

From inspiration
to innovation.

More makes a difference.
Combining extra absorbency with skin friendliness.

Incontinence Products

MEGA Disposables S.A. produces a wide range of heavy incontinence products, including briefs, pull ups and bedpads. Thanks to the deep knowledge of the category, special types have been developed to cover the need for extra absorbing capacity even during nighttime. All products are designed with skin friendly materials, for additional care to the fragile skin of those with impaired mobility. Our company has manufacturing licence for production of the mentioned medical devices, issued by the National Organisation for Medicines. All our incontinence products have CE mark.

Innovative product design.
Superior product quality.
Exceptional skin friendliness.
CE certified.

Briefs

Anatomically shaped

Incontinence briefs with a super absorbent core that locks moisture inside, thus helping reduce odour. With leakage barriers and special side bands, to facilitate re-adjustment. With calming chamomile extracts to help prevent skin irritations. Ideal for heavy incontinence with even very little or no bladder / sphincter control.

Dermatologically
tested

With waterproof
backsheet film

With wetness
indicator
