GÜTH & WOLF

B A N D - U N D G U R T W E B E R E I E N

The warp beam

Fully automated weaving machines

Modern weaving in detail

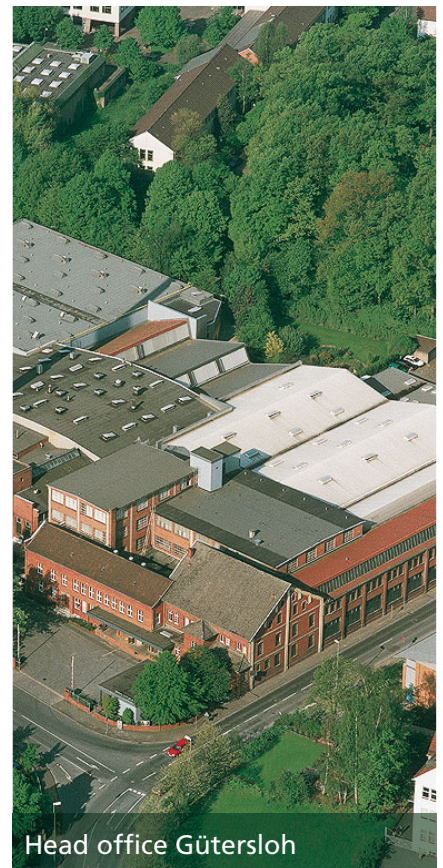

Making-up department

A composition of creativeness and modern weaving engineering

Curtain tapes made by Güth & Wolf improve the appearance of curtains in many ways and underline special effects. The curtains can be shaped and styled as you like – practically, at the latest fashion or according to your individual taste. But function and design is not everything, we carefully select the right material and make sure that the tapes are consumer-friendly. These aspects must be well-considered as only the best solution will be good enough to meet the market demands. You can rely on our long-standing experience, creativeness and flexibility – Güth & Wolf is your competent partner.
