Sleek & Modern

The tabletop finish is thin and stylish, while its center has normal thickness, as in all Isotop tabletops for better base support.

Dry matte finish

Dry matte finish

Laminate designs become more realistic with dry matte finish.

Live Laminate - Resistance to bending

Live Laminate - Resistance to bending

The bottom side of the tabletop is covered with a black laminate of special composition that prevents it from bending. Surface gains the "ability to feel" when it tends to bend due to excessive heat and UV absorption (especially dark colors) and constantly returns to the correct straight position.

STABLE
Neither too heavy nor too light, very stable when assembled with the correct base, strong wind tolerance.

BURN RESISTANT
Hot utensils will not leave a mark on your tabletop.

CIGARETTE BURN MARK RESISTANT
If a cigarette falls on the surface it will not affect the tabletop and it will leave no mark.

STAIN RESISTANT
Unchanged from contact with corrosive and sticky materials as well as liquid or solid food.

SCRATCH RESISTANCE
Withstands scratches by forks and kitchen knives.

SLICK AND ELEGANT
Smooth and in a variety of colors to fit every room. Rounded edges and corners for safety.

RESISTANT TO MOISTURE
It is not affected by moisture as the surface as well as the edges are insulated.

CREATIVITY
Tabletops are available in a variety of colors and shapes.

MINIMUM MAINTENANCE
A simple pass with a damp cloth or detergent is enough to remove the stains.
