Seohae Kijogae Fisheries Union Corporation

When it comes to pen shell scallops, we are the best. Seohae Kijogae Fisheries Union Corporation started by agonizing over how to eat fresher pen shell scallops in a fresher and safer way. Boryeong, Chungcheongnamdo, which produces the most pen shells in Korea. Our company was established in 2009 and we built a specialized fishery processing plant in 2012. Our goal is to provide safe and fresh products for customers in a quick manner.
