45 Countries Global Top Brand as  
Professional & Aesthetic Cosmetic Brand

# Derma Cyclor

As Amaros' **cosmeceutical products** based on skin regeneration cycler, Derma Cyclor line products are ideal to use on a daily basis and after chemical peeling procedures (IPL, I2PL, & etc). The products contain high-quality ingredients as Portulaca Oleracea Extract, Micro-collagen, Seaweed Extract, Ceramide, Hyaluronic Acid, Shea-Butter, Tocopherol, & etc.

## Derma Cyclor Blemish Balm

Certified by US Food & Drug Administration

Volume : 20g

1. Accelerates recovery period of weakened skin condition after dermatology skin procedures (laser, peeling, and etc.).
  2. Blocks UV rays → UVB: SPF 15, UVA: PA+
  3. **Corrects uneven skin tone and covers blemishes** without leaving any stickiness.
  4. Excellent in removing scars, improving wrinkles, and atopic dermatitis. (Contains Centella Asiatica extract which is used as a raw material for Madecassol)
  5. Controls excessive sebum.
  6. Soothes sensitive skin and protects weakened skin.
  7. It is used as an alternative for make-up base or foundation.
- Has an antibiotic and anti-inflammatory effect.**

How to use: After daily basic skin care, apply a small amount on face using a light dabbing motion until it becomes similar to your original skin tone.

## Derma Cyclor Series

(NMF:Natural Moisture Factor)

### Derma Cyclor Eye Cream

Certified by US Food & Drug Administration

Volume : 20g

Eye cream improves fine wrinkles and dark circles under eyes.

**Anti-aging effect** – minimizes the appearance of fine wrinkles by promoting cell restoration and recovering the damaged skin barriers function.

**Improves dark circles** – special skin brightening complex, which interferences with transfer of melanin, helps to decrease dark spots and lightens your skin tone. It contains antioxidants that can enhance immune-system. It leaves the entire eye area rested and radiant. Ideal for every type of skin.

**Extensive eye area treatment** – improves texture, elasticity, and firmness of the skin around eyes.

- E.G.F (Epidermal Growth Factor)
- F.G.F (Fibroblast Growth Factor)
- NMF (Natural Moisture Factor) Sodium PCA 50% is a moisture-enhancing component
- Doesn't contain Chemical Glycerin & Chemical Paraben

How to use: After using serum and essence, apply eye cream with fingertips in a dabbing motion twice a day (morning and evening).

### Derma Cyclor Lip Balm

Certified by US Food & Drug Administration

Volume : 20g

Soothes chapped lips (dead skin cells) and turns pigmented lip's color into clear and healthy tone. Gives long-lasting moisturizing and great nourishing effect.

**Contains 10% of Vitamin E (Tocopherol). Facilitates blood circulation, repairs, softens, and prevents skin against inflammation.**

**Tocopherol (Vitamin E):** Speeds up metabolism by facilitating cell creation, prevents skin aging by increasing level of immunity, and has an anti-cancer effect.

How to use: Apply lip balm every morning and evening on lips, especially on chapped parts. For very dry lips it is recommended to apply larger amount of balm in the evening than in the morning.

## Derma Cyclor Recharging Cream

Volume : 50g

Cream is ideal for severely dry and nutrient deficient skin as it improves NMF layer. It increases skin moisture level by promoting skin with supple and moisturizing effects. It also makes skin more elastic and protects it from active oxygen. Moreover, it enhances the ability of skin to regenerate and helps to restore protective function of the skin due to the alignment of epidermis. More, it helps cells to retain its natural moisture level and maintain a stable water balance.

Main Components:

**Sodium Hyaluronate:** It has an outstanding capacity to retain moisture and protect skin. Has elasticity properties.  
**Shea Butter:** Contains Vitamins A, E, F. Has moisture, elasticity, brighten, and skin protective properties.  
**Squalane:** Due to extracts from liver of deepwater shark, it has sterilizing power and gives skin vitality.

How to use: Apply an appropriate amount of cream on face in the morning and evening in an outward direction. Can be used before applying Gypsum Mask Pack.

## Derma Cyclor Cell Renew Cream

Certified by US Food & Drug Administration

Volume : 50g

Recommended for dry, oil, combination, sensitive, undernourished, and for skin with poor elasticity. In one word, this nourishing cream prevents all skin types from aging. Ceramide component moistures, improves, helps to keep pH balance of your skin, soothes, regenerates, and firms your skin. Also, it is able to restore damaged skin epidermis and to promote cell regeneration after IPL and chemical peeling.

Main Components:

- E.G.F (Epidermal Growth Factor)
- F.G.F (Fibroblast Growth Factor)
- NMF (Natural Moisture Factor) Sodium PCA 50% is a moisture-enhancing component
- Doesn't contain Chemical Glycerin & Chemical Paraben

How to use: Smoothly apply an appropriate amount of cream on face and neck every morning and evening. Highly recommended to use after aesthetic treatments (IPL, chemical peeling, and etc).

## Camellia Multi Action UV Sun Serum SPF 45/PA++

Volume : 40ml

The main component of this product is Camellia Extract that is considered as the best component for blocking ultraviolet rays. This Multifunctional Cosmetic Product is able to tackle wrinkles, to promote whitening effect, and to moisturize your skin at once. The excellence of this serum is a mild particle that prevents blemishes and doesn't leave any kind of sticky on the skin. Forming protective layer with moisturizing effect it solves problem of excessive skin sensitivity.

- Ideal for outdoor sport activities, such as mountain tracking, swimming, and skiing
- Safe to use on children's tender and sensitive skin
- SPF Level: Certified SPF 45/ PA++ in KFDA, FDA

How to use: Apply 20 min before going outside. Evenly apply an appropriate amount of serum on face and body, allowing the serum to be absorbed into skin.

Certified by US Food & Drug Administration

KFDA Certificate of Korea Food & Drug Association  
As Whitening & Function

FDA NDC 60899-030-01

## Arbutin Whitening Serum

Volume : 40ml

It restrains the generation of melanin, the cause of freckles, and blemishes by stimulating skin's self pigment control system. Detoxification capacity helps to get rid of waste from your skin and minimizes your exposure to toxins. It provides the delicate and dry area around eyes with intensive moisture. Also, it is an excellent whitening serum that protects your skin against aging.

How to use: Gently apply an appropriate amount of serum on face in an outward direction. We recommend to use the above product in complex with Derma Cyclor Cell Renew Cream, Brightening Cream Pack, or Whitening Modeling Mask Pack for better whitening effect.

Certified by US Food & Drug Administration

KFDA Certificate of Korea Food & Drug Association  
As Whitening & Function

# Sun Cream & Serum

# OHL Herbal Set

## Peeling Powder

Volume : 20g

It controls sebum secretion and treats acne and acne scars. Also, it reduces enlarged pores, freckles, blemishes, and dark spots. Supplements your skin with abundant minerals and nourishes skin. What is more, it maintains an excellent moisturizing capability that makes your skin firm and radiant.

### Effectiveness:

Herbal peeling powder is a perfect solution in juvenile and adult acne treatments. Amazingly cures early pimples, acne, and acne scars. Soothes, moisturizes, and brightens the skin tone. Reduces fine wrinkles. It is recommended to use Derma Cyclo Cell Renew Cream after herbal peeling treatment for faster skin regeneration. We acquired Korean Patent for the O.H.L Herbal Set through the technical joint effort with Dongkuk University, South Korea.

Volume : 250ml

Excellent in moisturizing as it removes old dead skin cells and helps peeling powder particles to penetrate deep into the skin.

Directions for using peeling powder with solution:

1. Mix the solution and the herbal peeling powder in rate 1:4 (powder 1g + spray solution 3-4 times). Then acquired mixture apply all over the face except eyes and lips areas using finger tips.
2. Slightly but quite strongly press on the skin area where the mixture was applied. In this way the herbal active components will be effectively absorbed into skin.
3. After 3-5 min you have to spray O2 Spray all over the face and leave it for 10min. After 10 min you have to spray O2 Spray one more time and then again leave it for 2-3 min.
4. Wipe it off with the Warm Towel.
5. Apply Derma Cyclo Cell Renew Cream or any of your skin care cream.

## Solution

## Seaweed Remover Point Make-Up

Volume : 500ml

Remover is specially formulated on the Seaweed Extract that quickly lifts away any make-up. Easily removes heavy eye make-up, waterproof mascara, lipstick, and etc.

Non-drying. Very Gentle.

Smoothly removes eye make-up without tugging or pulling the delicate skin in the eyes area. Formula does not leave skin with greasy feeling, but skin stays conditioned and comfortable.

How to use: Apply Seaweed Point Make-up Remover to a cotton pad. Then close your eyes and apply one of the cotton pads to your lid and lashes. Let it sit for a minute, so it can work its way through the layers of make-up. After gently swipe your eye in a massage motion. Make sure to use gentle movements, because the tissue around your eyes is the most fragile. Use lukewarm water to completely rinse all of the remaining cleanser from your face.

## O2 Spray

Volume : 250ml / 60ml / 15ml

**FDA** Certified by US Food & Drug Administration

O2 Spray is suitable for all skin types, especially it is excellent for dry and sensitive skins. It keeps moisture, calms down, and improves skin tone. Can be used after make-up. It is an admirable spray in hot dry weather as far as it gives refreshing and cool feelings. Use it at home or outdoors at any time you need to moisturize your skin.

It contains more than 20 kinds of oriental herbal extracts.

Main Components:

**Portulaca Oleracea:** In traditional medicine the root of the plant is used as antipyretic and antidote agents. Also, it is used to get rid of toxins. Additionally, it is effective in treating of any kind of allergy, irritation, and infection. In 200 times more effective than aloe as a sedative.

**Peptide:** Protein Structure with moisturizing and skin's cell regeneration functions.

FDA NDC 60899-040-01

**Ceramide:** Essential components of the skin's hydrophilic barrier, protects skin and keeps it moisture.

How to use: Spray the products several times on your face and leave it.

Mix the solution and herbal powder in rate 1:4.

Spray O2 mist during treatment procedure to ensure products thoroughly penetrate into the skin.

## Cleansing

## Seaweed Cleansing

Volume : 1000ml / 150ml

Removes skin waste and make-up residue without any skin irritation due to natural botanical oils, which seaweed cleansing contains.

Seaweed extract and vitamin help restore the skin balance and improve skin metabolism function. Your skin stays bright and radiant for long-term.

How to use: Take an appropriate amount of cleanser and apply it on face. Gently massage the cleanser all over your face, especially go over the area, where you have make-up. Then wipe off the cleanser with a tissue and wash up your face with water.

**FDA** Certified by US Food & Drug Administration

FDA NDC 60899-050-01

# Cleansing System with O.H.L. Powered Brush Set (2 Type)

## O.H.L. Powered Brush

The microfiber O.H.L. Powered Brush thoroughly cleans off dead skin cells, blackheads and make-up residue on skin with minimum irritation. The bristles of the brush has an antibacterial and antiseptic properties (antimicrobial activity 99%). Provides deep pore cleansing without irritation, quickly dries after using, bristles do not cluster. Convenient portability by using AA batteries. Convenient operation and power control with the one-touch button in the middle. Waterproof and long lasting, it can be easily used during taking a shower. Easy storage and dry with ventilated cap.

How to use: Apply device on wet skin. Before using the brush apply an appropriate amount of cleansing foam (NoblRose or Acne Lab foam cleansers) all over the face and start cleansing procedure. Gently press on face and move the brush across skin in a circular motion within 1-2 min. Then rinse off your face.

The microfiber O.H.L. Powered brush thoroughly cleans off dead skin cells, blackheads and makeup residue on the skin with minimum irritation.

The fine tips of the microfiber brush clean deep into the pores.

The rotating O.H.L. Powered brush cleanser enables easy and clean washing within just 1~2 min, and is ideal for busy women.

For deep facial cleansing we recommend to use Amaros Cleansing Cosmetic Products.

- a. For acne, troubled skin – AcneLab Foam Cleanser + O.H.L. Powered Brush
- b. For dry, dark, aging skin– NoblRose Foam Cleanser + O.H.L. Powered Brush

Acne Oily type

Normal type

## Deep Cleansing

### Scrub Deep Cleansing Cream

Application for all Deep Cleansing Series: Apply cleansing cream on clear face, using brush. Wipe up face with warm water or warm towel after 10-15min.

Volume : 150ml

It gently removes dead skin cells and skin waste. Improves skin tone making it smooth and bright. Also, it prevents horny layer from thickening and supports skin moisturizing function. Moreover, it is a botanical scaling cream that due to its minute particles gently exfoliates horny layer, absorbs sebum from your pores and eventually makes your skin clear and radiant.

Ideal for: Oily skin, skin with large pores, and acneprone skin

### Gommage Deep Cleansing Cream

Volume : 150ml

Removes blackheads, skin waste, blemishes and brightens age spots and freckles. It is made up from natural botanical oils (sesame oil, jojoba oil). Promotes circulation through massage. And, it is great in preventing wrinkles by stimulating metabolism in skin cells and skin reproduction. It has scrub effect due to Natural Cellulose Particles that make your skin bright and clear by removing skin waste and dead skin cells.

Ideal for: Dry skin, acne skin, and aging skin

### Enzyme Deep Cleansing Cream

Volume : 150ml

The product removes normal dead skin cells & old dead skin cells; by mild irritation do softly deep cleanse blackheads and whiteheads without leaving any tightening feeling. Very effective for trouble and sensitive types of skin. Due to natural slightly amino acid components, which are similar to skin of human, the product effectively softens and removes dead skin cells making it soft and moist. And owing to Natural Enzyme ingredients it doesn't irritate skin. It increases level of moisture effect, so that it keeps soft feeling even without applying any toner or cream after. Even without applying steamer before using deep cleansing product, its enzyme minute particles will easily penetrate into the pores, then remove dead skin cells and adjust pH-balance. It's a professional deep cleansing product that is able to remove not only normal but old dead skin cells as well as sebum and skin waste. More effective to use the product when your skin is damaged after salon laser procedures or when your skin became sensitive because of irritations.

Ideal for: All skin type, especially irritated, sensitive and trouble skin

### Enzyme Powder

Volume : 40g

It is made up of gentle and mild slightly acid and crude enzyme. These ingredients help to remove dead skin cells, sebum and skin waste. It penetrates into the skin pored and gently removes dead skin cells making your skin clear and moist. Papaya ingredients and corn starch ingredients prevent your skin from tightening; diatomite components control excessive sebum and helps to reduce blackheads.

Ideal for: All skin type

How to use: Apply an appropriate amount evenly across face and gently massage for 1 minute. Rinse with warm water.

Certified by US Food & Drug Administration

\* All products are appropriate both for Home and Professional Beauty Salons use.

## 2 Peeling Products

### Alpha Hydroxy Acid (A.H.A) & Beta Hydroxy Acid (B.H.A)

Rebirth your skin with our moisturizing  
and regenerative products!

A.H.A (Alpha Hydroxy Acid): Fruit Acid Based (contains natural fruits acid)

Depending on the skin condition use the product  
once in a week or twice in a month and it will  
dramatically improve your skin problems and  
induce whitening effect.

Ideal for: Thin skin, sensitive skin, irritated skin, and  
normal skin

#### Super Peeling (A.H.A + B.H.A 30%)

Volume : 100ml/ 30ml

It provides solutions for excessive oily skin, acne  
skin, dry skin, and aged skin, which has a very  
rough texture full of wrinkles, spotted skin with  
pigmentation, uneven skin due to scars, and etc.  
Moreover, it protects skin from various skin  
troubles and makes the skin smooth, bright, and glow.

Ideal for: Thick skin, normal skin, and  
acne-prone skin

# Skin Toner

## Herbal Skin Toner

Volume : 1000ml/ 150ml

It is made up from natural herbal extracts and is appropriate for all skin types. Providing moisture and nutrition to the skin, toner maintains your skin healthy. Moreover, through the stabilization of moisture balance of the skin it relieves any irritation and makes your skin clear and radiant. Indeed, it enhances skin suppleness and makes it tender.

Certified by US Food & Drug Administration FDA NDC 60899-060-01

How to Use Skin Toner : Apply toner to a cotton pad, then move the pad in circles across your face and neck. After using toner, apply Nano Gold Serum, E.G.F & F.G.F Whitening Serum or Platinum Anti-Wrinkle Serum.

# Essential Oils

## Oriental Herb Oil

Volume : 500ml / 100ml

It is excellent for lymph circulation, skin waste excretion, and immune development. Due to minerals and vitamins oil contained, it has an excellent moisturizing effect, and it helps to recover physical and psychological fatigues. Oriental Herb Oil consists from Oriental Herbs, which grow in Korea, and natural oil components, which were drying day by day in an appropriate climate conditions and then were combined in Oriental Herb Oil. It can be used not only on face but on the whole body as well. It is outstanding in:

- Enhancing immune system
- Muscle relaxation
- Promoting blood circulation
- Moisturizing your skin

Main Components: Jojoba Oil, Membranaceus Root Extract, Sweet Almond Oil, Angelica Acutiloba Root Extract

## Detox Oil

Volume : 500ml / 100ml

By facilitating the elimination of skin waste and toxic metabolite, skin becomes healthier, clean and the skin cells become more lively. Product contains natural oils that help to activate blood circulation and relax muscles. It can be applied both on face and body.

Main Components: Cupressus Sempervirens Oil, Sandalwood Oil, Lavender Oil, Olive Oil

## Slimming Oil

Volume : 500ml / 100ml

Increases the skin's metabolism, prevents the accumulation of fats in a subcutaneous fatty tissue, promotes the breakdowns of lipids, and recovers physical and psychological conditions.

Also, it eradicates cellulite and helps to relieve fatigue. Using this oil will make your body light and supple.

Main Components: Grape Seed Oil, Rosemary Leaf Oil, Sunflower Seed Oil

Ideal for: Every type of skin, especially good for dry and sensitive skins

# Massage Cream

Volume : 500ml

## Seaweed Aqua Gel

Natural Seaweed Aqua Massage Cream provides skin generously with moisture and nourishment. Excellent not only for dry skin but for any type of skin. It can be used both on face and on the whole body. While rubbing massage cream the drops of water will appear on the surface of your skin, what will allow the skin to absorb it quickly, and will provide fresh feeling. After using the cream, on the next day make-up will lay ideally on your skin.

How to use: Wash you face first and then apply an appropriate amount of the massage cream on face. Don't wipe the drops of water that will appear during rubbing the cream, but by tapping motions let them to be absorbed into the skin. Also, you can mix the massage cream together with any mask packs, apply it on the face and wash after 20-30min. By using massage cream together with foundations your skin becomes moisturized.

# Nourishing Cream

## Recharging Cream

Volume : 300g

Cream is ideal for severely dry and nutrient deficient skin as it improves NMF layer. It increases skin moisture level by supple and moisturizing effects. It also makes skin more elastic and protects it from active oxygen. Moreover, it enhances the regeneration ability of skin and helps to restore protective function of the skin due to the alignment of epidermis. More, it helps cells to retain its natural moisture level and maintain a stable water balance.

Main Components:

**Sodium Hyaluronate:** It has an outstanding capacity to retain moisture and protect skin, has elasticity properties.

**Shea Butter:** Contains Vitamins A, E, F, Has moisture, elasticity, brightens, and skin protective properties.

**Squalane:** Due to extracts from liver of deepwater shark it has sterilizing power, and gives skin vitality.

How to use: Apply an appropriate amount of cream on face in the morning and evening in an outward direction. Can be used before applying Gypsum Mask Pack.

**FDA** Certified by US Food & Drug Administration

## Cell Renew Cream

Volume : 300g

Recommended for dry, oil, combination, sensitive, undernourished, and for skin with poor elasticity. In one word, this nourishing cream prevents all skin types from aging. Ceramide component moisturizes, improves, helps to keep pH balance of your skin, soothes, regenerates, and firms your skin. Also, it is able to restore damaged skin epidermis and to promote cell regeneration after IPL and chemical peeling. Boosts skin's anti-oxidation and immune system function.

Main Components:

- E.G.F (Epidermal Growth Factor)
- F.G.F (Fibroblast Growth Factor)
- NMF (Natural Moisture Factor) Sodium PCA 50% is a moisture-enhancing component
- Doesn't contain Chemical Glycerin & Chemical Paraben

How to use: Smoothly apply an appropriate amount of cream on face and neck every morning and evening. Highly recommended to use after aesthetic treatments (IPL, chemical peeling, and etc).

**FDA** Certified by US Food & Drug Administration

FDA NDC 60899-010-01

# Body Cleanser & Dandruff Shampoo SET

## Perfect Shower Body Cleanser

Volume : 500ml

The main ingredient of the cleanser is natural extract of avocado, which has moisturizing and exfoliating effect. It perfectly ideal for very sensitive and delicate skins. There are no any tightness and dryness feelings after using the cleanser.

# AMAROS DIET three(3) steps line

## Perfect Line - Hot Scrub Gel

Volume : 500ml

(1st step)

Heating up body it opens pores and after eliminates waste from it. Destroys accumulated cellulite in the subcutaneous fat. Although it is not just simply treats uneven skin, but it decomposes the substance of cellulite in which body's waste, moisture, and fat are mixed and appears in a specific part of body. It quickly absorbs subcutaneous fat from even thick areas of body like hip, thigh, forearm, abdomen, and etc., so it will help you to get your body in shape. It contains Camitiled that burns fat and Sodium Hyaluronate that has a great moisturizing effect. Also, Capsicum Frutescens Fruit Extract promotes blood circulation, vitalizes energy metabolism, and burns body's fat as well.

How to use: You will feel moist and fresh feeling while applying the gel. But in 3-5 min after application the gel on problem areas you slowly will feel warm, and in 10 min it might be very hot. Providing that, in case if you do procedure after taking a shower or after sauna, you have to control time of leaving the gel on the body.

You may leave gel for 20 min as a mask pack or you may massage it all the time. Another way, you can apply gel on the body, then wrap it and leave for 10 min. If you feel too hot, remove the wrap and then after 10-20 min wipe off the remaining gel or have it absorbed into the body.

## Perfect Line - Cool Scrub Gel

Volume : 500ml

(2nd step)

Cool Scrub Gel gives a strong cooling and refreshing effect and manages elasticity. It is a scrub type gel that without any stickiness moisturizes your skin and even brings pores lifting effect. Massaging this gel daily on your tired skin will help you to overcome fatigue. Removing skin's dead cells the rough skin become smooth and lively. It is an ideal solution for chapped, dull, and nonelastic skin. The problem parts of body such as hip, thigh forearm, and etc., from where it is difficult to get rid of cellulite through exercising, will be weakened and appearance of cellulite will be easily reduced by the effect of gel. The gel will burn deep layer of fat over those parts and restore the appearance of your skin. It is effective in getting 6-pack abs, chiseled chest, and strong forearms.

How to use: You may leave gel for 20 min as a mask pack or you may massage it all the time. Another way, you can apply gel on the body, then wrap it and leave for 10 min.

## Hot Diet Cream

Volume : 300g

(3rd step)

Heating up body the cream destroys cellulite from deep layers and inhibits the further formation of an excessive accumulation of subcutaneous fat. Maintains and improves the elasticity, and moisture and nourishes your skin. Capsicum Annuum improves blood circulation, burns fat, and promotes metabolism. Due to containing various herb components it maintains and improves skin's moisture balance. The problem parts of body such as hip, thigh, forearm, and etc., from where it is difficult to get rid of cellulite through exercising, will be weakened and appearance of cellulite will be easily reduced by the effect of cream.

How to use: Apply cream with smooth massage movements. You can use the cream in place of nourishing and moisturizing cream. You can leave cream as a pack or you can massage it.

Point: For better effect we recommend to use first Hot Scrub Gel (20min), what will give body lifting and soothing effects. Then Cool Scrub Gel (20min), and finish the procedure with Hot Diet Cream, which will moisturize and give effect more on the cellulite.

# DERMAROLLER™

Patent: No. 10-0886492

Certification of Utility Model Registration: No. 20-0422231

Trade Mark Registration: No. 0638563

Dermaroller (DR-A):

Using the principle of Electroporation this item amazingly easy penetrates cosmetic active components such as Collagen, Hyaluronate Acid, Oligo-Nucleotide, Peptide and natural extract ingredients into skin deep tissues without using any needle and inflicting any pain.

Electroporation (EP) without changing the structure and function of biological cell penetrates into skin tissues various kinds of active cosmetic substances by non-chemical method.

CE FDA Certified by US Food & Drug Administration

## PERFORMANCE & EFFECTIVENESS:

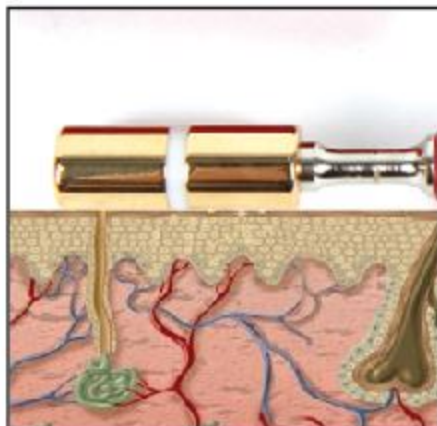

1. Three Modes Intermediate – Frequency EP (Electroporation) treatment gives multifunctional Effectiveness to your skin: Moisturising, Whitening, Anti-Aging
2. NNN™ (No Need Needle) Technology with MP(Mesoporation) – Aging Skin Care Effectiveness without any pain
3. Gold Plated Roller Head – EMS (Electrical Muscle Stimulation) with Lifting-up Massage Effectiveness

### Dermaroller Treatment Mode 3 in 1

Bipolar System Application method: self-treatment method and treatment on others are available.

### NNN™ (No Need Needle) Technology

Optimized 3 mode treatment system appropriate for all skin types. It temporally opens channels in skin tissues, stimulates them, so the cosmetic components easily are absorbed into the skin.

## Dermaroller Treatment Mode 3 in 1

### DERMAROLLER™ EP

Portable item which helps skin to absorb more effectively cosmetic active components into deep skin tissues.

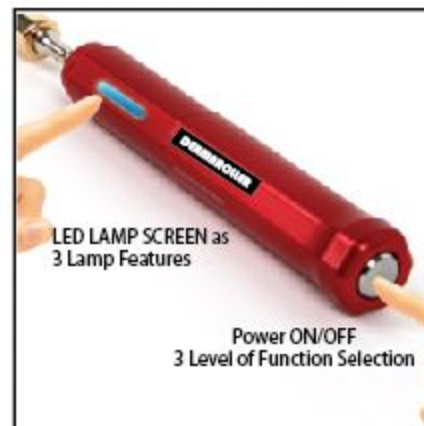

### DERMAROLLER™ MP

No Needle – No pain technology helps to penetrate into skin dermis cosmetic components without any pain and stress.

### DERMAROLLER™ EMS

Contract muscles, making skin tissues vitalized.

### One button for all 3 modes

Only one button control all 3 modes of EP. Compact and smart design, comfortable use and storage of EP.

### Fine Skin & Tissue Treatment Mode

Monopolar System Application method: fine skin and fine lines treatment are available.

# OHL 3 Series Cosmetics Set

OHL Skin Protection & Care Cosmetics Set is specially developed for normal to dry skins. It is composed of Arbutin Whitening Serum, Camellia Multi-Action UV Sun Serum, Derma Cycler Lip Balm. The above products provide moisture, lighten the skin, and protect it from UV.

**Forehead**  
Improves volume of the forehead.

**Asaya Bai (plump under-eye skin)**  
It is possible to make the under-eye skin plumper that makes eyes more attractive and youthful-looking

**Nasolabial Folds**  
Filling deep wrinkles makes you look younger and less menacing.

**Chin**  
Increases volume of a short chin that helps to balance the outline the face.

# Ama Filler Hair

NEW

Volume : 2cc

## Beffi Dew Filler Befull Hair

Hair Filler Composition for Hair Loss Prevention and Hair Growth, and Manufacturing Method thereof

The patent covers the composition and manufacturing method of the hair filler for hair loss prevention and hair growth.

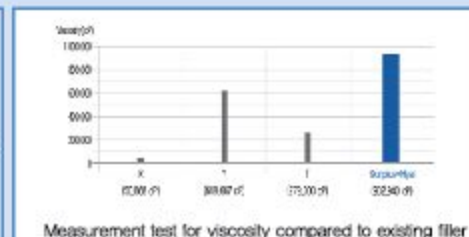

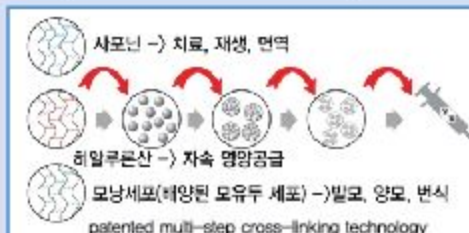

\* owning manufacturing patent

## Characteristics and Core Technology of Hair Filler

Characteristics	Application	As a tissue-compatible biomaterial, it provides continuous nutrition, treatment of natural extract mixture, regeneration and reproduction, and achieves remarkable effects of preventing hair loss and hair growth.
	Characteristics and Core Technology	continuous strengthening with cross-linking technology of grades 3~4 and more
	Difference from competitive products	Microbread (Microgussle) of the highest quality materials makes the existing hyaluronic acid filler more durable

### Maintaining Long-Term Forms

Microgussle Multi-Step Cross-Linking Technology

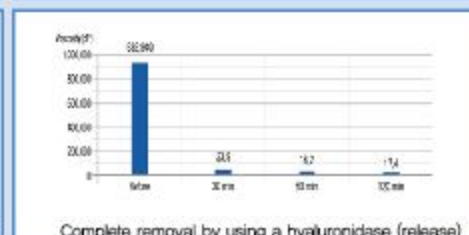

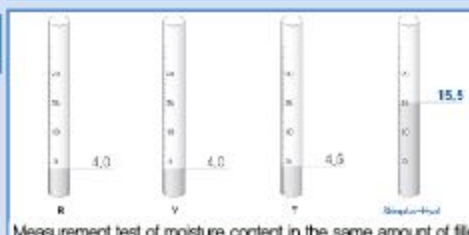

### Preventing spread

Third-party comparisons of viscosity

### Excellent nutrition, moisturizing effect

Water content third-party comparison  
Contribute to mixture treatment, regeneration and reproduction

### Confident stability

complete removal through solvents  
(hyaluronidase)

# ULDERMA II HIFU LIFTING SYSTEM

HIFU lifting system uses new advanced techniques of High—intensity focused ultrasound. HIFU makes it possible to provide non—surgical type of cosmetic wrinkle removal instead of the traditional face lifting operation. The device releases highly concentrated focus of ultrasonic energy and delivers it into the deep layers of skin, what cause thermal coagulation to SMAS (Superficial Muscular Aponeurotic System). High level of heat is condensed in the appropriate location for stimulating skin deep dermal tissue and producing more collagen. Skin tightening and rejuvenation are proceeded gradually with the time.

Transducer Handle

DS-4.5mm

DS-3.0mm

DS-1.5mm

Standard configuration: DS-3.0mm, DS-4.5mm / Optional: DS-1.5mm

## Advantage

1. Uses a non—invasive technique to replace instead of traditional surgical lifting method
2. Tightens loose skin, improves sagging and other aging appearance
3. Uses a special transducers that conduct high intensity focused ultrasound to SMAS layer
4. Generate multiple 65oC—70oC or above of thermal energy to the skin layer' specified target. SMAS achieves solidified and cells and removes them.
5. Noninvasive, no need of postoperative time, no need injection, no surgery, no scars.
6. Suit for both female and male and of every age
7. Equipped with a variety of transducers for different skin levels, which conduct the High intensity focused ultrasound to each layer of the skin.
8. Proprietary high—speed transmission technology can be obtained 0.1 to 0.2S.
9. The sole research stability 4 to 10MHZ broadband output technology can work in a layered skin treatment technology.

Lifting

Tighten

Elasticity

# ULDERMA III OBESITY SYSTEM

Ulderma III applies non-invasive focused ultrasound (Obesity) technology. The transfer energy of Ulderma III can effect on fat cells in subcutaneous layer, and the heat can create a double tissue reaction. Interference thermal cell of subcutaneous adipose tissue (SAT) enhances subcutaneous adipose tissue permeability, stimulates collagen hyperplasia of the subcutaneous tissue layer contraction and proliferation.

The system transform the electric excitation signal by high frequency oscillatory waves into focused ultrasonic. The head fixed position and moving effect on target spot helps to reach the target and dissolve fat. Focused ultrasonic can only be dissolved the specific depth fat, and do not injury the nearby blood vessels, nerves and muscles tissues. The physical thermal damage effect occurs in subcutaneous tissue when the skin received ultrasonic energy and the fat cell and tissue cell membrane breakdown. The system can dissolves fat cells and tightens the skin.

# ULDERMA IV Fractional Laser System

Unlike other CO<sub>2</sub> Lasers which selectively destroy by color, the above machine without distinguishing color of lesion but minutely eliminates any lesion without any choice. Consequently, the machine cures any type of lesion without any distinguishing the type of lesion, where some lesion can be cured by electrocautery only. That is the highest advantage of the machine. The CO<sub>2</sub> Laser produces a beam of infrared light with the principal wavelength bands centering 10.6 micrometers. The above laser beam is selectively absorbed by moisture parts. So, as all body tissues contain moisture, the machine is able to destroy them more exquisitely than any other laser machine. CO<sub>2</sub> Laser machine gives an amazing effect, when it comes to mole, age spot, blemish, freckle, syringoma, benign tumor, wart, wide pores, acne scars, stretch mark, corn, mantis, callus, and etc. 10,600 nm wave is belong to far - infrared radiation that has high adsorption of water and generates heat. It adsorbs to high water content as well as incises, evaporates, and coagulates tissue with water. CO<sub>2</sub> laser can shoot with high accuracy due to low reflection and scattering.

## Characteristics

As a CO<sub>2</sub> Fractional laser, we can supply our clients with the customized design for this machine. also has the effective functions to improve rejuvenation, pores, scar, deep wrinkle like laser scaling.

## Advantages

- ▶ Fine beam quality—Spot size 120~200μm
- ▶ High peak power
- ▶ Power scanner
- ▶ Less pain
- ▶ Dot mode
- ▶ Various scan shape

Wrinkle

Large pore

Skin tone

Rejuvenation

Various scar

Laser scaling

## Accessories

RF Drive  
(Coherent Optional)

Imported Arm

For Facial Treatment

For Surgery Treatment

# AM-101

## Touch screen 10 in 1

AM-101 is 10 in 1 multifunctional beauty machine, which assembling ten functions in a one machine with the latest touching screen technology. It includes Ozone Spray, LED Photon Light, Ultrasonic Skin Scrubber, Red Light Ultrasonic Probe, Scrubber, Vacuum Suction, Nutrition Spray, High Frequency Wands, Magnetic Resonance Thermal Harmer, Galvanic Skin Booster, and Blue Light Cold Hammer. It also can automatically recognize malfunctions to protect apparatus from damage of overheating by long time working.

AM-101 has a whole controlling touching screen, each function has a separate accessory and jack. It makes the machine really cost effective with 10 functions and upgraded design. The machine has wheels for easy relocation. Furthermore, the shelf design is created for easy handling and keeping the accessories.

AM101 is a professional equipment that can improve the luxurious and elegant class of beauty salons.

Blue light cold hammer

Skin scrubber

Vacuum

Magnetic resonance thermal probe

High frequency

Red light ultrasonic probe

Spray bottle

Galvanic skin booster

AM-101 touch screen 10 in 1 multi purpose beauty machine use the latest touchscreen technology. Ten features make it available on one machine.

Ozone spray

high frequency wands

LED light

blue light cold hammer

ultrasonic skin rubber

galvanic skin booster

vaccum sucking acne

magnetic resonance thermal heater hammer

nutrition spray

redlight ultrasonic probe

# Natural Skin Care Lines for different skin types

## Dry skin line

Skin treatment exclusively for dry skin.

## Oily skin line

Skin treatment exclusively for oily skin.

## Sensitive skin line

Skin treatment exclusively for sensitive skin.

## Normal skin line

Skin treatment exclusively for normal skin.

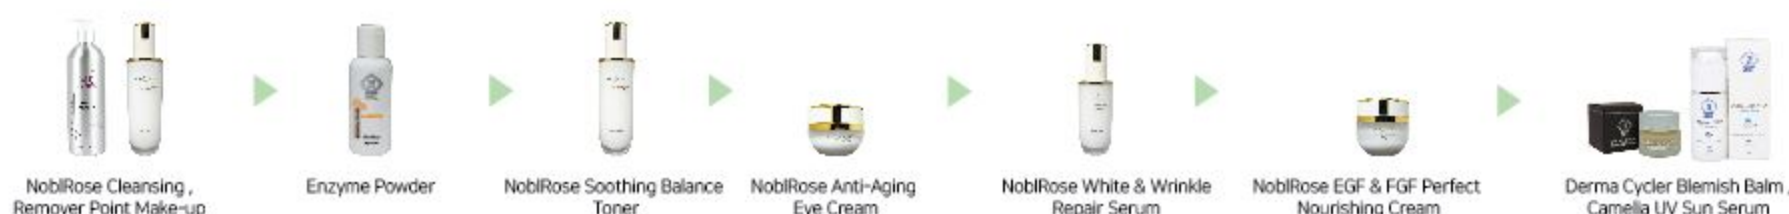

## Acne skin line

Skin treatment exclusively for acne skin.

## NobiRose skin line

Skin treatment exclusively for noblrose skin.

# *Practice test set for Korean National Skin Care Expert Exam*

## *(18 types)*

1. OHL Peeling Active 100ml
2. Enzyme Powder 40g
3. Derma Cyclor Lip Balm 20g
4. Derma Cyclor Eye Cream 20g
5. Cell Renew Cream 300g
6. Radio Frequency Massage Cream 300g
7. Oriental Herbal Oil 100ml
8. HERBAL Soothing Gel 500ml
9. Herbal Skin Toner 1,000ml
10. Seaweed Cleansing 1,000ml
11. Gommage Deep Cleansing Cream 150ml
12. Scrub Deep Cleansing Cream 150ml
13. Point Make - Up Remover 500ml
14. Cell Renew Mask Pack 150ml
15. Oil Control Mask Pack 150ml
16. Revital Lifting Mask Pack 150ml
17. Sensitive Mask Pack 150ml
18. NoblRose Model Mask Pack 150ml

*We have a definite competitive edge against other companies in terms of volume, function and product values.*

*Our products are based on natural and seaweed extracts, thus have exceptional product quality.*
