

A woman with long brown hair, wearing a white blazer and a black skirt, stands behind a light-colored wooden desk. She is looking down at a silver laptop on the desk, with her right hand resting on the lid. The background is a wall with large, grey and white marble tiles. The text 'LUNE INTERNATIONAL' is overlaid in large white letters, with a small horizontal line under 'INTERNATIONAL'. Below that, 'STYLISH UNIFORM COMPANY' is written in smaller black letters. At the bottom right, the website 'www.lalunestyle.com' is displayed.

LUNE INTERNATIONAL

STYLISH UNIFORM COMPANY

www.lalunestyle.com

ABOUT US

Established in 2005, Lune International is a uniform maker which has 3,000 partners in domestic and overseas markets. We supply uniforms for national/public institutions and international organizations, fashion brands, hospitals and hotels. We aim to provide the best uniform that pursues refined attitude, quality service and comfort of the staff. That will ultimately enhance the image of the company by providing products with sophisticated design, reasonable price, and good quality.

BEST UNIFORM FOR THE HIGH QUALITY SERVICE

Uniforms connect brands with customers.
When you wear a neat uniform and serve your customers in the field,
the sophisticated attitude becomes more natural,
which leads to the best service for your customers.
Helping to realize good image making of company comes from
well-made uniform when serving customers.
That is the true role of uniforms and the motto of Lune International.

Lune International

OUR BUSINESS

We are helping to promote the expression of high-identity and the upgraded image through the uniform which is the most appropriate factor to visualize the brand and corporate image.

For those who are working in various fields such as beauty, fashion, medical, accommodation, F&B franchise, we understand the characteristics of each industry and their needs.

We analyze thoroughly the unique characteristics of the company and provide design consulting.

We always try and study to implement working-wear which is comfortable and refined.

BRAND

LA LUNE

A professional uniform brand for corporation and service businesses

“Classy designs, Comfortable fit”

The best uniform which will reveal feminine silhouette more beautiful and the services more elegant.

Lune International

BRAND

Medilyn

A premium medical uniform brand

“We tie the light of life with our uniform.”

A premium medical wear for nurses, doctors, and medical professionals.

Lune International

BRAND

COMO
LUNA

A kitchen & restaurant uniform brand

A unique and casual uniform which brightens up the space with full of energy.

Lune International

DESIGN PRINCIPLE

With the principle of classy service attitude,
we design with a focus on stylish design and comfortable fit.

Visual design

Aesthetically elegant, sophisticated
and softly expressing corporate image

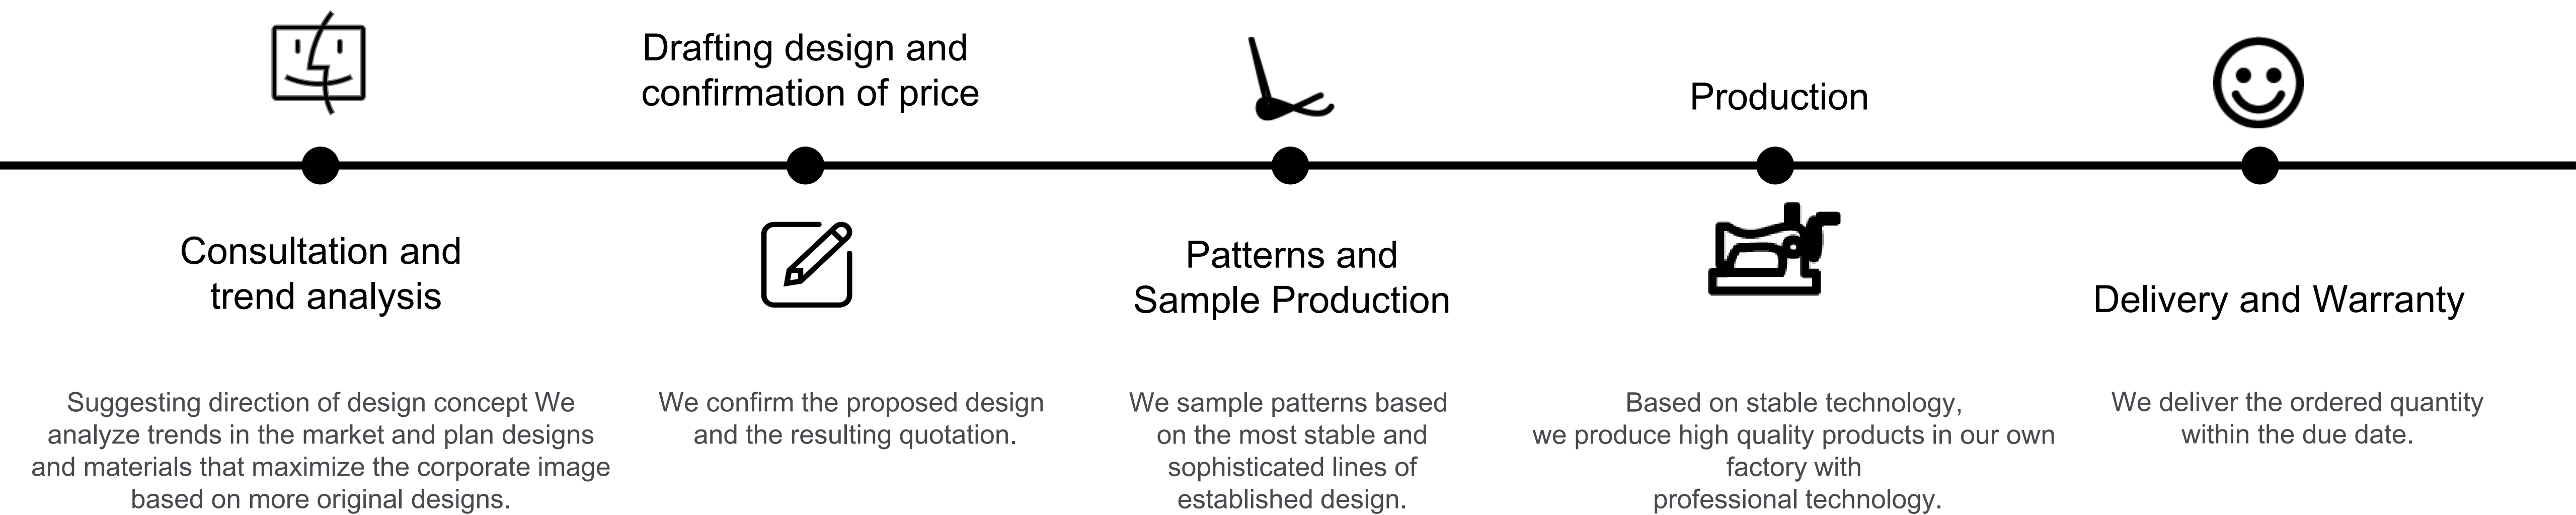

Functional design

3D solid pattern allows freedom of
movement and highlights long, slender body

Practical design

Designed with high quality
raw materials and fabrics for wearer's
comfort and convenience

OUR PROCESS

QUALITY CONTROL

All uniforms of Lune International are managed through long time research and strict examination from design development stage to selection of fabric, pattern, sewing considering comfortable fit, style and silhouette of the wearer.

Using the high elasticity fabric that passed the 10 categories of inspection (stability, harmfulness, restoration, tension, fluff, dyed color smearing etc.) of the Korea Apparel Testing and Research Institute.

And we produce the comfortable fit from developed 3D solid pattern considering movement and fit.

In addition, for the best quality, we produce through the perfect QC (Quality Control), prior to production, and we are carrying out meticulous quality control to improve customer satisfaction.

FABRIC

Our uniforms are easy to handle due to its excellent wrinkle recovery property, and excellent gloss and durability.

They have excellent wash & wear properties, and are washable with water.
They have strong light and chemical resistance.

Elastic yarn is inserted in the center of the yarn, so it has excellent elasticity and maintains its shape even when worn for a long time.

We use KC certified domestic fabric which passed 10 inspection items.
(stability, harmfulness, restoration, tension, fluff, dyed color smearing etc.)

TRIM

ZIPPER

The YKK zipper does not open due to the auto-lock Fun and it is not worn out easily for frequent use through the test.

In addition,
we use the product which is made from harmless material to the human body by receiving '90PPM or less' from the harmful substance reference test.

SNAP

We use easy to use tape snaps and functional snaps to withstand high temperatures and high pressures.

BUTTON

We use buttons which have more durability than conventional heat-treated buttons,
Those buttons have the solidity to withstand high heat and high pressure.

PATTERN

Our uniforms have been developed with consideration for movement so that parts of body, such as bust, waist, and other parts are not exposed when leaning forward or moving arms.

The stylish silhouette makes the body look slender and long and uses a planned three-dimensional pattern from statistics of the needs of different age groups.

FUNCTIONAL

Our uniforms are made considering the convenience of the wearer.

We enhance practicality with the use of appropriate pockets that do not hurt the design and improve quality with robust piping between the fabric and lining.

We prevent the blouse from coming out by attaching anti-slip tape inside skirts and the pants.

SEWING PROCESS

We secure a quality of garments following every details of consulted design.

We sew each part of garment without sagging or pulling of threads.

We make sure that there is no skipped , bent or off stitches when sewing garments.

We keep stitch number of 13 stitches per inch for durability of garments.

Safety stitches are applied on edges of all seams where tearing can easily appear.

We use special machines to prevent puckering (dragging of fabric).

When sewing contrast colored fabric, we apply same amount of seam allowance to prevent see through of other color.

CHECKING OF MERCHANDISE

Merchandise inspection process

Check if warps or wefts of fabric are fell off or loosen.

Check if sewing stitches or seams are in a right condition.

Check for stains, tearing, or holes on fabric.

Removes bits of threads and check if the merchandise is completely ironed.

Check if other trims are in a right condition.

Finish

All trims in our garments are made out of high-grade materials and convenient to use.

We put zippers, sliders, tapes and buttons firmly onto garments.

We follow our inspection manuals

All merchandises are hanged on a hanger, covered with a plastic hanger bag, and firmly boxed for a shipment.

AFTER SERVICE

Repair strategy

The direct hotline number for the client is open, so that when after sales services are needed, prompt receipt of returned product, report of complaints and consultation are available.

Packing and stable dispatch are done in the warehouse in our headquarters, and professional inspection personnel reside there all the time.

We check all the products thoroughly before dispatch and carry out quality check. If you receive the product with problems, we re-ship it within two weeks.
