Design, Technology Not a single thing fails you **DK**

In order to create fresh and clean environment,
DK dedicates and challenges continuously in every moment through design,
technology and innovation. Innovation for a better kitchen space!
That's the idea of DK.
DK is creating new kitchens through high-quality branding strategy
by providing range hoods, electric cooktops, and built-in kitchens.

CONTENTS

DK Competitiveness

DK is adding value to its name based on differentiated customer experience.
DK will dedicate to be loved by all customer in the global
in the period of global competition.

Design

The design DK is pursuing is customizing kitchen space upon customer's taste,
and maintaining beautiful kitchen atmosphere in future.

Harmony

Perfect harmony taking lead of kitchen atmosphere!
Enhancing space efficiency and adding pleasure through neat kitchen.

Choice

The perfect choice for all!
All the products you need start with DK.

POH-90PC / Pirio

A **simple hood design**
completes premium kitchen atmosphere.

Lighting
LED lighting with low power consumption and high durability

Mode
Configurable cooking timer, shut-down reservation and current time setting

Air Volume (Steps 1, 2, 3)
3-step air volume setting

Second Indication
Configurable for shut-down reservation and cooking timer mode

Minute Indication
Configurable for shut-down reservation and cooking timer mode

Simple Black PC Panel Finish
Frontal black PC panel finish enhances the interior decoration of kitchen.

RSH-90AC / Rustica

Analogue feeling
was given to hood design.

Lighting
LED lighting with low power consumption and high durability

Air Volume (Steps 1, 2, 3)
3-step air volume setting

Industry-first Jog-dial Control
A jog-dial control is easy-to-use and creates sophisticated kitchen atmosphere.

MZH-90SP / Muzein

# Black colored hood design
captivates the eyes in the kitchen.

Lighting
LED lighting with low power consumption and high durability

Mode
Configurable cooking timer, shut-down reservation and current time setting

Air Volume (Steps 1, 2, 3)
3-step air volume setting

Second Indication
Configurable for shut-down reservation and cooking timer mode

Minute Indication
Configurable for shut-down reservation and cooking timer mode

Smart Mode
Automatic air volume setting and operation based on pollution level in the kitchen

Air Purification
Ionizer purifies the polluted air

Filter Cleaning
Informs the filter cleaning schedule based on accumulated time in use

Pollution Level Indication
Pollution level in the kitchen is indicated by 4 colors.

## Luxury Black Color
Luxurious black themed kitchen atmosphere.
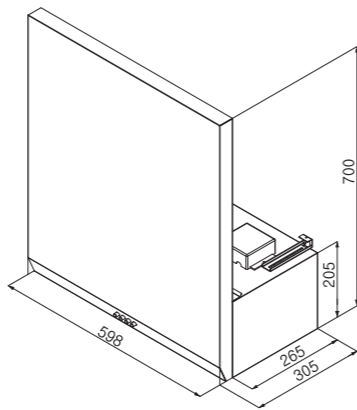

NMH-60SD /Nimo

Material	Stainless steel + Coated steel plate	Switch	3 stage PUSH
Product Size	W598 x D305 x H700	Lighting	LED lamp(0.7W)
Air Volume	260 / 230 / 180 CMH	Power Consumption	56 W
Noise	48 / 45 / 39 dB	Weight	8.5 Kg
Filter	Aluminum filter		

EPH-60SD /Elp

Material	Stainless steel + Coated steel plate	Switch	3 stage PUSH
Product Size	W598 x D305 x H700	Lighting	LED lamp(0.7W)
Air Volume	260 / 230 / 180 CMH	Power Consumption	56 W
Noise	48 / 45 / 39 dB	Weight	8.5 Kg
Filter	Aluminum filter		
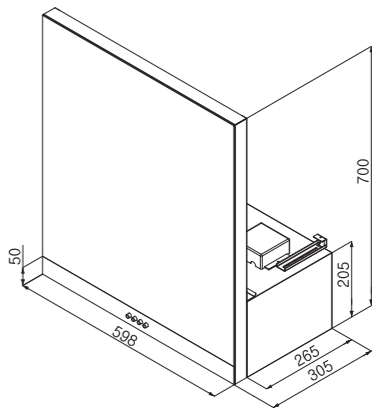

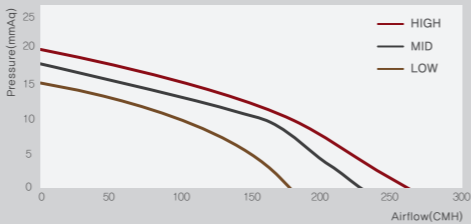

PXH-60PD /Pixie

Material	PC Panel + Coated steel plate	Switch	3 stage PUSH
Product Size	W598 x D305 x H700	Lighting	LED lamp(0.7W)
Air Volume	260 / 230 / 180 CMH	Power Consumption	56 W
Noise	48 / 45 / 39 dB	Weight	9.5 Kg
Filter	Aluminum filter		
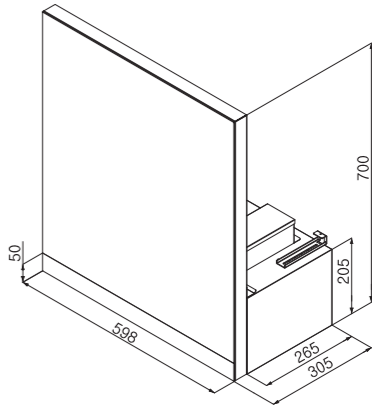

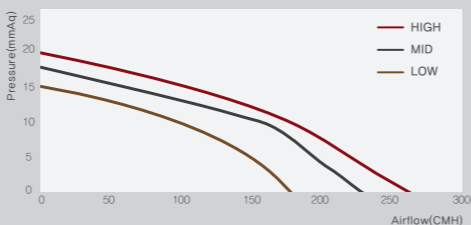

PFH-60GD /Pufit

Material	Reinforced glass + Coated steel plate	Switch	3 stage TOUCH
Product Size	W598 x D305 x H700	Lighting	LED lamp(0.7W)
Air Volume	260 / 230 / 180 CMH	Power Consumption	56 W
Noise	48 / 45 / 39 dB	Weight	12 Kg
Filter	Aluminum filter		
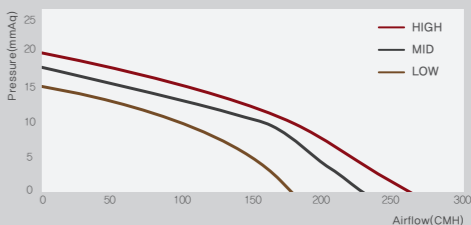

※ The air volume and noise described in this catalog are the results of the headquarter air volume test equipment and the environmental test
※ Catalog SPEC could be changed without notification due to the process of improvement of product quality and may differ from actual product.

HGH-60SD /Hugem

| Material	Stainless steel + Coated steel plate	Switch	3 stage TOUCH
Product Size	W598 x D305 x H700	Lighting	LED lamp(0.7W)
Air Volume	260 / 230 / 180 CMH	Power Consumption	56 W
Noise	48 / 45 / 39 dB	Weight	8.5 Kg
Filter	Aluminum filter		

QZH-90SD /Queezen

Material	Stainless steel	Switch	3 stage PUSH
Product Size	W898 X D450 X H350	Lighting	LED lamp X 2(1.5W)
Air Volume	570 / 440 / 325 CMH	Power Consumption	114 W
Noise	53 / 45 / 39 dB	Weight	12 Kg
Filter	Aluminum filter		

NPH-90SD /Niimp

Material	Stainless steel	Switch	3 stage PUSH
Product Size	W898 x D305 x H350	Lighting	LED lamp x 2(1.5W)
Air Volume	580 / 440 / 320 CMH	Power Consumption	110 W
Noise	55 / 51 / 44 dB	Weight	16.5 Kg
Filter	Aluminum filter		
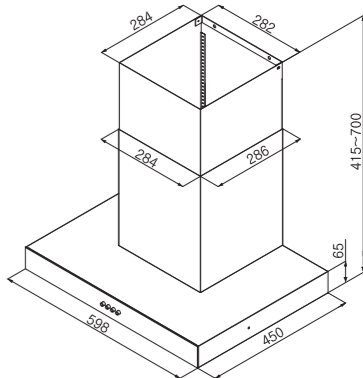

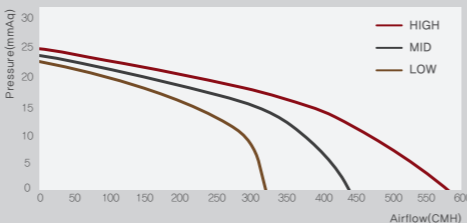

ASH-60PC /Ansome

| Material	Stainless steel + PC Panel	Switch	3 stage PUSH
Product Size	W598 x D450 x H460	Lighting	LED lamp(1.5W)
Air Volume	530 / 430 / 325 CMH	Power Consumption	105 W
Noise	53 / 50 / 46 dB	Weight	12.5 Kg
Filter	Aluminum filter		
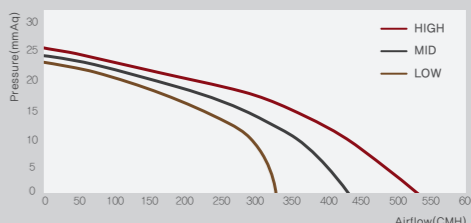

※ The air volume and noise described in this catalog are the results of the headquarter air volume test equipment and the environmental test
※ Catalog SPEC could be changed without notification due to the process of improvement of product quality and may differ from actual product.
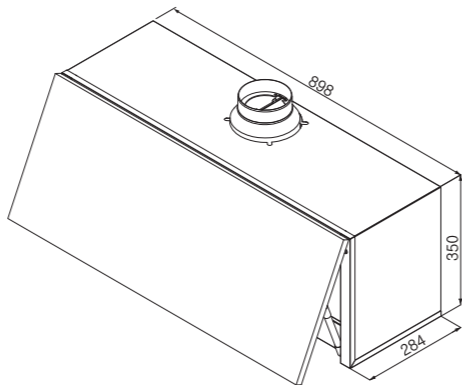

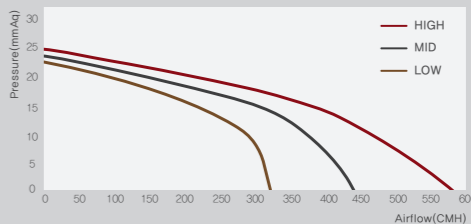

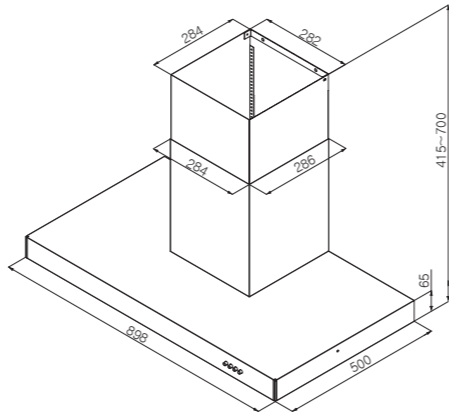

QMH-90SC /Q-Mine

Material	Stainless steel	Switch	3 stage PUSH
Product Size	W898 x D500 x H450	Lighting	LED lamp(1.5W)
Air Volume	530 / 430 / 325 CMH	Power Consumption	105 W
Noise	53 / 50 / 46 dB	Weight	14 Kg
Filter	Aluminum filter		
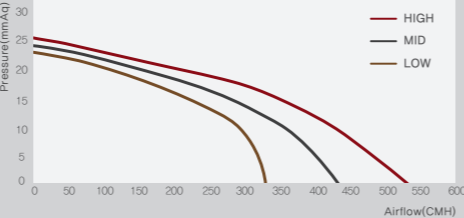

CSH-90SC /Calypso

Material	Stainless steel	Switch	3 stage PUSH
Product Size	W898 x D500 x H450	Lighting	LED lamp(1.5W)
Air Volume	530 / 430 / 325 CMH	Power Consumption	105 W
Noise	53 / 50 / 46 dB	Weight	14 Kg
Filter	Aluminum filter		

LVH-90PC /Livell

Material	Stainless steel + PC Panel	Switch	3 stage PUSH
Product Size	W898 x D500 x H450	Lighting	LED lamp(1.5W)
Air Volume	530 / 430 / 325 CMH	Power Consumption	105 W
Noise	53 / 50 / 46 dB	Weight	14 Kg
Filter	Aluminum filter		
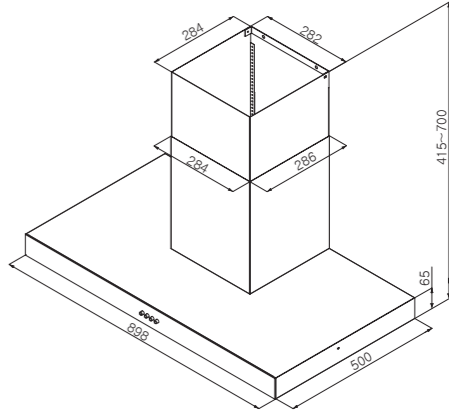

RTH-90PC /Rubato

| Material	Stainless steel + PC Panel	Switch	3 stage PUSH
Product Size	W898 x D500 x H450	Lighting	LED lamp(1.5W)
Air Volume	530 / 430 / 325 CMH	Power Consumption	105 W
Noise	53 / 50 / 46 dB	Weight	14 Kg
Filter	Aluminum filter

Design

The design DK is pursuing is customizing kitchen space
upon customer's taste, and maintaining beautiful kitchen atmosphere in future.

Harmony

Perfect harmony taking lead of kitchen atmosphere!
Enhancing space efficiency and adding pleasure through neat kitchen.

Choice

The perfect choice for all!
All the products you need start with DK.

DEI-112P

Induction 2circle

Product Size	W282 x D513 x H65
Installation Size	W250 x D480 x H70
Power Consumption	2900 W
Rated Voltage	AC220V / 60Hz

· Timer
· Automatic container recognition system
· All circle booster
· Lock(malfunction prevention)
· Residual heat warning lamp
· Automatic power off(Auto-cut)

· Overheating prevention Sensor
· Overvoltage /
  overcurrent protection circuit
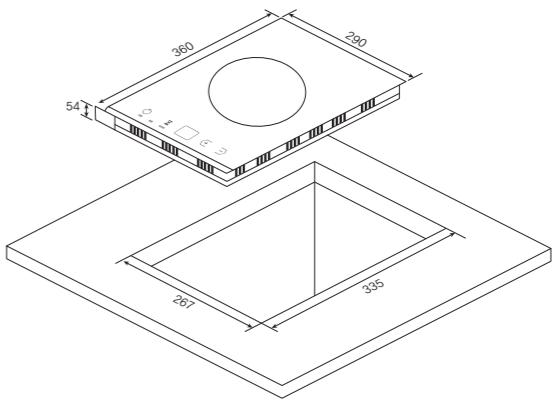

DEL-111G

Highlight 1circle

Product Size	W290 x D360 x H54
Installation Size	W267 x D335 x H50
Power Consumption	1800 W
Rated Voltage	AC220V / 60Hz

· Ceramic reinforced glass pattern coated top plate
· High-efficient highlight heater
· Timer
· Ultra-low temperature sensor(energy saving)
· Residual heat warning lamp

DEI-113P

Induction 3circle

Product Size	W585 x D505 x H60
Installation Size	W560 x D480 x H70
Power Consumption	3500 W
Rated Voltage	AC220V / 60Hz

· Ultra-low power control
· Timer
· Automatic container recognition system
· All circle booster
· Lock(malfunction prevention)
· Residual heat warning lamp

· Automatic power off(Auto-cut)
· Overheating prevention Sensor
· Overvoltage /
  overcurrent protection circuit

DEL-112G

Highlight 2circle

Product Size	W290 x D514 x H54
Installation Size	W267 x D498 x H50
Power Consumption	2900 W
Rated Voltage	AC220V / 60Hz

· Ceramic reinforced glass pattern coated top plate
· High-efficient highlight heater
· Timer
· Ultra-low temperature sensor(energy saving)
· Residual heat warning lamp

DEL-113P

Highlight 3circle

Product Size	W585 x D505 x H60
Installation Size	W560 x D480 x H70
Power Consumption	3400 W
Rated Voltage	AC220V / 60Hz

· Ultra-low temperature sensor (energy saving)
· Lock(malfunction prevention)
· Residual heat warning lamp
· Timer
· Auto cut
· Heat-up
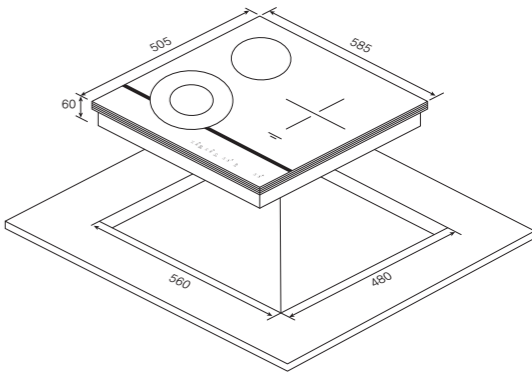

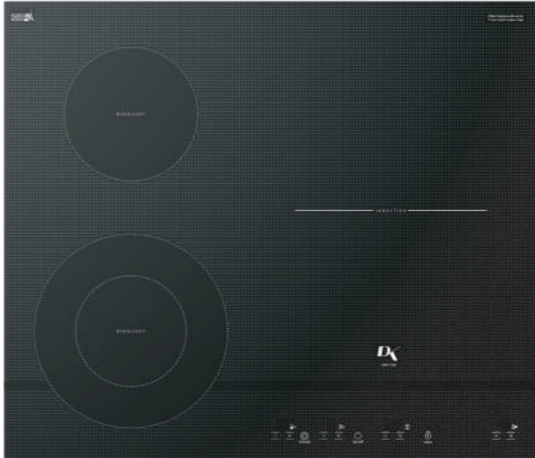

DEH-113N

Hybrid 3circle

Product Size	W585 x D505 x H60
Installation Size	W560 x D480 x H70
Power Consumption	3400 W
Rated Voltage	AC220V / 60Hz

· Induction 1circle + Highlight 2circle
· Ultra-low power control
· Timer
· Automatic container recognition
· Induction booster
· Lock (malfunction prevention)

· Residual heat warning indication
· Auto power off (Auto-cut)
· Overheat prevention sensor
· Overvoltage /
  overcurrent protection circuit
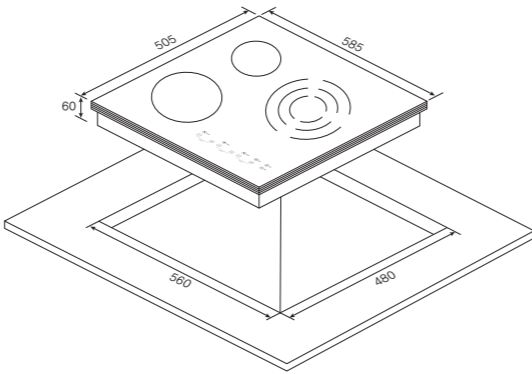

DEL-113G

Highlight 3circle

Product Size	W585 x D505 x H60
Installation Size	W560 x D480 x H70
Power Consumption	3400 W
Rated Voltage	AC220V / 60Hz

· High-strength ceramic glass top plate
· High-efficient highlight heater
· Abandon heat with highlight extension function
· Lock(malfunction prevention)
· Residual heat warning lamp
· Timer

· Stylish reinforced patterned
  top plate with luxurious design
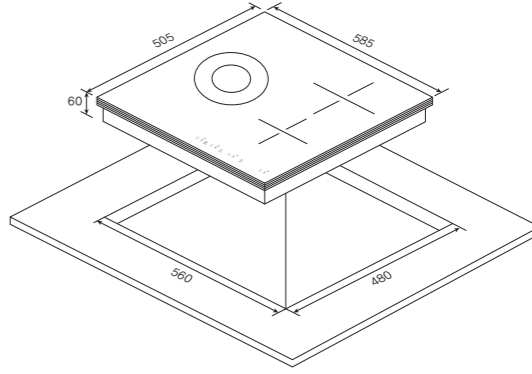

DEH-113P

Hybrid 3circle

Product Size	W585 x D505 x H60
Installation Size	W560 x D480 x H70
Power Consumption	3500 W
Rated Voltage	AC220V / 60Hz

· Induction 2circle + Highlight 1circle
· Ultra-low power control
· Timer
· Automatic container recognition
· Induction booster
· Lock(malfunction prevention)

· Residual heat warning indication
· Auto power off(Auto-cut)
· Overheat prevention sensor
· Overvoltage /
  overcurrent protection circuit

DK Quality

DK's leading-edge technology and advanced design
elevate the value of the kitchen.

Life Style

We are constantly making efforts with various ideas in order to reflect
the needs of our customers and to provide fresh and comfortable environment.
Focus on Eco-friendly environment for "lifestyle" and a better life!
We will think on your side and focus on customer's convenience.

Business Style

As long as customers pursue lifestyle, what we pursue is the business style
that can be built together with you for a lifetime.
Proposing a lifestyle is based on a perfect understanding of the lifestyle.
With the perception of 'lifestyle starts from DK',
DK will enjoy the moment with you, and become the one could provide
new way of life.

170mm

Caps to prevent stinky order
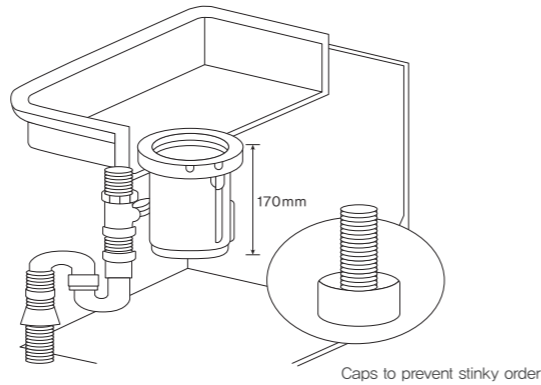

※ Sink hole diameter：Ø161mm～Ø162mm
　 Drainage body：Ø 185mmX170(H)mm

DBD-12N

Food dehydrator

Product Size	Ø 180 x 170 (Body)	Dehydrating Time	15 second
Sink hole diameter	Ø 159～164	Power Consumption	40 W
Dehydration capa.	0.6 Kg	Rated Voltage	AC220V / 60Hz
Rotation Speed	1,200 RPM (1,200RPM)		

· Low Noise Low Vibration Design
· Advantage in cleaning by filter separation
· Automatic stop when door is disconnected during operation
· Prevent 2-way odor backflow by U-trap installation
· Minimal interference with lowest height in Korea (H:170mm)
· Lid and disposal cover operate in integrated way

460   149   430   149

820   820

External   Built-in

DBS-10N (Built-in/External)

Dishcloth Cutting Board Sterilizer

Product Size	W149 x D490 x H820	Sterilization method	UV sterilization
Wooden Base Size	W146 x H541	Power Consumption	140 W
Drying Method	Power saving internal circulation flow system	Sterilization lamp	6 W
Drying Temperature	65 ℃		

· UV sterilization
· Optimized space-saving design
· Safety device and auto stop
· Internal hot air recirculation flow design during drying
· Low noise fan and ventilation channel structure
· Hourly LED display

DEP-01N

Scaffolding faucet

Scaffolding size	W260 x D60 x H14～16
Body dimension	W105 x D52 x H78
Control method	Mixed water control module method
Applied water pressure	MAX 5Kg/cm²
Rated voltage	AC220V / 60Hz / DC12V / 500mA

· Continuous / instantaneous control
· Power leakage detection
· Operation indicator LED
· Mesh application at water entrance to prevent valve clogging
· IN OUT integral type solenoid valve
· Saving water rate (up to 40% saving)

DEP-01G

Scaffolding faucet

Scaffolding size	W300 x D60 x H14
Body dimension	W155 x D75 x H92
Control method	Mixed water control module method
Applied water pressure	MAX 5Kg/cm²
Power Consumption	6 W
Rated voltage	AC220V / 60Hz / DC12V / 500mA

· Alarm for valve operation and water leakage
· Malfunctioning water shutoff(automatic locking after 10 minutes)
· Brass forged valve for block leakage and semi-permanent
· Application of waterproof foot switch
· IN OUT integral type solenoid valve
· Saving water rate (up to 40% saving)

DBC-11P

Multicncent

Product Size	ø 120 x392mm / 186mm(Withdrawable Height)
Installation Size	ø 100 x 410mm
Rated Voltage	AC250V, 60Hz, 16A
DC Voltage	Output 5V, Total 3.6A
Product Weight	1.95Kg

· Equipped with collision and trapping prevention device
· Built-in Bluetooth speaker
· Concent 1
· USB 2 port - fast charge(2.1A)
· MOOD LAMP ON / OFF

Φ120

187

Maximum thickness
of mounting roof
: 70mm

576

387

Power line 1.5M
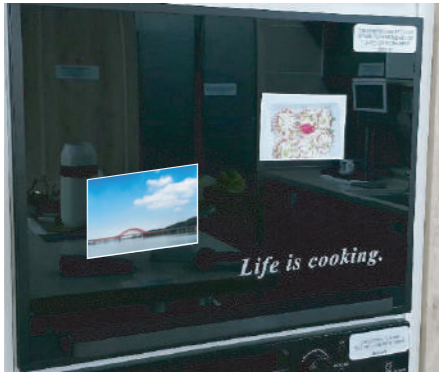

DBL-23N

Lift–up door

Product Size	W594 x H456
Installation Size	Inner diameter – W570 x H455
	Outer diameter – W600 x H460
Operation Method	Gas Cylinder Shock Absorber Lift System
Installation Structure	Fixed kitchen left and right brackets

· Upper maximum door opening
· Equipped with corner cap to prevent accidents
· Magnet and board marker memo function
· Various interior design (black, white, stainless steel)

570

456

445

596

Life is cooking.

Electric Cooktop Panel

Product Size	W585 x D505 x H150
Material	Steel

· Product color : Black powder coating

Scraper

|	
Material	Plastic, blade

· Scraper for top glass cleaning

Glass detergent

Product Capacity	250 ml

· Germany Berkman electric stove top plate glass
  cleaning detergent

Filter detergent

Product Capacity	1L

· Method of use : Mix water and detergent in 5 : 1 ratio
· Alkaline liquid product which eliminates grease efficiently

Steel detergent

Product Capacity	540 ml

· Stainless steel cleaning polish

Electrical damper

Product	DK100, DK125, DK150

· AC / DC applicable

Wall−mounted air purifier

DAP-2299****

Design the air with the feeling of love for family

Wall−mounted air purifier **DK**
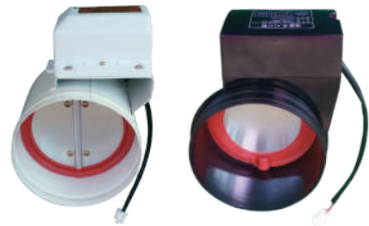

Wherever my family is, it is the DK clean zone!

It is wall−mounted type that does not allow touch of children,
so safe and clean air can be carried away to create a fresh space.

Sterilization and deodorization at once!
[UV Lamp + Photocatalyst]

It creates a pleasant and healthy environment by removing
volatile organic compounds including the substances harmful to your health
such as harmful bacteria floating in the air, the odor
and the substances which causes respiratory diseases.

Removing Fine dust, as well as deodorization
[Pre−filter + multi−functional filter]

The pre-filter removes relatively large dust, hair, and pet hair at first,
and multi-functional filter(HEPA + deodorization) cleans out fine dust
and removes harmful gases and living odors in order to create a healthy environment.

Four-stage air purification solution
[3 stage cleaning filter + UV air sterilization]

The four-stage air purification solution provides the most optimal c
lean environment and allows you to check indoor air condition
and level of gas pollution.

Power specification / Power consumption		220V / 60Hz / 110W
Product size / Weight		960(W) x 274(D) x 480(H) / 13kg
Air purification system	Purification(3 stage)	Complex(Deodorization + HEPA)Filter/Pre Filter
	Sterilizing	UV Lamp + Photocatalyst
Performance	Area application(m^2)	119.4m^2 / 36.1 pyeong(CA basis)
	Energy efficiency grade	3rd Grade
	Clear Air Delivery Rate(CADR)	15.5m^2 / min(CA basis)
	Deodorization efficiency(%)	90% or more
	Noise	51.8 dB
	Ozone concentration	Less than 0.01ppm
Function / Feature	· Operation method: Touch/Remote control · Air volume step: 5 step(Quiet/1~4 steps) · Airflow level: Automatic/Manual/Quiet/Class · Clock/Temperature & Humidity/Filter change · Scheduling function: Operation/Stop · Clean display: 4 Stage(Red/Yellow/Green/Blue)	

1 STEP

Pre-filter

Eliminate relatively large dust /
hair / pet hair

2 STEP

Multi-functional filter (deodorization)

Remove harmful gas /
daily environmental odor

3 STEP

Multi-functional filter (HEPA)

Remove fine dust /
ultra-fine dust and etc

4 STEP

Multi-functional filter (HEPA)

Strong sterilization and
deodorization function
[control bacteria growth &
remove daily environmental odor]

Air purifier

DAP-0420ANWG

Check the air condition of my house at a glance with a purification display!

You can check the air condition of your house at a glance by using the front-touch-system- button which is convenient to use and luxurious in any space.

Once again with plasma double care

It makes you feel in the way you are in the woods with the fresh air generated by plasma ion sterilization. It removes various bacteria floating around your house by generating sterilizing ion.

Model name	DAP–0420ANWG	Product weight	9kg
Color	White	Sensor	Dust Sensor / Gas Sensor
Display type	Hidden display	Plasma function	Plasma ion sterilization
Product size(W x H x D)	460mm x 570mm x 300mm	Filter	Pre–filter / Dust filter / Composite filter (HEPA filter + deodorization filter)
Rated voltage	AC220V / 60Hz		
Power consumption	35W	Filter Type	Detachable type
Energy consumption efficiency grade	3rd grade	Filter check notification function	o
Maximum noise	44.3dB	Off / On reservation	12 hours
Clean application area (CA basis)	38,2m²	Enable button lock function	o
Sleep function	o	Cleanliness display	Sky blue / Green / Yellow / Red

Air purifier

DAP-834NAWG

Fill your space with fresh and clean air with 6 step purification system!

It purifies the contaminated air in your space, and terminates dust and germ by passing polluted air through filter.

Plasma ion

It browses and eliminates any fine dust in the air, and always provides fresh and clean air.

6 stage purification system

6-stage-filter and plasma ion system creates more fresh air for your space.

Model name	DAP–834NAWG	Product weight	9kg
Color	White	Sensor	Dust Sensor / Gas Sensor
Display type	Hidden display	Plasma function	Plasma ion sterilization
Product size(W x H x D)	460mm x 570mm x 300mm	Filter	Pre–filter / Dust filter / Allergen filter/ Composite filter (HEPA filter + Deodorization filter)
Rated voltage	AC220V / 60Hz		
Power consumption	34W	Filter Type	Detachable type
Energy consumption efficiency grade	3rd grade	Filter check notification function	o
Maximum noise	46dB	Off / On reservation	12 hours
Clean application area (CA basis)	36,1m²	Enable button lock function	o
Sleep function	o	Cleanliness display	Sky blue / Green / Yellow / Red

Dehumidifier

DDH-144HMB
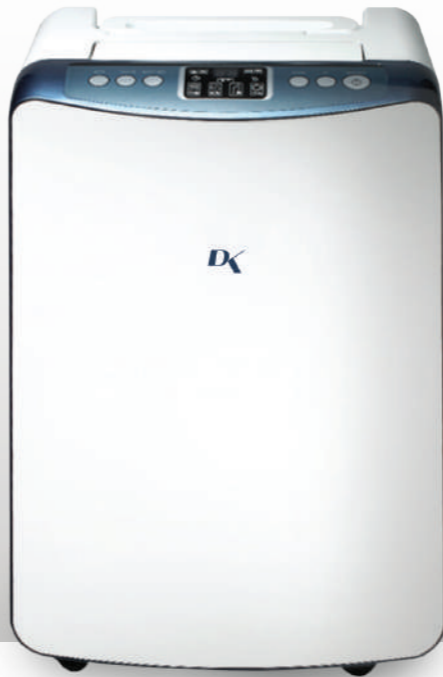

Anion generation of DK technology for healthy and fresh life

Faster and longer summer! Wet summer! More unpleasant summer! Dry your wet sneakers with shoe drying kit to dry even deep inside the shoe soft and smooth with DK dehumidifier in humid rainy season.

Anion generation

Along with powerful dehumidification, it generates anion and also helps your body metabolism.

Anion, air-filling vitamin

Anion is known as vitamin in the air because it has the effect of clearing metabolism, promoting vitality, improving concentration and freshening blood.

Model name	DDH–144HMB	Rated voltage	Single phase AC 220V / 60Hz
Power consumption	325W	Refrigerant / weight	R–134a / 210g
Water bottle capacity	4,5 ℓ(When full)	Weight	15kg
Dehumidifying amount	14 ℓ/day(Temperature:27℃, Humidity:60%) China basis 24 ℓ/day(Temperature:30℃, Humidity:80%)		
Dimensions	356mm(W) x 250mm(D) x 550mm(H)		

Dehumidifier

DDH-260W

Necessity for all seasons More powerful and fresh DK dehumidifier

Major ingredients in the blood are alkalized by more than 2,000 times than Cymbidium to purify the blood and increase the immune system of your family by increasing the amount of Globulin in the blood serum.

Anion generation

Along with powerful dehumidification, it generates anion and also helps your body metabolism.

Anion, air-filling vitamin

Anion is known as vitamin in the air because it has the effect of clearing metabolism, promoting vitality, improving concentration and freshening blood.

Model name	DDH–260W	Rated voltage	Single phase AC 220V / 60Hz
Power consumption	650W(4th grade of energy efficiency)	Refrigerant / weight	R–134a / 210g
Water bottle capacity	6,5 ℓ(When full)	Weight	20,0kg
Dehumidifying amount	26 ℓ/day(Temperature:27℃, Humidity:60%) China basis 52 ℓ/day(Temperature:30℃, Humidity:80%)		
Dimensions	400mm(W) x 290mm(D) x 610mm(H)		

Mini Air

DAP-0403PB**

Air purifier and
Bluetooth speaker are all in one!

Inside the room air purification is basis!
It terminates harmful substances such as life odor,
mite and mold all at once to create a healthy indoor space.

Air purifier

Product color	White / Black / Dark Gray	Enclosure material	ABS / Alumium
Product size	W150 x D150 x H150	Rated voltage	DC 5.0V, 1.0A
Product weight	860g	Power consumption	4W

Bluetooth speaker

Module model name	DBC7W–00DK1
Using frequency	2.4GHz~2.4835GHz
Rated output	Max. 10dBm(Bluetooth 4.1)

Simple & Modern
The cube-shaped modern style fitting any space,
