◊ Sesame oil

● Effects of Sesame oil

Sesame oil holds fabulous nutritional profile. It is full of Lignan, a unique antioxidant material which prevents or delays oxidation, and this helps preventing human aging. Sesame oil is also effective for anti-aging, preventing of hair loss and blood circulation.

170ml / 250ml (bottle)

◊ Raw perilla oil

● Effects raw perilla oil

Omega 3 fatty acid (mostly linolenic acid) consists of more than 60% of the oil.

It lowers the cancer rate and reduces cholesterol level and effective for brain development, blood circulation, skin aesthetic and prevention of anemia.

Together with flax seed oil, it is globally praised as 'super oil'. In Japan, Perilla oil is taken as a nutritional supplement. It improves our body's natural healing power.

Raw perilla oil, unlike general perilla oil, is made without heat so that yielded amounts and the flavor is lessened but is recommended for its nutritional aspects.

170ml / 250ml (bottle)

"Producing Perilla oil,
consumers can trust"

水戸

특징_Strong Point

Low-temperature pressing method

Unlike high-temperature pressing method that is generally used, seeds are pressed in the low temperature so that the oil yields is less than general method but to give you deep flavor and freshness of gold color.

Experiential learning

To make our sesame and perilla to be known we prepared good memory and health food for you so that you can experience with our wellness traditional program together with loved ones and children.
