KC ProSupply HIGH-QUALITY GAS COMPONENTS

The one-stop shop for gas components

KC ProSupply is the only place you need to go to get any kind of gas-related component. We offer a wide range of components for LPG as well as ammonia (NH₃), cryogenic gases such as LNG, nitrogen (N₂) and carbon dioxide (CO₂) and other industrial gases.

You don't have to be the expert. We already are!

KC ProSupply is part of the Kosan Crisplant Group. More than 60 years in the gas industry means that Kosan Crisplant has the know-how and engineering capabilities to ensure that you always get the right solution.

In other words, no need to worry, if you are not sure exactly what you need.

KC ProSupply's team of experts will help you make the right choice. Our experience is your security.

We deliver the solution you need – fast!

Our extensive network of leading suppliers of gas components allows us to offer you high-quality products for any gas-related purpose at competitive prices; completely hassle-free and with short delivery times.

KC ProSupply gives you a wide range of benefits:

- One place to go for any type of gas component
- High-quality components from the most renowned suppliers
- Full engineering capability
- Expert guidance on component choice
- Huge stock and collected shipments
- Customized engineering and stocking solutions
- Quick delivery
- Kosan Crisplant specialists available on-site

The power behind the brand

KC ProSupply is constituted by the two companies BIRODAN and CPI, each with decades of experience within sales of gas components; an experience that is your guarantee of making the right component choice – every time.

Both companies are fully owned by the Kosan Crisplant Group and supported worldwide by Kosan Crisplant's thirteen subsidiaries and extensive agent network.

Did you know that Kosan Crisplant ...

... is a well-known brand within the gas business with more than 60 years of history?

... has designed, manufactured and installed more than 2,600 filling plants in more than 125 countries?

... has received the excellent AAA credit rating?

... is dedicated to supplying the right solution to any need within the gas industry?
