properly until it bubbles. ( It will be better if you use toothbrush ) **STEP 3** 

Rinse your mouth with water.

# HOW TO USE

Soak the cotton pad with cleansing water and gently wipe it along the skin texture until no makeup residue remains.

# MOOMOOSOM COTTON PAD

### **HYPO ALLERGENIC 100% PURE COTTON PAD**

Did you know that Pure cotton pad is white so far?

Can't be white color If it is made by 100% Pure Cotton pad. Light Beige Color and Brown Spot. As we used natural cotton itself without any colorants, It has Light beige color and Brown color.

# MOOMOOSOM COTTON PAD

### Lint Free, Hypoallergenic 3 Layered 100% Pure Cotton pad

MOMOSOM has been certified as using unbleached agent, non-fluorescent, no colorant ingredients through FITI Testing & Research Institute. As we used natural cotton itself without any colorants, they have naturally occurring brown spots of cottonseeds on the pads.

### Lint-Free, Ultra-soft but not flimsy cotton pad through Waterjet method

We manufacture our cotton pad with Waterjet method. It increase the cohesion of the fabric and maintain the softness of the cotton by using high water pressure without using adhesives. So It has Ultra-softness and Lint-free texture.

### 3 Layered Multi-Use Cotton Square

You can use the 3 layers in various ways when removing makeup, applying skin toner or nail polish, etc. When doing self-mask pack, You can separate the cotton pad into 3 sheets for the entire face.

# MOOMOOSOM COTTON PAD

# WE RECOMMEND THIS TO PEOPLE LIKE THIS

People who have sensitive skin.

People who don't want to use bleached and fluorescent Cotton pad.

People who use a lot of Cotton pad.

Apply an appropriate amount onto the cotton pad and wipe it according to the skin texture. When using in Self-skin mask pack, We recommend you to separate cotton pad into 3 sheets. And then Put these sheets to your entire face.

# SALTY CREAMY CLEANSING FOAM

Bubble salt cleansing foam to clean soft and moist

### Wipe fine dust off your face with the osmotic effect of sea salt

Salt protects harmful germ in our bodies with an osmotic effect and helps exfoliate around pores clogged with fine dust particles.

### Mild Cleansing with natural surfactant ingredients

Coco Betaine and Disodium cocoamphodiacetate, the coconut oil-derived surfactant, assist certain clear cleansing.

pH5.5 subacid cleansing foam that keeps skin balance

Using a naturally occurring surfactant, which is close to the skin pH, it combines the collapsed skin balances and promotes skin health.

### A mild cleansing foam with all ingredients EWG green grade

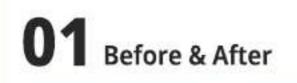

It is possible to eliminate the twenty cautionary components and to use only the components of the EWG Green Assessment for safe use by everyone.

# Hyaluronic acid keeps moist.

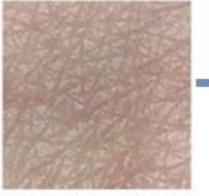

Containing a variety of moisturizing component (e.g. Hyaluronic acid, Glycerin, Butyleneglycol), which helps your skin keep moist after cleansing.

### Rice bran extract to brighten skin

Rice bran contains protein, fat, vitamins, minerals, and other nutrients which purifies skin just by cleansing.

Applying of fine dust

# **HOW TO USE**

LEANSING

After cleansing your face with a proper amount into the wet palms, rinse thoroughly with lukewarm water.

# **PROTECT YOUR SCALP WITH DR.NOITCHY SHAMPOO**

DR.NOITCHY SCALP SHAMPOO's advantage is that it contains 49.7% Urtica Dioica (Nettle) Leaf Extract, which regualtes excessive sebum in the scalp, 8 layer hyaluronic acid hydrate the scalp, and sun-dried salt, Centella Asiatica Leaf Extract, Tea Tree Leaf Extracts help to soothe the scalp.

Urtica Dioica (Nettle) Leaf Extract

The Urtica Dioica (Nettle) Leaf Extract basically regulates the excess sebum balance of the scalp. Unlike normal shampoo, which is made from a base of purified water, the largest part of our shampoo is filled with nettle leaf extract, an effective ingredient.

SCALP SHAMPOO

SEA SALT 0.9%

POR DIF & ITCHY SCAL

### Polymeric, Mesolecule, Submolecule

An 8 layer hyaluronic acid consisting of low-molecular, medium-molecular, and high-molecular elements, so that the scalp does not dry, it accumulates moisture so that it fills both the inner and the outer moisture. In addition, eight different hyaluronic acids of different molecular sizes are added together to make absorption into the scalp faster and more effective.

### softherapy

SCALP SHAMPOO

SEA SALT 0.9%

TON DRY & ITCHY SCAL

Silicon, flavorings, and synthetic surfactants make it much better to use.

However, there was no choice of ingredients that could cause irrtation to the scalp. Because it is not the direction we seek.

It has gone through dozens of testes to capture usage and ingredients. Also using a subacidity natural-derived surfactant similar to scalp pH, It is shampoo that makes scalp feel most comfortable.
