

This is what we do in one sentence.

G.S.Consult a.s have been operating since 1985 and have enjoyed a positive and interesting development.

Initially, mainly on a consultative basis with marketing of systems, process equipment to the shipping, offshore, petrochemical and refinery industry.

Gradually, this activity has been replaced by operating as **Agent / Distributor** for Internationally well known equipment manufacturers of capital goods, consumables and spare parts towards the new developments as well as existing installations.

Our involvement with contractors and shipping companies are targeted towards the different types of platforms/FPSO's and cargo vessels.

Member of **TRACE** International
